Allegheny Metal Pilasters, Window Trim, Sunburst
Finials and Crowning Dome,—5th Ave. Elevation.
Photo by Browning.

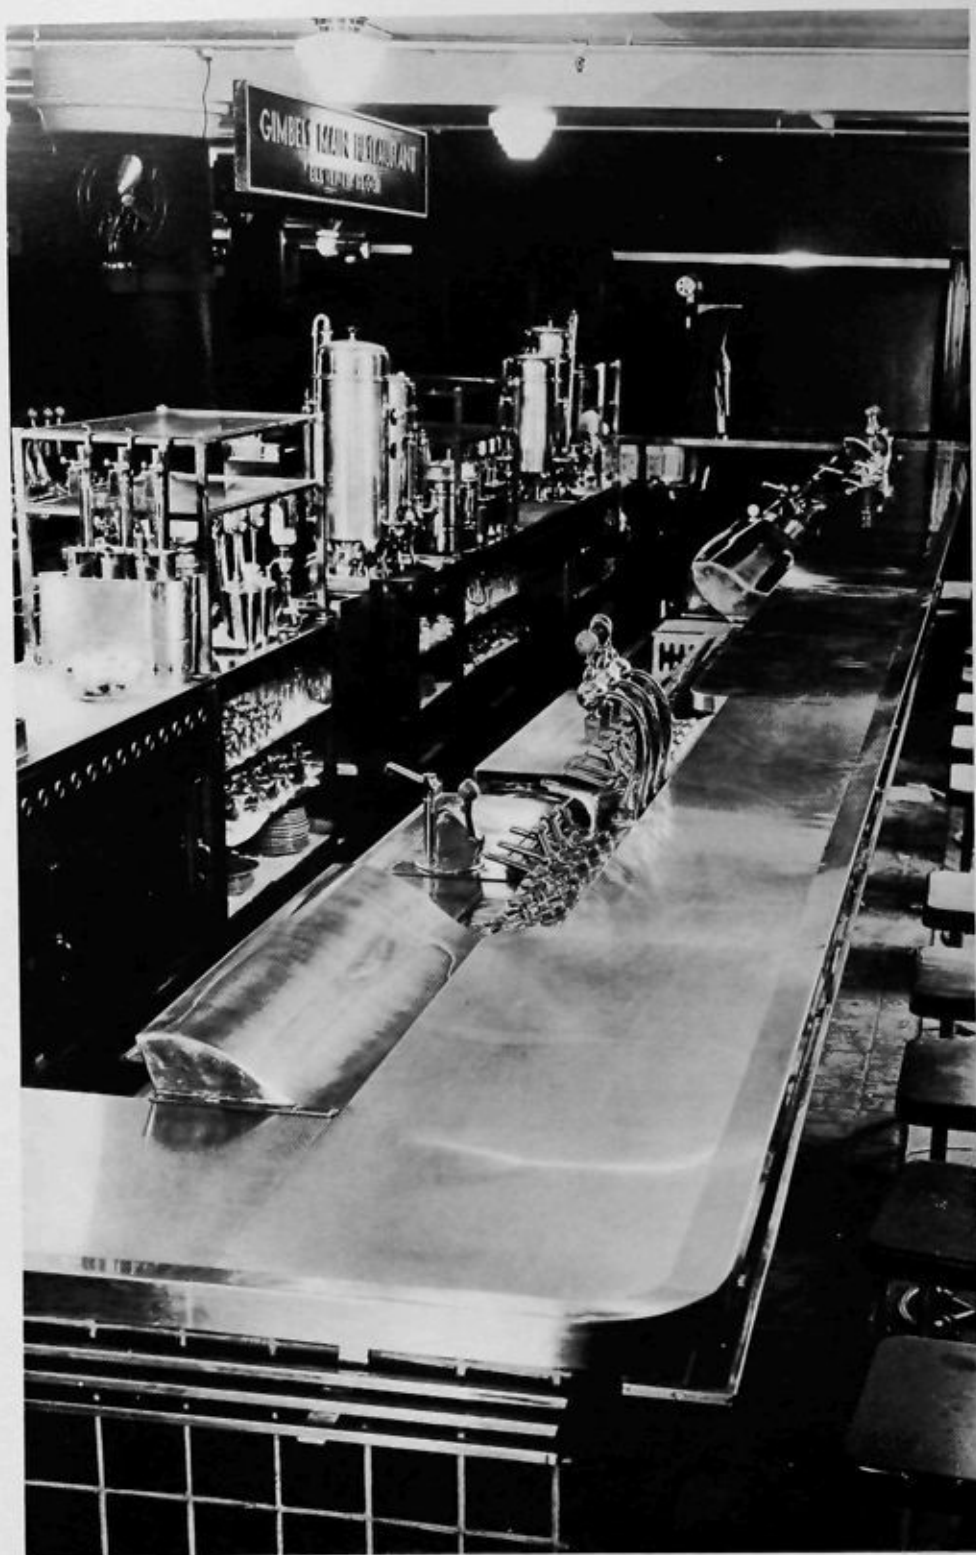

See Page 18

The background of the entire page is an abstract composition of various shades of gray, featuring large, irregular, angular shapes that resemble stylized mountains or architectural forms. A central rectangular area is defined by a thick black border, containing the main text. In the top right corner, there is a faint, light-colored stamp that reads "DE27 85". At the bottom of the page, another faint stamp is visible, which reads "CARNEGIE LIBRARY OF PITTSBURGH" and "TECHNOLOGY DEPARTMENT".

ALLEGHENY METAL

