NOTES OF OUR TOWN

ITEMS OF INTEREST CONCERNING THE PEOPLE OF OUR BOROUGH—CONDENSED FOR RECORDER READERS.

Spring lamb often looks sheepish. Is there any connection between the golf walk and the club foot? Some fellows draw on their imaginations when they have no bank accounts to draw on.

Joseph Hallam has sold his house and lot on Sixth avenue near Hallows street to Richard H. Hite.

A woman marries in the hope of having a lover, and discovers too late that she merely has a boarder who is most difficult to please.

Woe to the girl who gives a man a scarf-pin! When the bride returns the initial call, that scarf-pin adds conspicuously to her adornment.

The Strawberry Festival of the Busy Workers of St. Mark's Church will be held on Thursday evening from 7 to 10 o'clock in St. Mark's Church.

Miss Anna Weaver of Eighth avenue, has returned from a visit to Newtown. She attended the commencement exercises of the Newtown Public School.

Frederick Eckfeldt, a former resident, is a member of the University of Pennsylvania boat crew that will row at Poughkeepsie on the 23rd of this month.

According to the official report made public on Sunday, the Methodist Church choir cleared a grand total of \$171.51 at their supper which was held in May.

Children's Day services will be observed in the Methodist Church Sunday evening next. A program has been arranged for the occasion and special music will be rendered by the Sunday school.

Thomas Murray is having much trouble with his eyes. Last week he had one buried by a splinter of hot iron, and it is in such a condition now that he is having it treated at the Wilks' Eye Hospital, in Philadelphia.

Israel Hart, of this borough, and Miss Marie Cameron, of Norristown, were married Wednesday morning at the residence of Elmer Hart, of Port Oram, N. J., by the Rev. Mr. Chambers, of the Presbyterian Church of Port Oram. Mr. and Mrs. Hart will reside in this borough.

Notwithstanding the inclemency of the weather on Saturday evening, the strawberry festival given by the Methodist Sunday school was a decided success. It was held in the Sunday school room of the Church owing to the storm which made the grounds at the Collins Inn unfavorable for the occasion.

The members of Washita Tribe, No. 53, of this borough, are contemplating a visit to a tribe in Wilmington, Del., and next Saturday night wish to settle on a date on which to make the visit. In consequence, therefore, it is requested that a full attendance of the members be present at next Saturday's meeting, so that the date agreed upon will be satisfactory to everybody.

Children's Day was observed in St. Mark's Church on Sunday morning. Rev. Will F. Bare, the pastor, preached an appropriate sermon. Each pupil of the Sunday school was presented with a picture of the church. Sixteen members were added to the Junior Endeavor Society in the evening and two new scholars to the Sunday school.

A freakish combination of high winds and swiftly falling temperature caused real discomfort on Sunday. At 2 o'clock in the afternoon the mercury stood at 82 degrees. Then, in six hours, it dropped 26 degrees. In the evening light overcoats and fur wraps were over the airiest of summer garments were seen in plentiful numbers on the streets. Open trolley cars were shunned. All day the wind blew hard and strong.

This is the busy season for the industrious agriculturist, notwithstanding the popular idea that here is a breathing spell between seed time and harvest. This year, at least, it appears as if the farmer is making hay when the sun shines in other places than in the meadows. At least very few of them are seen loafing about during working hours. But when we reflect that it is by the industry of the farmer that he preserves in the good work of tilling the virgin soil.

When a girl gives a man furniture she usually intends to marry him, but often succeeds in making things interesting for the girl who does it in spite of her. The newly-married woman attends to the personal belongings of her happy possessor with the celerity which is taught in classes for women are uncongenial queens of tragedy. Does her husband, distraught with business cares, leave her hurriedly and without the customary kiss? Woman on her way to market rapidly reviews similar instances in fiction in which this little forgetting proved to be "the little rift within the lute."

"First aid to the Injured."

A REAL FRIEND

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Struble of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach troubles by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid.

Health Officer Woodward and wife are spending a week at Kent Cottage, Bower's Beach.

Iron Castle, No. 62, K. G. E. attendees, services in the Baptist Church on Sunday morning.

Daniel Hartman, of Lebanon, was visiting friends in this borough on Sunday and yesterday.

The annual picnic of the Conshohocken High School will take place at Willow Grove on Friday, June 27.

The ladies of the Presbyterian Church will give a strawberry festival in the lecture room of the Church this evening.

A photograph showing Postmaster Hipple in the role of a freeman, taken about twelve years ago, appears in the window of Steen's Drug Store.

The members of the High School have adopted orange and blue as the official colors of the institution. The colors of the graduating class this year is red and steel.

Magistrate Smith held Joseph Brown of Lafayette under \$300 bail for trial. He is accused by Miss Elizabeth Gaul of assaulting her. The assault grew out of a quarrel on a train, when Brown struck her in the face.

Elizabeth, wife of Clinton L. Dilks, died on Sunday evening at her home on Hector street, between Poplar and Ash, aged 32 years. She had been sick only from Wednesday of last week, suffering from peritonitis and her death came suddenly. The relatives and friends are invited to attend the funeral services to-morrow morning at 8 o'clock at her husband's residence after which the body will be removed to Bridgeton, N. J., where the interment will be made in St. Mary's Cemetery.

