St. Marys Area School District Bus Information and Schedule - 1976-77

The St. Marys Area School District operates on a contracted transportation system. Presently the District utilizes 10 contractors with a total of 35 buses, 4 wans and 5 cars for a total of 44 wehicles. Total number of students projected for transportation this year, including both private and public is in excess of 4,000 covering a total of 2,436 miles at a cost of \$1900.00 per day.

Presently by State Policy concerning reimbursement for transportation to a School District is based on 2 miles for Secondary students and 1 1/2 miles for Elementary (grades 1 thru 5) students. The St. Marys School Board Policy to 1 1/2 miles for Secondary and 1 mile for Elementary. School authorities have been informed that all buses have been inspected and approved by the State Police in the month of August, 1976. The first Bus Evacuation Drill will be held on Friday, September 10,

at the various schools in the District.

In order to facilitate and have our transportation system operating close to a 100% efficiency, it is recommended that the students who have not changed schools or home addresses board the same buses they did at the close of school in June, 1976.

The times listed for Specific Stops and Drop Off Areas are presently based on last year's information, these may be slightly adjusted to the new schedule sometime during the weeks of September 13 and 20.

It is also recommended by both the school authorities and the bus contractors that students be at specified stops at least 5 minutes prior to scheduled time, be aware of stop areas, follow proper boarding procedures and obey all rules and regulations concerning riding in a bus. This information will be presented to students in detail by the building principals within the first week of school.

Below is listed the tentative Bus Schedule for the St. Marys Area School District for the 1976-77 school year:

ST. MARYS/BENZINGER AREA

Bus #30 - Contractor E.D. Reitz Transportation Company General Area - So. Michael Rd, from end of Johnsons Store past Airport Run #1 - Secondary - 1st Pick-up - 7:12 A.M.

The following excerpts are taken from the Elk County Railroad and Mining Gazette published by G. C. Brandon in St. Marys, approximately 100 years ago today.

AUGUST 31, 1876

ABOUT 100 YEARS AGO

A large concourse of people gathered at the train on Monday to bid farewell to Rev. Father Edward. He was tendered a complimentary serenade by the band. The Rev. Father felt fully as bad as did his flock. A kind "God Bless You" fell from his lips as a parting saluation to everyone. And as the train moved off, bearing with it their beloved pastor many a tear dimmed the eye of strong men while the weaker sex freely gave way to their feelings and turned their steps homeward with their cheeks bedewed.

Father Alexander ---- This venerable and good old man is now visiting his old friends in St. Marys after an absence of 29 years. Children that were living here in his day have grown to be sturdy men and stately matrons, and of the men and women whom he encouraged in their struggles, few remained to welcome him, for a great majority of them have passed from this wicked world into that sphere where it is to be hoped that their souls are at peace. The few old citizens left joined hands with their offspring in welcoming their benefactor. We understand he has consented to prolong his stay among us until next week, and will officiate in the old church at high mass on Sunday next. It is only necessary to make this announcement to cram the sacred edifice full of people.

The following is a letter read in the Elk County Democratic Convention held in Ridgway on August 29:

Caledonia, Pa., August 25, 1876

Mr. Wimmer ---- Dear Sir: ---- I am sorry to say Wm. Thomas and myself were beaten and very dishonestly too. Avery and Woodward were the very men that defeated us. Woodward controls a certain class of natives here, and he worked all day, and stood by the polls until closed; and Avery, being committeeman, called the house to order and nominated an Early man for president. Then he presented about a dozen Republicans, and the president allowed them to vote. In fact, he allowed anything and everything to vote, if they voted for Early delegates. In one case he allowed an Irishman to vote, that has not been three years in America, nor never declared his intentions to become a citizen; but a Wimmer man could not vote unless properly entolled and having his papers; and, after all their rascality, they only beat us six votes; and if the election had been conducted honestly, they would not made a shadow. The Batemans worked their best against you. So did the Spanglers. C. L. Avery and Frank Spangler were elected by fraud, and, in my opinion, have no right to serve.

Yours, & c., E. H. Dixon.

Civilian Health and Medical

Program of the Veterans

Administration (CHAMPVA)

Instant People A: J Here

From the Elk Democrat ---- We understand that the sawmill of J. S. Hyde, near his residence on Toby, was fired on Friday night by some fiend in human shape ---- Fortunately the fire was discovered and extinguished before much damage was done. The conviction grows upon us that order and law will not reign supreme in Toby Valley until some of the offenders are hung to the nearest tree.