gives to the modern soda fountain a new beauty and a new degree of permanence . . . providing lustrous, silvery surfaces that sparkle, reflect and shine as new equipment throughout years of hard service . . . a wonder metal that is unrusting, unstaining and untarnishing . . . a satin-smooth metal that has no plating to peel off nor coating to chip or crack . . . the perfected product of modern metallurgy that stays bright without polishing . . . a metal with a surface as smooth and easy to clean as a drinking glass.

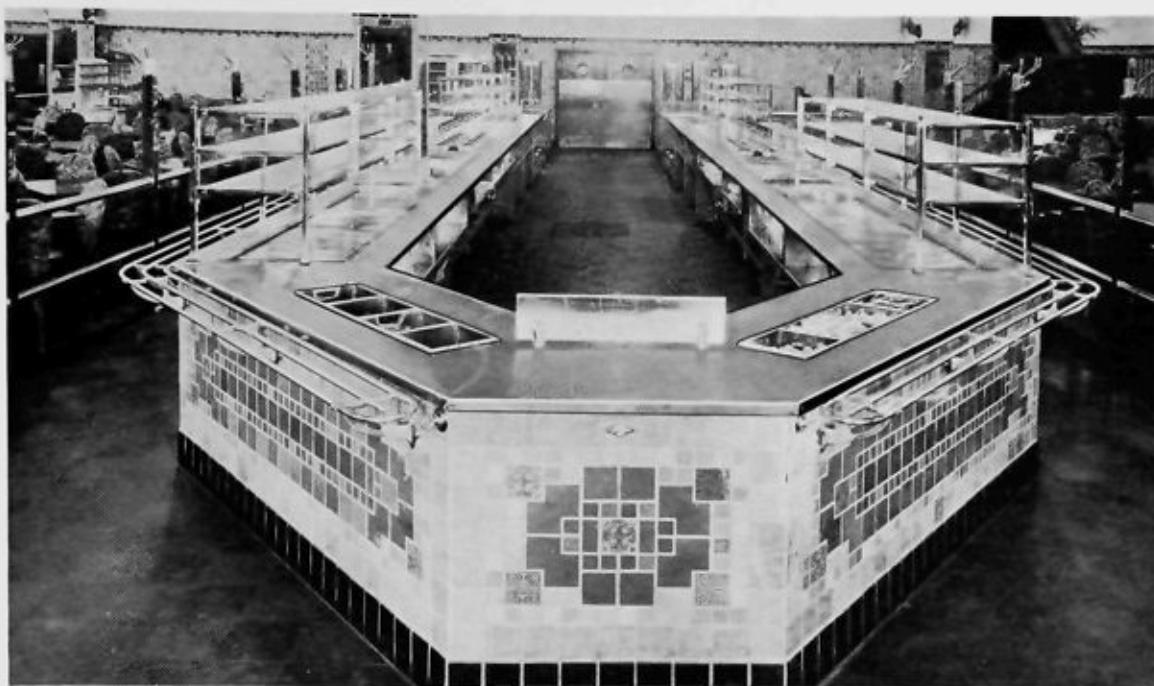

The following pages indicate just a few of the many hundreds of applications for this remarkable metal.