Heckers Novelty Show opened a 3 days engagement in this borough last evening, and were greeted by a "full house." The performance was rather late in starting, owing to a breakdown at the corner of Hector and Fayette streets yesterday afternoon, but the entertainment was interesting and pleasing and everybody surely got his money's worth. The performance consists of a talking and singing chorus, Lady Musical Act, The Wizard, from the West, Punch and Judy and moving and Stereoscopic pictures, the latter being a pleasing feature in which are shown President McKinley in the latter days of his life, and the volcanic disaster of Mt. St. Pierre and Martinique. The show will give performances tonight and to-morrow night, with a change of programme each night.

The last meeting of the Conshohocken High School Literary Association was held last Friday afternoon. The following program of literary and musical numbers was well rendered:

Piano solo Ella Hipple
Recitation Ella Martin
Essay Martha Geiger
Life of Stonewall Jackson.

G. Radcliff
Reading Charles Musgrave
Piano duet, Misses Edna Hendricks and Josephine Rapine
Recitation Marion Morrison
Journal Editor
Reading Katie Murray
Surprise, Lillie Levan.

Mattie Paugh and F. Maconachy
Piano solo Walter Wood
Recitation Grace Seck
Reading Archie Fairburn
Piano solo Margaret Wood

A picnic was given by Mr. Joseph Quinn, Mr. Samuel Long and Misses Madeline Bradley and Sara Russell on Saturday. The picnicers met at the home of the Misses Russell on Sixth avenue at 1.45 o'clock and started for Chantoni, where they spent a very pleasant afternoon. Supper was served at six o'clock. After supper they went to Woodside Park, where they spent the rest of the evening. Copenhagen, Bean-bag and base ball were the features of the afternoon. Miss Lavina McGuigan created some excitement by losing her pocket-book in the water while going through Ye Old Mill but it was found and returned to the owner. Those present were Misses Sara Russell, Madeline Bradley, Hannah Davis, Marie Miller, Catherine Deinger, Bertha Russell, Bessie Thompson, Mary Belter, Katie McCutchan, Sadie Thompson, Lavina McGuigan and Messrs. Walter Lentz, Joseph Quinn, Warren Haas, Thomas O'Brien, Alfred Moser, John Moser, Roland Griffith, Jawood Pierson, Samuel Long, Thomas Quinn, Raymond Cork and Edwini Rudolph. When they reached Chantoni they were met by a party of young men and ladies from Philadelphia. There were Misses Mame Shroud, Fannie DeVosie, Annie Skelley, Mary Baldwin, Gertrude Lee, Mary Youm, Edna Beraldy, Madeline Montgomery and Mary Pickles and Messrs. Thomas Connors, Raymond Cook, Edward James, Dr. Fickles, Paul Beraldy, John Young, Herbert Richardson, Arthur Woodrick and Harry Williams. The young folks left the park for Philadelphia at 10.30 and all felt very happy and hoping to have such a pleasant time again in the near future.

in many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of LePayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by J. Rufus Barr, West Conshohocken and Wm. Neville, Conshohocken.

REV. EDWARD J. MURPHY

Rev. Edward J. Murphy who was recently appointed assistant to Rev. Father Kinahan, of St. Matthew's church of this place, began his duties on Saturday. The following taken from a Pottsville paper is testimony of the high esteem in which Father Murphy is held by those who know him, and it is conclusive that Pottsville's loss is Conshohocken's gain.

Among the Philadelphia Diocesan changes caused by the recent ordination of a number of priests, is mentioned that of Rev. Edward J. Murphy, the beloved assistant pastor of St. Patrick's Roman Catholic Church, who has been appointed to assume temporary charge of St. Matthew's R. C. Church, at Conshohocken. The parish contains 5,000 souls, and the church is an immense one. Father Murphy's Pottsville friends will be sorry to lose him. He was ordained in December, 1898, and was then appointed chaplain of St. Agnes' Hospital, Philadelphia. On March 3, 1900 he was assigned to St. Patrick's church of this town. While stationed here, Father Murphy has been most zealous and energetic in the discharge of his sacred duties. Two years ago he began a course of instructions on the sacraments of Baptism, Confirmation, matrimony, Extreme Unction, etc., which was followed by another series of instructive sermons on the Holy Eucharist, and at present was in the midst of instructions on the sacrifice of the Mass. Possessing a cultured voice, and being an impressive speaker these well prepared and scholarly sermons met with general favor, and with extreme pleasure by St. Patrick's congregation, so much so that many of Father Murphy's friends have urged him to publish them for general circulation. Father Murphy fully demonstrates what one of brilliant education, scholarly ambitions and thorough adaptability to one's life work can do by application and study. It may be superfluous to say that his future, gauged by his holy work here, will be replete with honors and that his every aspiration to do good shall be gratified, if he is spared to carry his work to fulfillment. Besides possessing oratorical ability of a high degree, Father Murphy is a thorough musician. His greatest delight was to direct and instruct the parochial school children in their singing exercises. Under his guidance they attained considerable success, and their singing on various state occasions met with great favor. Father Murphy has composed several sacred hymns and solos, several of them being arrangements of "O Salutaris," all of which have been sung in church by the children and the choir.

EXTENDING FREE DELIVERY

Postmaster Hipple has been endeavoring to secure another carrier for the Conshohocken Post Office. There is too much work for the present force, and then, too, he wanted to have the free delivery of letters extended to that portion of Spring Mill that adjoins the borough on the East, and that part of Plymouth called Connaughton, that adjoins the borough on the West.

W. A. Stone, an inspector of the Post Office from Philadelphia, visited the office on Saturday for the purpose of investigating the need of another carrier. In company with the Postmaster he visited Spring Mill and Connaughton, and saw the need of the extra carrier.