To the Citizens of Fox Township ---- A system of text books in our school are in a deplorable condition. Something should be done immediately to remedy the defect. The School Directors of Fox will meet for this and other purposes on Saturday September 9. We extend, therefore, an earnest invitation to all the citizens and teachers of Fox to meet us at the Centreville schoolhouse at 2 o'clock p. m. on that day to deliberate on that important question. "Regulation and uniformity of text books in our schools." The county superintendent George R. Dixon promised to be present at this meeting. The directors are requested to meet at nine o'clock a. m. for the purpose of settling some special business before the general meeting convenes. H. Straessley, President Fox School Board.

Meany Claims Only Carter Can Provide Leadership For U.S.

Organized Labor Wants Republicans **Out Of White House**

By ROBERT A. DOBKIN AP Labor Writer

WASHINGTON (AP) Be. ginning organized labor's drive to turn the Republicans out of White House, AFL-CIO President George Meany today cans for back-to-back recesasserted that only Jimmy Carter can provide the leadership confidence in government. to get America back to work. brought AFL-CIO rule Meany leaders together to outline political strategy for the fall campaign and hear from Carter. He delivered a stinging attack against President Ford and said organized labor "is going dent in history - have left this to do all we can" to help elect the Democratic ticket in November

"We've had enough of government by veto, by stalemate, by inaction, by deceit and by pardon - a government that just drifts along, with no leadership, no firm policy, foreign or domestic," he said in a speech prepared for the AFL-CIO general board.

Carter and his vice presidential running mate, Sen. Walter F. Mondale "can and will lead this country with firm resolve, vision, compassion." Meany said. "America needs them. We need them and we are going to help them in every way we can

A Meany aide said the speech should remove any lingering doubts about Meany's enthusiasm for the former Georgia governor. Although the AFL-CIO gave the Carter-Mondale ticket its endorsement last month after the Democratic convention, there was some question over whether organized labor's efforts would go much beyond its official statement of support.

But in recent days Meany has written all AFL-CIO state federations urging them to set up Fort Knox, political committees with the United Auto Workers and other independent unions. This will enable them to concentrate Eckelberger, the Arny their resources, especially manpower, behind the Democratic ticket and congressional candidates.

The AFL-CIO chief also has made each of his 33 vice presidents responsible for a region at 776-1602 of the country and has formed

HELEN AND SUE BOTTEL[®] Generation Rap

a steering committee to meet every two weeks to watch political operations.

Meany warned the federation's general board, made up of the presidents of all AFL-CIO unions, not to be misled by polls which put Carter ahead. 'This election is not in the bag," he said.

Meany blamed the Republiwas arrested at his home without incident. sions and for destroying public released by state police. Hanna The 71/2 years of Nixon-Ford

PUNXSUTAWNEY- Paula Pearce, 4, daughter of Mr. and Mrs. John Pearce, Rossiter, is safe at home following her adventure Sunday that involved firemen, police, friends, neighbors, relatives and others. The little girl was lost for two hours and 45 minutes in a heavily

wooded area behind her home. When found she was cold, scared, had scratches on her legs, but otherwise uninjured. She was checked over by members of the Punxsutawney Ambulance Service who stood by during the serach.

Punxsutawney State Police with A member of the Rossiter Fire aggravated assault with a Company, unidentified, was injured when he fell down a high endangering another person. He wall while searching for the lost girl. He was taken to Adrian Hsopital for treatment

GETS RATE OPTION

KANE- The Pennsylvania Public Utility Commission has given the Kane Gas Light & Heating Co. the option of trimming its proposed annual rate increase by 24 per cent or having the entire amount suspended in lieu of hearings.

Kane Gas has requested a \$47,900 annual rate rate increase, to take effect Wednesday. The hike amounts to a 96 cents per month increase in average residential bills

the utility's proposal too high by \$11,600, and that Kane Gas may put a \$36,300 increase into effect

customers in Kane and Mt. Jewett

FOUND GUILTY

CLEARFIELD- Donald Detrie. 34, of Rossiter, was found guilty on six charges stemming from the April 25 breakout of the Clearfield County Jail and the ensuing chase and capture.

Kenneth Lantzy, 30, of Indiana, who accompanied Detrie, had already pleaded guilty and is currently serving a prison term of from five to ten years.