ALLEGHENY METAL SODA FOUNTAIN
Gimbel's, New York

Modern soda fountains and restaurants must use equipment that appeals to the public eye because of its beauty of surface, its clean, sanitary appearance and its ability to withstand corrosion from steam, water, food and fruit acids.

That is why Allegheny Metal is being so universally used . . . its satin-smooth surface is always shining and bright . . . it is easy to clean and keep clean . . . it is unstaining, untarnishing and unrusting.

ALLEGHENY METAL SERVICE COUNTER AND TRIM
G. C. Murphy Co. Store, Pittsburgh

ALLEGHENY METAL SERVICE COUNTER (Back View)
G. C. Murphy Co. Store, Pittsburgh

Smooth as glass . . . lustrous as silver . . . everlasting as granite . . . Allegheny Metal is the wonder metal of modern metallurgy. It is not a plated metal and therefore has no thin surface to wear off . . . its polished beauty of surface goes through and through . . . only soap and water is required to retain its original lustre.

ALLEGHENY METAL FOUNTAIN EQUIPMENT

Langford's Soda Fountain, Minneapolis

These bright, gleaming counters and equipment of Allegheny Metal are kept mirror bright with just soap and water . . . no scouring powders of any kind are necessary.

ALLEGHENY METAL COFFEE URNS

ALLEGHENY METAL EQUIPMENT
Montgomery, Ward & Co. Cafeteria, Chicago, Ill.

For food handling equipment of all kinds Allegheny Metal is unequalled. Its unusual eye-appeal,—its perfect corrosion-resistance to water, steam, food and fruit acids makes it an ideal metal for not only food handling and counter equipment but for decorative trim as well. Today you see this bright, shining metal in the finest and most modern restaurants, soda fountains and hotels,—it is setting new standards of cleanliness, sanitation and favorable impression.

ALLEGHENY METAL DOORS AND TRIM

Meat Refrigerator, H. J. Heinz Co., Pittsburgh

(See page twelve for Allegheny Metal Kitchen Equipment)

ALLEGHENY METAL CABINET

De Paul Hospital, St. Louis, Mo.

(On page thirteen appears a picture of the Allegheny Metal Kitchen Equipment in this Hospital)

Allegheny Metal,—because it permanently retains its gleaming beauty,—eliminates costly plating, cleans easily and is twice as strong as soft steel.

Allegheny Metal contains
No Aluminum
No Copper
No Tin
No Zinc
No Lead
The Safe Metal