Mr. Stone visited the Recorder office and stated that he would recommend to the department the putting on of another carrier to serve those districts, providing the owners would have their houses numbered immediately.

DEMOCRATIC PRIMARIES

There was a hot contest in all the wards of the town on Saturday evening at the Democratic primaries. P. J. Moriarty and Michael Nevins, both of Conshohocken, wish to be elected delegates to the Erie Convention. Each had delegates in every ward in the town.

The Moriarty delegates were the following:
First ward, John O'Brien and Patrick Ford.
Second ward, P. J. Moriarty and W. J. Moran.

The Nevins delegates were the following:
First ward, John Fineran and Thos. O'Donnell.
Second ward, Edward Rafferty and William Santry.

The Moriarty delegates were elected in all the wards except the Fourth. James Connelly and William Kelly, who favor Mr. Moriarty, were elected in the West District in Plymouth.

The delegates to the Convention from West Conshohocken were unopposed and are as follows:
First ward, Michael Hushen and Peter Maguire.
Second ward, Timothy Foley and Michael Bradley.

Third ward, Michael J. Hushen and Cornelius Flanagan.

The Democratic Convention was held this morning in Norristown. The following are the candidates for State Delegates and Congressional Congressmen:

On Sunday morning occurred the annual Flower Service which was largely attended. After the procession in which the children joined, carrying bouquets and flowers, the Litany was said. Then a short sermon by the Rector on the subject of Giving a gift in the name of Christ, (1) blesses the receiver, (2) it blesses to give, (3) it is pleasing to God. After the address the smaller children retired and the regular service proceeded.

In spite of the storm on Saturday, eight large baskets of flowers were sent to the hospitals, four of them to Charity Hospital, Norristown and four to the Episcopal Hospital, Philadelphia. They were most gratefully received, and no doubt gave much pleasure.

On Wednesday, the Feast of St. Barnabas, there will be service at 9 a. m. Chapter 1215, B. S. A. holds its regular meeting at eight o'clock the same evening.

Bishop Coleman, of Delaware, will administer Confirmation at the Church on Sunday afternoon at 3.45. Our friends and neighbors are cordially invited.

John Brown's Body was first sung in a purely local way at Fort Warren, but it became the chief marching song of our army in the rebellion, and Julia Ward Howe set to the inspiring tune the great hymn "Mine eyes have seen the glory of the coming of the Lord," and thus was a song of war transformed to a song of peace.

HAPPY TIME IN OLD TOWN.
"We felt very happy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Bolls, Ulcers, Eruptions, Infallible for Piles. Only 25c at Wm. Neville's drug store.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver, and inactive bowels mean a poisoned system. I neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. Have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Evers, Lounsville, Va. "They do me more good than anything I have ever tried."

TROLLEYS RUN AT AMBLER

The first car was run over the Philadelphia and Lehigh Valley Traction Company's line through Ambler on Friday afternoon. The trolley company and the borough authorities came to an understanding concerning their differences on Thursday night, which ended in a sort of pow-wow. A new ordinance was prepared by which the trolley company is required to do certain things which up to this time it has not done.

When the first car started up Butler avenue there was a general scramble for seats. It was a free ride for everybody who could get aboard, and the company did a rushing business. The car was run from the power house near Ambler to Eort Washington. A regular schedule will be adopted at once, and within a few days cars will be run from North Wales to Flourtown. At North Wales there is a gap in the road because of a little difference the company has with the Reading Railway Company concerning the crossing of the latter's tracks. Passengers will be transferred at that point, however, and conveyed all the way to Allentown and thence as far north as Langston.

These measures were fairly successful in Radnor township, but the activity of the scorcher was transferred to Lower Merion township, and that community became so alarmed that a similar ordinance to the one in force in Radnor township was passed, and went into effect on Sunday.

The reports of automobile accidents in other sections have caused alarm through all the suburban districts about Philadelphia, and the residents have determined to curb the "scorchers" at all hazards. Action all along the line of suburban townships is expected very shortly.

The "anti-scorcher" say that a great many automobiles with a stated speed of from twelve to fifteen miles an hour can do thirty miles an hour, and that the owners soon develop into "frenzies" and cannot resist the temptation to speed their machines to the limit.

The districts which are scourged the worst by the scorcher seem to be the roads paralleling the railroad, notably along the main line of the Pennsylvania Railroad. This condition seems to result from the desire of the automobilists to try out their machines against the locomotives. The Old York road and North Broad street, Philadelphia, are also dangerous places for pedestrians and horsemen. The roads to Darby, Angora and in other directions are too hilly for "scorching."

Some of the Philadelphia owners and their machines' speed limits are: George McPadden, 48 miles an hour; George H. McPadden, 45 miles; Alexander Brown, 45 miles; John W. Childs Drexel, 44 miles; Jules Junker, 40 miles; P. A. Poth, 40 miles; Samuel Mattison, Jr., 40 miles; L. Goodman, 39 miles; James Elverson, Jr., 35 miles; Jason Waters, 40 miles; Calvin Pardee, 40 miles; George Widener, 40 miles; Barclay Warburton, 35 miles; Middleton and Dubell, 35 miles; Benjamin Griscom, 35 miles; Lawrence McCormick, 25 miles.

Ed Moore Robinson, James B. Parsons, Henry Dison and many others own fast electric machines. The Widener and Elkins families own eight automobiles of various makes. Sidney F. Tyler also owns a fast electric machine.

There are over 600 automobiles on the numbered lists in Philadelphia.