Friday in Clarion County Court, the jury deliberated for one hour and ten minutes before finding Detrie guilty of attempted homocide, recklessly endangering another person, crimes committed with a firearm, carrying a firearm without a license, theft and violation of a law that prohibits convicts to carry firearms. Now both Detrie and Lantzy

must appear in Venago County on charges of kidnapping. Sentencing from the Clarion

County trial will be at a later date

BURGLAR SURRENDERS

REYNOLDSVILLE-Crescent man, formerly of Reynoldsville, is in Jefferson County Jail charged with burglary and criminal trespass while borough police are looking for his accomplice.

Don't Keep V.D. on the Q.T.

RAP:

I dated this 21-year-old guy for about six months. He wanted me to fool around, but I said not until I'm 17. Then when I was finally ready and willing, Mark and I broke up before we did it. landfill.

Four months later, he got VD and told the doctor I gave it to him! I think this was because he'd been seeing a 13-year-old girl and figured he'd get in trouble with police if he told. (They call her Dirty Dora, for good reason.)

After much embarrassment - being called to the clinic, examined, etc. - I proved I wasn't "guilty."

I didn't mention the other girl as I don't want to cause trouble for Mark. But he didn't think of my feelings when he lied about ME. Actually, I want him back. Should I forgive him and try to start something up again? - N.G.L.

N.G.L.:

Do you really think Mark is worth wanting back? What you've described here is a sneaky "Lolita-chaser," a man so dumb he can't even work up a convincing lie.

How could you ever trust a guy who gets you in trouble to get himself out of it? - SUE * * *

A WORD FROM HELEN: Whether you cause trouble for Mark or not, tell the clinic about the 13-year-old carrier! If she is as promiscuous as you say, she could start a neighborhood epidemic, not to speak of permanently endangering her own health.

P.S. V.D. Clinics aren't police informers on "minor" problems such as Mark's. It's another sign of stupidity that he doesn't know this. * * *

DEAR HELEN AND SUE:

This letter is to "One of the New Minority," who resents a Miss Black America contest since "the big one is for all races." Minorities never have and never will stand a chance in the so-called Miss America Pageant, so it's actually "Miss White America." Just as the judges in the Miss Black America contest are majority black, so too the Miss America judges are predominently white.

Also, if a white has been looking for a job and is - surprisingly the last to be chosen because he is white, well, he's only had a small taste of what blacks suffered more than 200 years. - A STUDENT FROM THE OLD MINORITY

RAP

I'm almost 15 and will soon be dating. I don't think my mother should meet the guy that takes me out, the first time I go with him. Sure, after we get dating regularly, I'll introduce them but not right away. - DISGUSTED

DIS:

Maybe I'm too terribly traditional, but when a fellow takes a girl on a date, I assume it starts at her house. What's more natural than a casual introduction to her parents? She'd be pretty rude if she ignored them. - HELEN

NOTE FROM SUE: If, by "dating" you mean pairing off with one guy while you're with the crowd, or meeting him at a school dance or party, then parents shouldn't get premature about introductions. But if it's a real date, your mother has the right to meet him, and you shouldn't feel embarrassed about it nor should he.

(GOT A PROBLEM? Or a subject for discussion, two-generation style? Direct your questions to either Sue or Helen Bottel—or both, if you want a combination mother-daughter answer—in care of this newspaper.)

Education System To Have Many Faces This Year In Pennsylvania

By LARRY MARGASAK Associated Press Writer HARRISBURG (AP) - Pennsylvania education will have many faces this school year. Philadelphia will inaugurate its "back to basics" movement, which offers heavy doses of reading, writing, arithmetic,

homework and discipline codes. Lancaster will expand education programs in the community, taking special aim at potential dropouts who are bored with routine classwork. It also will be a year when: A controversial test that ex-

amines students' attitudes as well as still becomes voluntary for a year, giving state officials a chance to test its popularity. -Virtually all classes, including gym, will be coed and

girls will have more opportunities to participate in sports. School buildings will continue to be closed because of age or budget problems, while build-

ings previously closed will reopen as offices, community centers and, in one case, a medical facility. There will, of course, be the ued.

small spices added by individual districts to make education a little more interesting. The Centennial School District in Bucks County is starting a 10-watt community-supported radio station. Students will operate the non commercial FM facility, trying to bring the suburban community news not carried on the large Philadelphia stations nearby. And next May, the public will

motion picture filmed this summer by Upper Moreland, Montgomery County, students. "Notwithstanding budget problems, which are severe,

there's some pretty good thinking going on in the schools,' said Education Secretary John C. Pittenger. "There's an understanding we didn't have 10 years ago, a realization that

schools are not factories. 'Maybe in a factory you can have management tell a foreman who tells a lathe operator

what to do. It doesn't work in education because activity central to education is not tromp-ing on a treadle. If somebody goes on a treadle every 40 seconds, you can say do it every 30 seconds.