ALLEGHENY METAL REFRIGERATOR

R. H. Macy & Co., New York

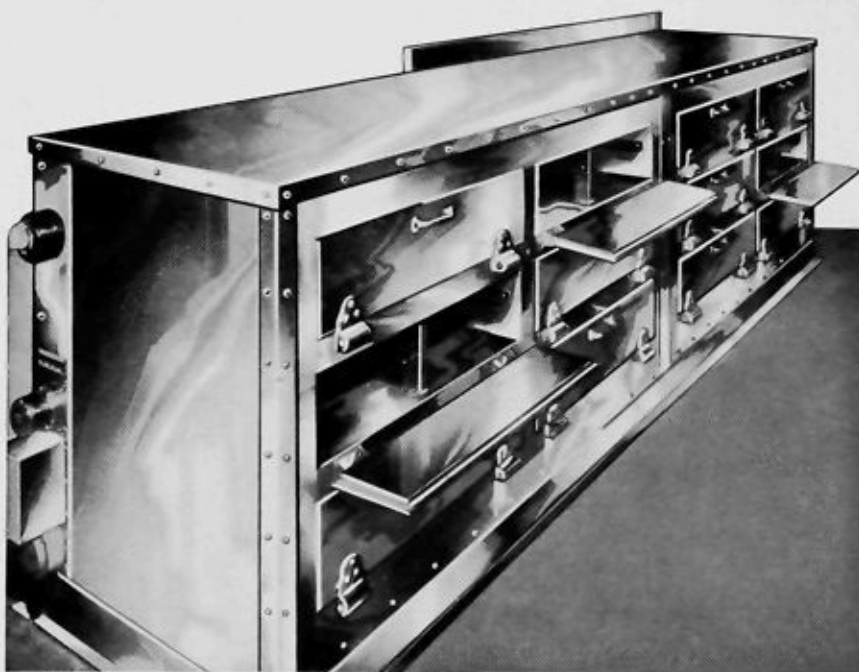

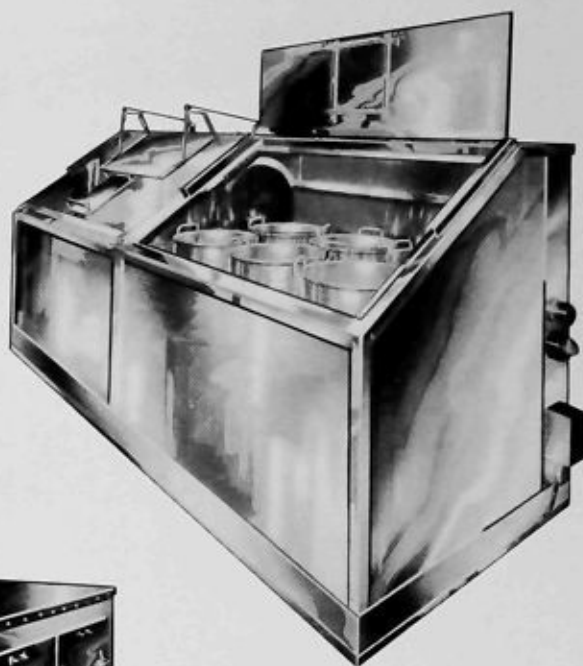

A black and white photograph of a long, narrow pharmacy counter. The counter is cluttered with various bottles, containers, and a large bowl of fruit. Shelves filled with more bottles line the walls on both sides. A sign above the counter reads "DRUGS".

See List of Allegheny Metal Installations on Pages 18, 19 and 20.