During the thirty-second commencement of Ursinus College an effort will be made to raise a new endowment fund of \$200,000, of which \$50,000 has already been pledged.

President Spranger preached the baccalaureate sermon on Sunday evening in Bomberger Memorial Hall, on the subject, "Fidelity and its Rewards. He said:

"When a man who has diligently increased the store of material goods placed in his hands links himself and his growth with God's purposes he will find his life rising above the narrow influence of mere money getting. In accumulating money he has learned the lower end of the scale of increase in value, the material gain. When he begins to think upon the significance of life, he seeks its enrichment. Music, art, society are brought in, change the trend of his life, and make a direct investment of his money in education, in charity, in the Gospel of Jesus Christ. Then the centre of his life is transferred beyond self and earth and matter. He is linked with humanity. His aspirations, his struggles and triumphs and his pulsations of his life throbs in his own soul until he is changed into another likeness."

Your watch has some words written or printed on its face. You have seen these words a thousand times. Write them out correctly. Few can do this; also, what is the number in the case of your watch?

How high (in inches) is a silk hat? How many teeth have you? What are the words on a policeman's shield?

How many buttons has the vest or shirt waist you are wearing? How many stairs are there in the first flight at your house?

How many steps lead from the street to the front door of your house? What is the name, signed in facsimile, on any \$1, \$5 or \$10 bill you ever saw? You've read dozens of these names. Can you remember one? Washington Times.

George W. Garver aged 76 years, of Ambler, was found dead in his usual morning having retired in his usual good spirits on Friday night. It is thought that death was due to valvular disease of the heart.

READ IT IN HIS NEWSPAPER.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew, and before using the entire contents of the bottle the unbearable pain had entirely vanished and she could again take up her household duties.' He is very thankful and hopes to take still more pleasure in effect than his pills. Then their use is not followed by constipation, fine appetite, loss of weight, and is often the case with pills. AUTOS CAUSING REIGN OF TERROR

It is little less than a reign of terror that has been inaugurated in the suburbs of Philadelphia by automobile "scorchers." Town boards are taking cognizance of the condition, and ordinances prescribing heavy punishment for "scorching" are being enacted.

The Radnor township commission, composed of prominent horsemen, not long ago passed an ordinance imposing heavy fines for "scorching," and giving the board power to increase these fines in case the public were demanded it. They also put out larger numbers of men in citizens' clothes to patrol the roads.

These measures were fairly successful in Radnor township, but the activity of the scorcher was transferred to Lower Mer

The Republican State Convention will be held in Harrisburg to-morrow and a large majority of the Montgomery County Republicans hope and expect that Judge Pennypacker will be nominated for Governor.

Judge Yerkes, in declining a nomination for Congress, speaks somewhat contemptuously of an office that, under existing practice, "has been reduced to little more than a clerkship to candidates for postmasters and others."

Recalling the quick loss of popularity that befel the bicycle as soon as it was seized upon as a machine for the establishment of racing records, and the fact that this loss not only led to the practical abandonment of one of the most beautiful and useful inventions of the last century, but inflicted vast losses upon those who had invested their capital in its manufacture.

YERKES NOT A CANDIDATE

Judge Harman Yerkes, in a letter to County Democratic Chairman W. H. Rosenberry Friday, declares that he is not a candidate for the Congressional nomination in this district.

While I appreciate the great debt I owe my friends in Bucks and Montgomery county for their generous support last year I have not been, and cannot be, a candidate for Congress.

With such reasons confronting me I would belittle the office I hold by considering the acceptance of the minor position, now shorn of so much of its influence and dignity, due to the abdication of the Representatives' rights in favor of the power of the Speaker of the House.

Judge Yerkes was asked if his letter meant that he would be a candidate for Governor. He said: "No; I am not a candidate for Governor, and am only striving to put my work in such a condition that the people of this county will approve of my taking a long vacation which I think I have earned."

CALVARY CHURCH NOTES
(From Calvary Church Chimes)
REPORT OF VESTRY

In response to your request for a brief account of the matters of interest that have come before the Vestry during the year just ended, it gives me pleasure to report as follows:

There were five (5) regular meetings during the year held on April 9th, 1901, October 15, 1901, January 20, 1902, March 25, 1902 and April 3, 1902, and two (2) special meetings held July 30, 1901 and November 10, 1901 respectively.

The working force of the parish, so far as the vestry deals with it, has been unchanged, and was as follows: Rector's Warden, Mr. Charles Lukens.

Accounting Warden, Mr. Reese P. Davis. Organist and Choirmaster, H. Grey Steele.

Sexton, Mr. James A. Daugherty. Committee on Superintendent—Mr. Wm. Cleaver, Chairman; Mr. Charles Lukens, Mr. Will J. Davis.

Committee on Finance—Mr. Reese P. Davis, Chairman; Mr. John F. Bowker, Mr. J. Ellwood Lee.

Delegates to the regular Diocesan Convention—Mr. Charles Lukens, Mr. John F. Bowker, Mr. Reese P. Davis.

Delegates to the Special Diocesan Convention held in Philadelphia, February 4th, for the election of a Bishop Coadjutor—Mr. John F. Bowker, Mr. Reese P. Davis, Mr. A. L. Murphy.

In addition to the routine business at the special meeting of July 30, 1901, the Vestry authorized Mr. A. L. Murphy, Treasurer of the Mortgage Fund, to pay the mortgage on the Rectory, held by the estate of A. W. Lukens.

This was done, satisfaction duly entered, and the entire property of the Church is now free from any standing indebtedness.