"In school it takes the willing and imaginative cooperation of the teacher. You're dealing with human beings, not nuts and bolts."

Philadelphia feels some hu man beings learn better in a structured program, and that's why the "back to basics' movement was started.

Many parents agreed, and

Knotty Pine Room tomorrow from 6:30 to 7:30 p.m.

QUESTION: Who was John Philip Sousa?

ANSWER: Through his accomplishments as a great composer and band leader. John Phillip Sousa earned his nickname "March King." Born in Washington, D.C., in 1854, Sousa at an early age displayed a natural talent for music and studied violin, band instruments and music theory. At 13, he played in the U.S. Marine Corps Band. Five years later, he conducted theater orchestras and began composing his own pieces. His reputation grew and earned him the post of bandmaster of the Marine Band. His leadership raised the band to a high position as a concert and marching band. Completing this commission in 1892, Sousa formed his own group, the Sousa Band, which became one of the world's most celebrated musical organizations. Sousa toured abroad and at home with his band until shortly before his death in 1932.

Sousa's marches such as "The Stars and Stripes Forever," "The Washington Post," and "Semper Fidelis" are characterized by stirring melodies, brilliant rhythmic effects and exciting instrumentation. Nearly regarded as folk music, his marches are said by many to have yet to

Page 10 Peacock Won City League Title From Brothers' In Two Straight

W. & H. Wound **Up In Third**

Cotters Came In Fourth

The Peacock Lounge softball team won two straight games from the Brothers' Inn squad on Sunday to capture the St. Marys Softballl League crown. The Peacock filed the plans of the Inn of capturing their fourth consecutive championship.

Championship Series

In the first game in the best of three series the Peacock waisted no time as they jumped on the Inn for four runs in the first inning. two in the third, and four more in the top of the fifth. Brothers' scored one in their half of the fifth inning to make the score 10-1. Peacock scored six in the sixth four in the seventh and two in the ninth, while holding the Inn to four runs over those same innings. The final score was 22-5 in favor of Peacock.

Denny Iorfida and Mark Mosier with five hits and Jim Swanson with four hits led the Peacock in the game. For Brothers' Bob Bauer had three hits and Gary Eckert two. Iorfida and Paul Powers homered for the winners while Frank Steinbach homered for the losers.

The second game started off the same as the first with Peacock getting five runs in the first inning. However in the second, third and fourth innings Brothers' outscored Peacock 4-3, 1-0 and 4-0 to take a 9-8 lead. In the bottom of the fifth the Peacock tied the game at nine and went ahead by one in the bottom of the sixth. Both teams scored a total of four runs in the seventh and eighth innings. The Peacock held the Inn scoreless in the top of the ninth to take the second game by a score of 14-13. Ed Longhi, Denny Iorfida and Jim Swanson led Peacock with three hits each. Dauer Stackpole had four hits, while Tom Fleming, Pat Fannin and Jim Metrovich each had three hits for Brothers' Inn. Paul Powers and Jim Swasnosn hit homers for the winners and Tom Fleming and Jim Metrovich each homered for the losers

Consolation Game In the game for third place W. & H. downed the Cotters squad by a score of 20-16. No scoresheet was handed in for this contest. Semi Finals

In the first series between the two American League division winners held on Saturday Peacock took to straight from W &H. squad. No scoresheets were turned in for this series.

Minnesota Player Is Master Of Art

By ALEX SACHARE AP Sports Writer

"Stealing home is just a gamble you take," says Minnesota's Rod Carew, a master of that lost baserunning art. "Sometimes you make it, sometimes you don't." It's less of a gamble if you

know what you're doing, however, and Carew has proven he knows. He swiped home for the 15th time in his career in the first inning Monday night to start the Twins on their way to a 10-3 victory over the Mil-

waukee Brewers. The first thing you do is study the opposing pitcher, in this case Milwaukee starter

Jerry Augustine. "I was going to go one pitch before," Carew said. "I timed the guy's windup and he was taking too much time.'