ALLEGHENY METAL HOSPITAL KITCHEN EQUIPMENT

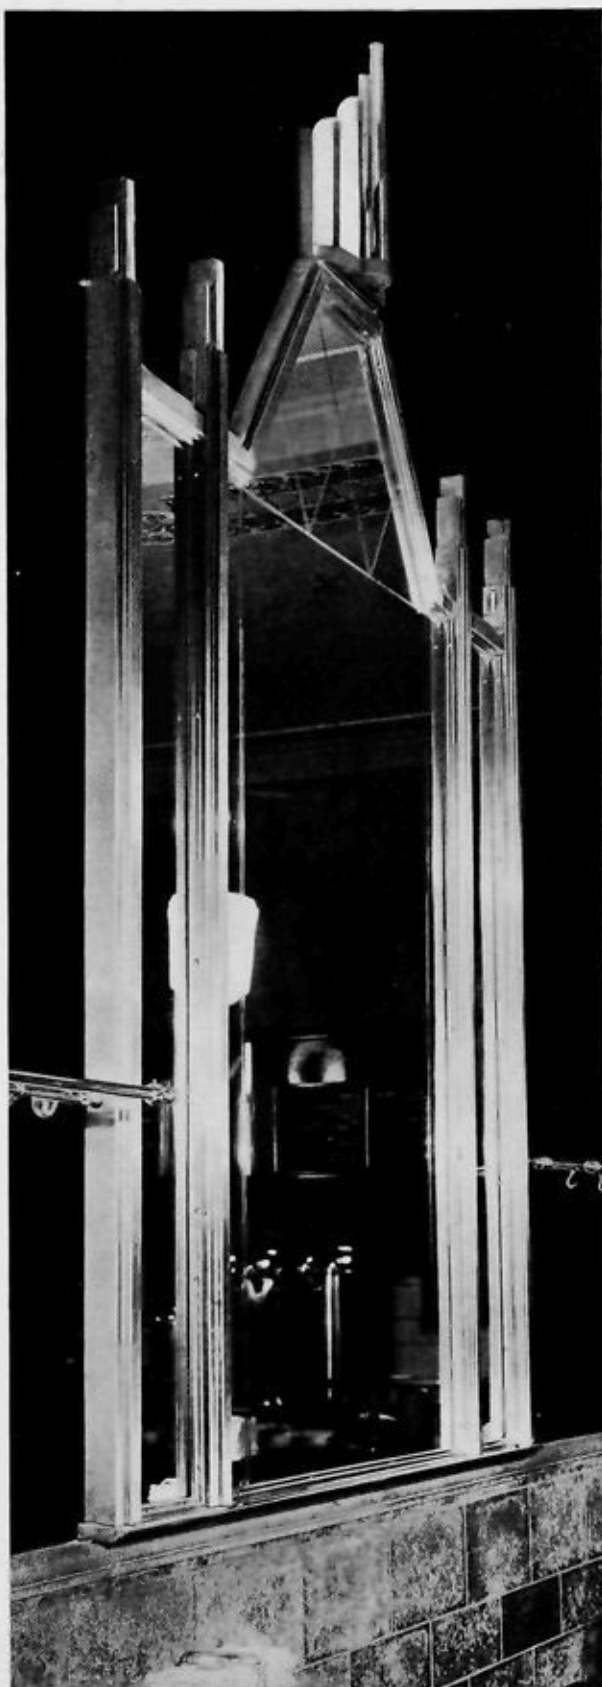

De Paul Hospital, St. Louis, Mo.

(See page eight for Allegheny Metal Cabinets in this Hospital)

ALLEGHENY METAL HOTEL KITCHEN EQUIPMENT

Haddon Hall Hotel, Atlantic City, N. J.
One of the largest and finest kitchens in America

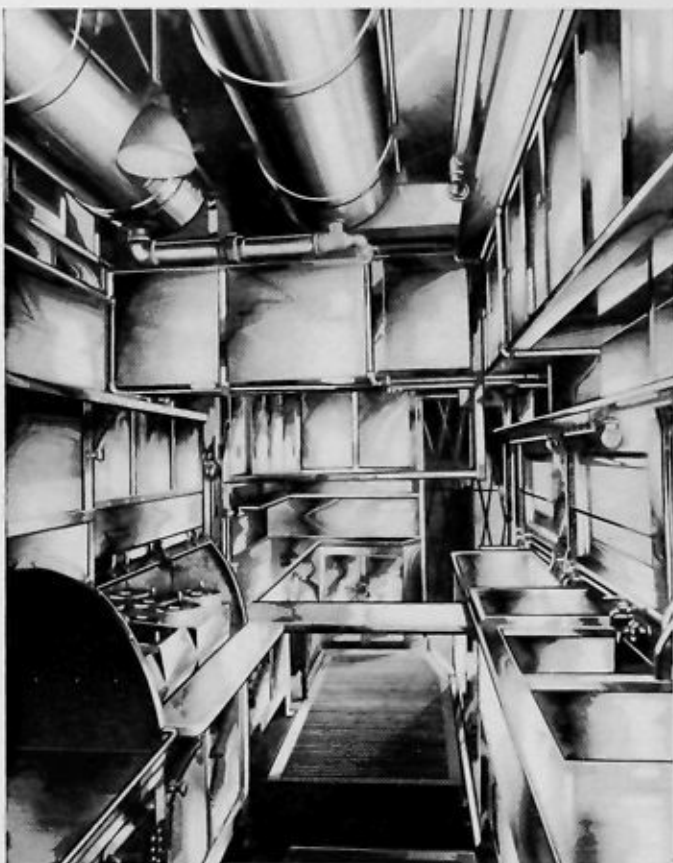

ALLEGHENY METAL DECORATIVE TRIM

Waldorf Restaurant, New York

A startling but beautiful combination of glass
and silvery Allegheny Metal.

See List of Allegheny Metal Installations on Pages 18, 19 and 20.