At the special meeting of November 10, 1901, the Rector was authorized to secure and employ for his assistance in the general work of the parish, one of the students at the Philadelphia Divinity School, for a period of six months, and at a subsequent meeting the Rector reported the engagement of Mr. Thomas C. Johnson.

At the meeting of January 20, 1902, the proposed Endowment Fund was suggested by the Rector, and a motion passed that the collection at Easter be taken with a view to starting one. It is a satisfaction to note that \$30.00 have already been given for this special purpose, and, as you know, the half of the Lenten offering of the Sunday School, that is given to the Parish, was set aside for that purpose at the last Vestry meeting.

In this writing, I do not know the exact amount, but understand that it will be about \$50, which will make the endowment fund about \$80.

As to the buildings and grounds, and the work of the Committee on Superintendence, the heaters were thoroughly repaired during the summer and an arrangement made for keeping the organ in proper tune or repair. A safe has been purchased and placed in the Vestry room, for the safe keeping of valuable books and papers belonging to the parish; a wardrobe has been placed in the hallway leading to the Vestry room, and a corner-closet in the Vestry room itself, for the proper disposal of clothing, vestments, etc.

not passed through the hands of the Acct. Warden, as previous payments on account of the mortgage had been made in that way; but as considerably more than half of it came from friends, not members of the parish, it might perhaps be only misleading to a statement whose purpose is to set forth the real financial condition of the parish.

Trusting that you will find these notes satisfactory, believe me, with kind regards, Faithfully Yours, WILLIAM WEAVER LUKENS, Secretary of the Vestry

REPORT OF SUNDAY SCHOOL
The number of scholars on the roll is 214, the average attendance, 175. Besides the main school there are two Bible classes, and the primary and Intermediate Schools. These two have about 90 and 40 scholars respectively.

The main school is composed of sixteen classes and during the past year we have added 3 new classes, which are composed of children from the Intermediate School.

The Young Ladies' Class is progressing nicely as it was formed only a short time since and now has an attendance of twenty-three.

The opening service of the main school is not largely enough attended as the scholars are rather tardy and this is an annoyance which might easily be overcome if the scholars would try and get here a few minutes earlier.

H. BUCKLE, Secretary. J. P. ARMITAGE, Asst. Sec. Treasurer's Report.

five members only could be induced to devote themselves to pay say, \$35.00 per annum in premiums on insurance for the benefit of the Church, it would produce within the lifetime of a generation the sum of twenty-five million dollars. Cut down if you will, the number of men who could be induced to try it. Say only one man in each parish should do so, and the fund would be five millions of dollars. Suppose some men could only subscribe for \$500 insurance; are there not others who would take \$2,000, \$10,000, \$20,000 and upward?

Through the medium of life insurance combined with the protective power of the Church Endowment Society is able to act as trustee in cases where a life insurance company could not or would not be willing to act.

If applications for insurance or annuities are made to The Mutual Life Insurance Company of New York, which has been selected by the Church Endowment Society to issue policies for the objects intended, they should be made either to the Society's local representative or to the Business Manager, Church Missions House, Fourth Avenue and Twenty-second Street, New York.

LEADS THEM ALL. "One Minute Cough Cure" beats all other medicines I've tried for coughs, colds, croup and throat and lung troubles," says Dr. Scott Curran, of Loganville, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attack that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to the child. Brings relief. Sure cure for croup, bronchitis, coughs.

On account of the Triennial Convention of the International Sunday-School Association, to be held at Denver, Col., June 26 to July 2, the Pennsylvania Railroad Company will sell excursion tickets to Denver, Colorado Springs, or Pueblo, Col., from all stations on its lines, at rate of single fare for the round trip. Tickets will be sold and good going on June 21 to 23, and will be good to return leaving Denver, Colorado Springs, or Pueblo not later than August 31. Tickets must be validated for return passage by Joint Agent at any of the above-mentioned points, for which service a fee of 25 cents will be charged.

FOR SPECIFIC RATES AND CONDITIONS, APPLY TO TICKET AGENTS.

CONSHOHOCKEN NOW IN NATIONAL LEAGUE

THE AMERICAN AND NATIONAL LEAGUES OF BASKET BALL CONSOLIDATE AND FORM A NINE-CLUB CIRCUIT. OTHER SPORTS IN NEWS.

The basket ball game, which started at Atlantic City Saturday afternoon, ended on Sunday night in a very harmonious spirit. The result of Sunday's meeting is that the National and American Leagues are one body, governed by a single president.

This action has been contemplated since late last year, when the two rival organizations were running a neck-and-neck race for public favor. But until recently there had been innumerable drawbacks to the proposed consolidation. Both parties demanded certain concessions.

Both leagues held preliminary meetings on Saturday for the purpose of considering the advisability of getting together. The Americans met in Philadelphia, while the National's pow-wow took place at Atlantic City. It was evident that the confabs were satisfactory, as the Americans arrived in Atlantic City early on Sunday morning to hold the joint session with their National brethren. The meetings were held behind closed doors. The following magnates and officers of the leagues were present: Marvin A. Riley, Trenton; Frank Morgenweck, Philadelphia; W. L. Jackson, Bristol; William E. Morgenweck, Camden; A. J. Abadie and W. H. Reed, Jr., New York; J. F. Neill, president, and Al. Austerhul, secretary-treasurer, National League; William Neville, Conshohocken; Charles S. Reber, Philadelphia, Charles Krause, George Runner and W. Lackner, Wilmington; and Ernest H. Crowhurst, president American League. Millville was the only absentee.