Then you look for a little help from your friends . . particularly the batter, Butch Wyne-

gar "Butch helped me out by leaning out there and blocking the catcher's view," said Carew. "He must have seen me coming.

Then you go. It's a gamble. but if you know what you're doing you can shake up a pitcher. Carew made it, and Augustine did not last through the second inning. Elsewhere in the American League, the California Angels edged the Detroit Tigers 2-1, the Boston Red Sox bombed the Texas Rangers 11-3, the Baltimore Orioles edged the Kansas City Royals 3-2 and the New York Yankees defeated the Oakland A's 5-2. In the National League, the

St. Louis Cardinals beat the Cincinnati Reds 7-1 and the Houston Astros defeated the Philadelphia Phillies 3-1. "He makes you sweat up there," Brewers Manager Alex Grammas said of the 31-yearlore, old Carew, who is batting .326

319 with 43 stolen bases. "He's a tough out, especially when they count. Tom Burgmeier relieved Twins starter Pete Redfern

with one out in the first inning and stopped the Brewers on just one run and three hits the rest of the way. Carew had two hits, scored two runs and drove in two more to lead the Twins' NY, 156 10-run. 16-hit assault.

The Daily Press, St. Marys, Pa., Tuesday, August 31, 1976 **Larson Pitched Five-Hitter To Beat Phillies By Score Of 3-1**

Astro Hurler Is **Carving A Niche**

By MICHAEL A. LUTZ **AP Sports Writer**

HOUSTON (AP) - Houston Astros rookie pitcher Dan Larson is Manager Bill Virdon's "Philadelphia Connection." Virdon would like to plug him in each time the Astros play the Phils.

Larson, who didn't get a chance to show his talent in a short spring training, is carving a niche for himself on the Astros pitching staff just by beating the Phillies, including Monday night's 3-1 victory in which Larson threw a five-hitter.

The Astros are 2-8 against the Phillies this season and Larson owns both pitching victories. 'It has to build your con-

fidence when you beat a good team like the Phillies." Larson said after narrowly missing a shutout. "It was harder this time because I had more runs to work with last time."

Larson, 4-5 in his first major league season, allowed five hits, got three hits and drove in four runs in an 8-3 victory over the Phils last week. Monday night he got a single and double and went the distance for the

Astros' fourth straight complete game and their sixth victory in seven outings. The Astros took a 1-0 lead in the third inning when second baseman Jerry Davannon singled. was sacrificed to second, took third on Larson's single

> The bottom content of a lake is directly related to its bottom configuration. It refers to the makeup of the entire bottom of the lake. Water chemistry falls into three Soft, containing

basic categories: Soft, containing few minerals; Medium, containing some minerals; and Hard, containing many minerals. The amount of minerals picked up by the water to a large extent determines its "fer-tility", the amount of oxygen and, generally, the overall clarity. Rich water, even when clear, produces weed growth and a quantity of fish

An old angling axion says: "If you can't find fish, you can't catch them, even with dynamite." The location of fish can be a very vexing problem for the novice angler.

Tips

The key to understanding fish movements and LOCATION PAT-TERNS is the knowledge that fish adjust their location according to their "need factors." These are the result of the fish's inbred BASIC NATURE. Each species is different and displays its own unique movement habits.

Al

Cindners

Fish movements can be daily or easonal. Seasonal movements, or migrations, often mean major shifts in fish LOCATION. Nearly always they relate to the spawning period, to seasonal changes in water temperature, and to seasonal movements of food fish. While these large-scale fish movements take on a yearly pattern that often can be predicted, the exact timing of these movements depends on the general climatic conditions.

Daily fish movements, however, are not as drastic as seasonal movements. After spawning is completed, usually two need factors are of any consequence...FOOD and COMFORT. The fishs' adjustment to these factors depends a lot on the availability of preferred or acceptable food, together with preferred or acceptable cover or bottom conditions-things we IN' FISHER-MEN call STRUCTURE.