ALLEGHENY METAL Dining Car Kitchen Equipment

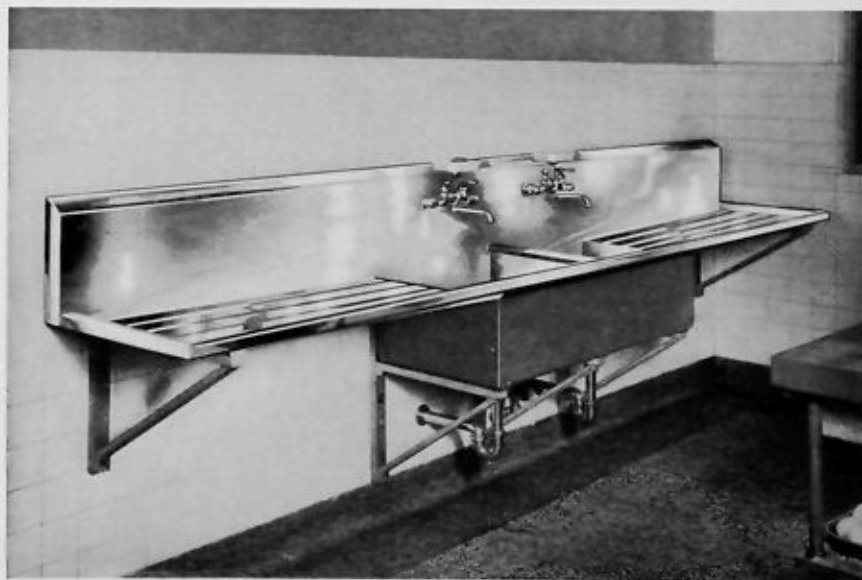

Twelve of the largest railroads in the United States are now using Allegheny Metal Equipment in their dining cars and restaurants.

ALLEGHENY METAL Ship Galley Kitchen Equipment

In the highly corrosive salt atmosphere of seaport cities as well as aboard ocean liners, Allegheny Metal has proven ideal. It will not rust or tarnish, cleaning the same as glass.

Metal sinks that will withstand the roughest service and are hard to dent or scratch . . . that can always be kept bright and clean without the use of harsh cleaning compounds,—are being used today by many large institutions and hotels . . . this is why Allegheny Metal is proving so popular for this type of equipment.

ALLEGHENY METAL SINK (Institutional Type)

ALLEGHENY METAL APARTMENT SINK

Allegheny Metal Sinks for apartments and homes are rapidly coming into favor because of their beautiful, shining surface . . . the ease with which they can be cleaned and kept clean . . . and their immunity to all forms of food and fruit acids.

ALLEGHENY METAL KITCHEN UTENSILS

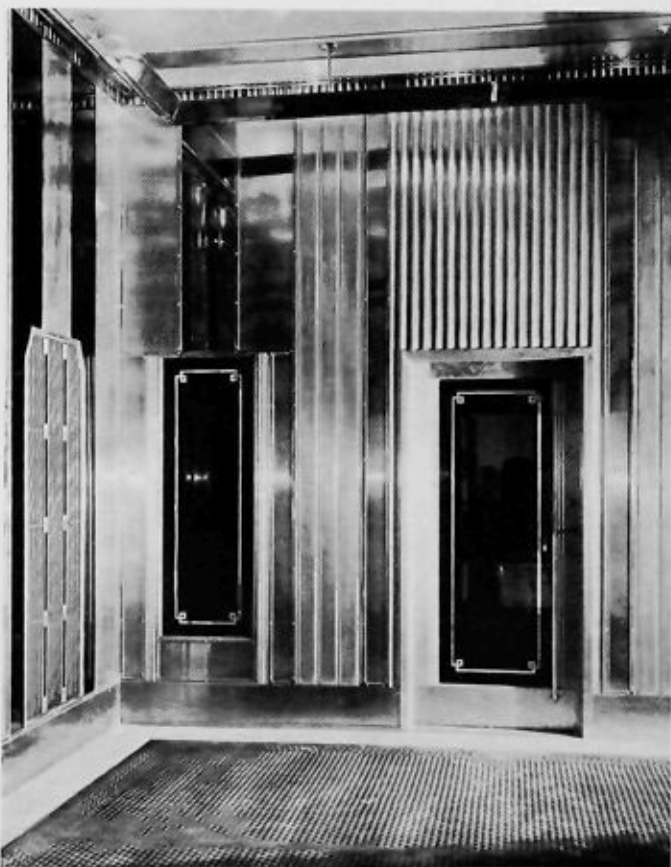

Allegheny Metal has found world-wide application ranging from sauce pans to huge pasteurizers,—from bolts to bridges,—from hypodermic needles to airplanes.

Allegheny Metal is truly the wonder metal of modern metallurgy. Its exceptional resistance to most forms of corrosion combined with its high tensile and non-magnetic properties make it a most satisfactory and durable metal for almost countless applications.

ALLEGHENY METAL ELEVATOR CABS

Mariner Tower,
Milwaukee, Wis

Allegheny Metal is setting a new tempo in architectural design and decoration. Elevator enclosures, window frames, metallic doors, exterior trims of all kinds are just a few of the many applications for which this unrusting, unstaining, untarnishing metal is being used today.