BASE BALL

The Irish town team of this borough, met defeat on Saturday afternoon at the Riverside Park, East Falls, at the hands of the Westmoreland team by the score of 18 to 15. Up to the third inning the Irish town team was completely outclassed the score being 8 to 0 in favor of the Westmoreland team but in his batting the Irish towners struck their gain, when Redfean opened with a two bagger, but who in sliding for second base struck the base with his hand with such force as to break three fingers. After this the team from this borough played a hard up-hill game but luck was against them and they could not quite overcome the lead of the Westmoreland team. On Saturday afternoon the same teams will play at the Conshohocken Park, the game to start at 2:30 o'clock.

HOUSE AND BARN BURNED

The fourth barn in the neighborhood of Ambler to be destroyed by fire within two months, was that of Thos. W. Barlow, which was burned on Friday morning, about 7 o'clock. Six horses, one calf and three pigs, together with the implements, were consumed.

The high wind caused the sparks to ignite the home of the farmer, Abram Rhoads, which was also burned, together with the greater part of the furniture.

Incendiarism is suspected and Mr. Barlow has offered a reward of \$1000 for the conviction of the guilty parties. The loss is fully \$7000, partially covered by insurance.

SMALLPOX IN CHELtenham

Two of the children of Samuel Morton, who keeps a small store in Cheltenham village, are sick with small-pox. The boy who is about 16 years old was employed in Philadelphia and came home complaining. The doctor pronounced his case small-pox. In the meantime his sister went to visit relatives in Frankford and there was taken ill and the symptoms were those of small-pox so she was taken in a carriage to her father's home and both cases are now getting along nicely. Dr. R. L. Cooper, the health officer of Cheltenham township, has the house quarantined and everything kept in accordance with the law.

It is said that Mr. Morton was greatly opposed to vaccination and none of his family were ever vaccinated. Last winter when all school children were vaccinated at the public school he would not allow his son, a younger brother of the one that is ill, to be operated upon, and it is said has kept the boy from school ever since.

LIQUOR TRAFFIC IS BIG

The Census Office has issued a bulletin giving the statistics of the manufacture of alcoholic liquor during the census year ended May 30, 1900.

The report shows a capital of \$457,647,087 invested in the manufacture of alcoholic liquors in the 2850 establishments reporting. This sum includes the value of land, buildings, machinery, tools and implements and the live capital utilized, but does not include the capital stock of any of the manufacturing corporations.

The value of the products returned is reported as \$349,615,466 to produce which involved an outlay of \$14,261,644 for salaries of officials, clerks, etc., \$5,995,484 for wages, \$183,098,796 for miscellaneous expenses, including rent, taxes, internal revenue, etc., and \$70,612,942 for materials used, mill supplies, freight and fuel.

To those who desire it, he will cheerfully send free (free of charge) a copy of the prescription used, which they will find a sure cure for Consumption, Asthma, Catarrh bronchitis and all throat and lung maladies. He hopes all sufferers will try his remedy, as it is invaluable.

Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, EDWARD A. WILSON, Brooklyn, New York.

FOODS TO NOURISH AND SUSTAIN THE BODY

"What shall we eat? What shall we drink? Where shall we live?" These are the questions that the first two are perplexed to the cook, to the marketer, to the diner with an elaborate menu before him, and to one whose bill of fare affords but a meagre meal. The house-keeper says, "What is there in the house to prepare, and what will the family like? Appetites are fickle; fruit agrees with some and injures some, some thrive on buckwheat, others avoid it. The nature of the occupation should modify the diet. A woman is in the house most of the day about her work and needs different food from that of her husband who may have active exercise in the open air. The children, growing and peering in school, need a special diet. Some member of the family may have purely sedentary habits, and the diet of the active, outdoor laborer is entirely unfitted to his needs.

The woman who has access to a good market finds her problems hard enough, but the farmer's wife has a much less variety from which to select her diet, although the well-filled potato bin, the barrels of apples, the shelves of jellies and canned fruit, the pans of rich milk and cream, the fresh eggs, and always available poultry may well be the envy of the city market. However, the latter is greeted with fresh fruit and greenhouses in winter with all kinds of meats and fish, and the possibilities of receiving eggs and poultry from the country. The woman who is not near the market varies her menu with a round of visits to the park barrel, the smokehouse and the corn beef supply, returning ever and anon to the pork barrel. If her pin money is not too dependent upon the labor of the hens, eggs form a most acceptable variation to the menu, and if the creamery does not make too great a demand, fresh milk and cream are a most satisfying part of her bill of fare.

We must eat, first, to form and maintain the fluids and tissues of the body; second, to furnish fuel to yield heat and energy. Food must supply the material which is consumed with every motion of the body and the energy for intellectual power.

All energy, either intellectual or that manifested in physical action, comes from the stored-up energy in the food. This is obtained by the chemical changes which transform the food into substances less complex in their composition. One's proper food should contain the materials which will build up the wasted muscles and bed supply this energy. All food materials do not contain proper elements for the fulfilling of these two general functions.

For the building and repairing of muscles and bones and supplying heat and energy, the food must contain (1) protein, (2) fats, (3) carbohydrates, and (4) ash.

Protein is that part of food which nourishes the blood and the muscles and in general repairs the waste of the body. Protein always contains the element nitrogen, and nitrogen is always a constituent of the blood, the muscle and the bone. It is the only nutrient which can serve for the building and repair of the body. At the same time it supplies energy. But under ordinary conditions it is too expensive to be used chiefly for this purpose. Examples of protein are found in lean meat, peas, beans, lentils, etc.