A LOCATION PATTERN is the "where," "why's," and "how's" of a fish's immediate response to his watery environment. This environ-ment can be divided into three broad categories: STRUCTURAL CONDITION, SOCIAL CONDI-TION, and REACTION FEA-TURES, of which the STRUC-TURAL CONDITION, we have found, plays the most important

The STRUCTURAL CONDI-TION, an IN' FISHERMAN definition, involves five elements: bottom configuration, bottom content, water characteristics, vegetation types, and water exchange rate... The bottom configuration means how the lake or body of water is

aped. This includes all weedbeds breaks, bars, rockpiles, ledges, etc.

sherman weed growth and a quantity of fish life. Soft-water lakes are usually characterized by stark, rocky shorelines and sparse patches of Although vegetation types could be included in our bottom content category, we usually separate it because of the great impact weed growth and types have on the LOCATION PATTERN of fish, their prey, and their total environ-ment...Certain weeds are related to certain depths and bottom conditions. Also, certain species of lish are attented to certain species of fish are attracted to certain week

types, while some weeds "choke out" gamefish. One extremely important concept that I stress in many Fishing Seminars is that the EDGE OF THE WEED LINE, in natural lakes, in the summer months, acts as a road map for fish. months, acts as a road map for fish. The point and pockets of weed patches, the density or sparcity and combinations of types of weeds all have bearing on the structural conditions and, of course, the LOCATION PATTERN.

A thing we call the rate of water exchange is a complex subject and is a factor not only in the rivers, impoundments, and inlet-outlet lakes, but also in seepage lakes as well. The influence of tremendous amounts of water coming into or leaving: a body of water has a great effect on the LOCATION PAT-TERN, especially if the influence is "quick." In rivers and impound-ments the effects are quite obvious, while in generate leave the effect while in seepage lakes the effects are quite subtle. In order to learn more about the

fantastic work that is being accomplished in the study of the sport of fishing, the IN' FISHER-MAN SOCIETY has prepared a special FULL-COLOR pamphlet for YOU that is chock full of maps, charts drawings and photos that charts, drawings, and photos that show how the experts go about unraveling the mysteries of fishing. To receive it (and it's absolutely FREE)

simply send a \$.13 STAMPED SELF-ADDRESSED ENVELOPE TO:

Unseasonably **Cool Temperatures** This Morning

Both widely scattered showers and clear skies were pre-

dicted for the nation today. Scattered showers and thundershowers were expected through the Great Plains, Texas, the lower Mississippi Valley and the eastern Gulf Coast region and into Georgia and Florida. The National Weather Service predicted fair to sunny skies for most of the

rest of the nation. Clear skies and unseasonably cool temperatures were reported this morning from the Ohio Valley region through the mid and northern Atlantic Coast states. Temperatures dipped into the mid and upper 30s in portions of the northern and central Appalachians and into the 40s and 50s over the re-

international championships.

The Diplomats were the second largest corps to compete fielding 40 horns, 19 flutters, 23 in the drum line 4 in the A-guard and 4 drum majors. The corps put on a stunning show coming off the line "Time Being". Their production number of "Gospel John" was well liked by the

scuffling. Cliff Mezo, the editor local 1010's newspaper in Sadlowski's district, was punched while trying to take photos of delegates. Mezo, who was wearing a jacket with a Sadlowski promotion on the back, said three men threw his camera down and struck him. He suffered a cut on his left cheek. Abel said he deplored the incident. He also spent a good portion of his opening remarks criticizing dissidents whom he

said are bent on destroying the USW They like a healthy treasury some like your political power and would love to use it

to pursue their own little ad ventures. In short, they want to take over," he said.

Sadlowski criticized Abel for making inferences and not specifically naming the so-called dissidents. "He has the obligation to tell the delegates just who the hell these people are that are causing this disruption.

Your friends at Loblaws believe it's time we told you again how much we appreciate your continuing friendliness, and your loyalty to our stores, our merchandising policies Over the years, you have made Loblaws a part of the life of this community, almost

like the firehouse and the school yard. Solid neighborhood fixtures. To us that's very pleasing. And since we believe loyalty should work both ways, we'd like you to be the Our thirty-two Loblaw Supermarkets in the Erie area, northwestern Pennsylvania and

southwestern New York have been grouped into their own autonomous operation, independent of Loblaw stores located elsewhere in the U.S. and Canada. This means we are free to make many more decisions locally--decisions which will serve our present customers even better and attract many new ones.

You shouldn't exactly look for a brand new image; we're fairly proud of the old one. But there will be noticeable changes in the things we do and the way we do them. They are all intended to be improvements over present methods. We certainly hope

Loblaws loves it here. We know that in order to stay and serve, we have to do things better all the time. And that's our intention. Thanks again, neighbors.