Fats and oils supply heat and energy. They also aid in digestion. The fat of meats often so carefully removed and ignored, butter, oils of vegetables, etc., may serve for furnishing the fat stored in the body or used as a source of heat. Of the meats, veal has the least fat and pork the most. Cheese contains as much fat as it does protein. The greater the percentage of water found in animal foods, the less the amount of fat.

This group includes the starches, sugars, and gums, and similar chemical bodies, substances which, like fat, furnish heat and energy to the body. Carbohydrates contain no nitrogen whatever. Therefore, they cannot replace protein as a tissue builder. Carbohydrates and fat are needed by the body and the amount required is larger than the amount of protein. Carbohydrates supply heat and energy to the body the same as fats, but to a less degree. For the energy and heat needed for the body, about two and one-fourth pounds of starch and sugar equal a pound of fat. Fats and carbohydrates are often called energy yielders since they are used to keep the body warm and to enable it to perform work. Protein also furnishes energy. It is thus seen to serve a dual purpose.

Ash, Salt or Mineral Substances.—Every well-regulated diet should contain the mineral substances necessary for the building and repairing of the bones and teeth and required in other ways. Milk, meats, cereal products, vegetables, especially the leaves, all contain phosphorus and lime which go to make the mineral part of the bones. Chemically pure sugars, starches, and fats contain no ash whatever, hence a diet entirely of these substances, if such a thing were possible, would furnish no food for the growth and repair of the bones. Neither would it supply the protein which is essential. The ordinary mixed diet, it is generally considered, contains a sufficient amount of ash constituent for the needs of the body.

Foods have a varying proportion of refuse, (portions unsuited for eating,) from the 10 per cent. in a round of beef to the 50 per cent. of fish. Examples of refuse are found in bones of meat, oyster shells, apple cores, peach pits, orange skins, etc.

A large and necessary proportion of the weight of the body is made up of water, and water must be furnished to the system in foods and in beverages in order to keep up the supply. It is not usually taken into consideration as a nutrient. Ordinary foods contain water in juice or in particles too small to be seen. Some is always chemical-

SUICIDE OF A VETERAN

Captain Jonathan P. Iredele, a veteran of the Civil War and a Justice of the Peace of Horsham township, committed suicide on Thursday afternoon last by hanging.

On Thursday afternoon he came into the house and told his wife that he would go upstairs and lie down. She went about her household duties and towards six o'clock called her husband to supper. He did not respond and she went up to find him. He was not on the second floor, but in the third story she discovered him hanging to a bed post by a cord around his neck.

Mrs. Iredele promptly cut the cord and laid the body down. Then she summoned help. The body was still warm, a messenger was sent for Dr. J. B. Carrell, of Hatboro but when he arrived there was no signs of life.

Captain Iredele came of a well-known and highly respected old family, being a son of the late James Iredele. He served with distinction all through the Civil War, being promoted to Captain of Company K, 138th Regiment P. V.

Since the war he has resided in Norsham, where he owned a saw mill and farm and was for several terms the only Justice of the Peace.

He was one of the original members of Lt. Fisher Post, G. A. R. of Hatboro, and a member and trustee of Hatboro Lodge, A. O. U. W. His first wife was Emma, a daughter of Daniel Lloyd, and was deceased. He is survived by his second wife, who was a sister of Jonathan Lukens of Horsham, a daughter and a son. He belonged to the Society of Friends. He was in his 64th year.

SPECIAL DELIVERY LETTERS

According to an official report, the registry division of the Post Office has a lusty rival in the special delivery department.

"People seem to have awakened to a realization that a special delivery letter is a pretty safe medium for the transmission of money and other important communications," said a Post Office employe, "and many who formerly patronized the registration department when about to send money and other valuables through the mails now avail themselves of the special delivery system instead. The practice has been growing steadily during the past year, and I venture to say that fully a third of the special delivery mail that we now handle contains a bill or something else of value."

"Of course the method has its defects which outweigh the faults in the opinion of many. The cost of special delivery exceeds that of registration by two cents, and there is always the chance of delay in case the addressee has moved away or the members of the household happen to be out when the postman calls, thus necessitating the forwarding of the letter through the regular mails. Barring this contingency however, a special delivery stamp spells trouble with a little 'u' whereas registration spells it with a capital 'U'."

"The excess of bother through the latter system is due to the rigid rules governing the receipt of the letter. Anybody can sign for a special delivery message, but a registered letter can be turned over to none but the addressee, which in many cases caused no end of inconvenience. It is that one consideration, I fancy, that has turned people's minds to the special delivery system as a satisfactory substitute. Most of us dislike to be put to unnecessary trouble, even though there is money at stake, and we are bound to adopt the means of communication that presents the fewest difficulties and at the same time insures a reasonable degree of safety."

IRREVERSIBLE CANCER CURED.

Starting proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters which applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood drains, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at Wm. Beville's.

JUNE CRIMINAL COURT

PROCEEDINGS IN DESERTION CASES THIRTEEN AT LAST WEEK'S TERM. SENTENCES IMPOSED.

The following sentences were given: James Bassel charged with making threats upon James Lee. The Court directed the defendant to pay the costs. Warren Miles charged with embezzlement was sentenced to thirty days.

The Grand Jury reported that they had fifty-six bills submitted and forty-nine were returned as true bills. They commended the condition of the jail, almshouse and the rebuilding of the court house. They recommend that three bridges be built at Sanatoga, Lower Merion and over a creek between Marlborough and Frederick.

Vincente Rosa, convicted of stealing wire.

Thomas Thompson, convicted of larceny, was sentenced to 2 years in jail.

Ambrose Snyder, convicted of the larceny of money, was sentenced to 6 months.

James Stevens, convicted of attempt of larceny, was sentenced to 3 months.

James Johnson, convicted of larceny, 1 year.

John Martt, convicted of larceny of watch and money from Fritz Shirley, of Ardmore, sentenced to 6 months.

Thos. Connor, charged with assault, had pleaded guilty, although the evidence did not warrant conviction. Sentenced to 10 days.

M. A. Lindley, charged with larceny of telephone wire, was sentenced to 6 months to be computed from April 16.

Sylvester Moher, who was sentenced to 6 months, the court took cognizance of the fact that the defendant is weak-minded and reduced the sentence to 3 months.

John Boone. Fine \$1, costs, restore stolen goods, 20 days.

Mary Gear. Common scold and nuisance. Sentenced to 6 months.

DESERTION COURT.

Wm. L. Taylor, otherwise "Buck" Taylor, superintendent of the Betzwood Farms, was charged with desertion by his wife.

Mrs. Taylor said that by reason of infidelity she was compelled to leave Betzwood, and that finally when she had returned to nurse "Buck," who had been ill, she was assaulted by him.

It was shown that after she was forbidden to come to Betzwood she was taken ill and incurred some expense, which Taylor refused to pay.

It was contended that Mrs. Taylor discharged some of the servants without authority.

Mrs. Taylor said that the reason she discharged this particular servant was on account of her character.

The wages received by "Buck" at this time were \$75 per month.

It was contended by Taylor that by reason of his wife's interference at Betzwood, Mr. Betz discharged him.

The court ordered Taylor to pay \$25 per month, conditioned upon Mrs. Taylor not going to Betzwood.

Desertion court, Court Room No. 2. Francis McSloy, proprietor of a Conshohocken restaurant, did not fare very well in desertion proceedings. His wife testified that she was compelled to live apart from him on account of cruelty and McSloy was sentenced to pay Mrs. McSloy \$10 a week for the support of herself and two children.

John Close, of Pottstown, was directed to pay \$1.50 weekly to his wife, Mary, for the support of a child.

Annie Roseberry, a young woman of genteel appearance was given a hearing on the charge of non-support preferred by her mother. The case was dismissed before the mother was half through with her testimony, for it developed that the witness deserted Annie and her father when Annie was only 9 years old and that the father obtained a divorce on the grounds of desertion.

Michael Finley, of Conshohocken was a defendant on the charge of desertion. His wife Mary testified that he never gave her a cent in twenty-two years, and that she lives by herself. On cross examination, it was shown that she was married to Michael twenty-three years ago, and that a few months after the wedding she packed up and left him. "This is a twenty-two-year old desertion case," said Judge Weand, "and it is dismissed at the cost of the county."

Anna Miller brought suit for breach of promise of marriage against Adolph Jacobs.

The parties are residents of Lansdale, Jacobs being an installment agent.

Mrs. Miller testified that the defendant had asked her for her company, and would call three or four times a week, and was her devoted admirer; that at one time Jacobs was sick at Mrs. Miller's house and was nursed by the plaintiff; that he was cared for tenderly and without any cost to himself.

Mrs. Miller said that the Sunday after the Christmas of 1900 Jacobs asked her to marry him; that she blushingly consented, but that afterwards he refused to keep his contract and when asked by Mrs. Miller if he was going to marry her or the "other one," he declared he would not keep his promise, but would rather "rot behind prison walls." To this the plaintiff declared her intention of "giving him the law."

On cross-examination it developed that the plaintiff had already experienced one and a-half years of conjugal bliss, having been married to Tobias Miller in 1881; that Miller left her about 1882, and that for seventeen long years Mrs. Miller has been unable to see, find or hear anything direct of the recent Tobias.

Mrs. Miller asked for \$5,000 but the jury awarded her \$200 damage.

The charge of larceny against Albert Hobbs, of King-of-Prussia, was withdrawn on Saturday, and a charge of malicious mischief preferred. The defendant admitted taking several hundred dollars' worth of laurel from the premises of Charles Collett. The case was settled.

JUDGE AT CHURCH CELEBRATION

Five hundred descendants of former members of St. James' Episcopal Church, Evansburg, assembled in the historic office on Saturday for the purpose of participating in historical exercises. Rev. Herbert J. Cook, of Conshohocken, presided and preached the sermon. An address was delivered by Judge Samuel W. Pennypacker, who gave the assemblage the benefit of his vast historical knowledge, especially in relation to the founders of the church. An historical paper was also read by Rev. S. F. Hotchkiss, of Houdon. It is proposed to form a permanent organization of descendants of former members.

The Dinner Pail

Of the American working man is generally well filled. In some cases it is too well filled. It contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutrition. As a consequence many a working man develops some form of stomach trouble which interferes with his work and reduces his working capacity.

Where there is indigestion or any other indication of disease of the stomach, reach and it will dilated organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Swartz, of Sub Station, C. Columbus, O., Box 1, writes: "I was taken with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble and my eyes became so sore I could scarcely get around. At last I had all the complaints at once. I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had grown up to do thinking that I could not be cured. Then one of my neighbors said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of you.' The first bottle helped me. I thought I would get another, and after I had taken eight bottles in about six weeks, I was weighed, and found I had gained twenty-seven (27) pounds. I am as stout and healthy as today. I think, as ever was."
