CHANGE DATE FOR DEFENSE DAY TEST

As the Governor Has Not Declared Sept. 12 a Holiday, . Local Plans are Changed in Interest of Workers

FOLLOWING DAY CHOSEN

As plans for Defense Day, Friday, September 12, in districts where there are no military units, all the plans for observance of the day and test are left to a civilian committee. Conhohocken has no military unit and as the object of Defense is to arouse the loyalty and patriotism of the people and to give to the Government a fairly accurate idea as to the loyalty of the citizens in the various districts throughout the land, the local committee, upon learning that Governor Pinchot has not declared September 12 a holiday, decided that a needless expense would be imposed upon the industries and the employees were the borough to have a holiday on that day, and it was decided that all the purposes of the Government would be served as well were the demonstration held on the following day, Saturday, September 13. This will save the industries and the workmen from any loss in time and wages.

Reports were made by the chairmen of the various committeees and those in charge of mobilization stated that there is wide misunderstanding of the purpose of the enrollment slips which men are asked to sign. Some think that the names are desired to forward to Washington and that they will be called for service should an emergency arise The slips were gotten out by the committee for the purpose only of determining how many men were willing to participate in the local demonstration. A report will be made to Washington of the number participating and no names will be sent or is it desired they should be sent.

The Conshohocken and the Polish bands have volunteered their services for the parade and it is proposed that the demonstration will be confined to Saturday afternoon beginning with a short parade to dismiss at the athletic grounds and to be followed with a short patriotic meeting to explain the object of Defense Day. The remainder of the afternoon is to be devoted to sports. A program is being arranged by R. J. Crawford and James J. Gorman and the entrants will be local school boys and athletes. The field will be open to the public.

The various clergymen have been asked to announce from their pulpits next Sunday the object of Defense Day and the object of the residents of this community in taking

The American Legion, Veterans of Foreign Wars and a number of former service men have volunteered their services for the day. It is proposed to form the parade by companies of 250 men each, all to be attired in civilian clothes and each man to carry a small American flag. It is the desire of the committee that there will be from 1500 to 2000 men in line, giving public expression of their loyalty to their flag and coun-

Community Center Notes

The Pentagon Club will hold their regular meeting in the Park House this evening. The members will make arrangements for an outing to Whitford Lodge industrial center will be discussed also.

Story Hour this evening for the children of Community Center under the big chestnut tree in the south end of the park. Miss Lenore He was held under bail by Burgess Shoemaker, who tells the stories so charmingly, will be pleased to have istrate Light at 10 o'clock this a large audience of little folks to enjoy the hour in the open. Games will follow the stories.

The Well Baby Clinic was held at the usual hour in the Park House yesterday afternoon, Dr. F. X. Mc-Carthy in attendance, assisted by known. Miss Scarborough, community visit

ing nurse. Another of the delightful weekly open-air dances of Community Center was held last evening in the Park House grounds and commanded the great enthusiasm of the dances which has been shown during the season so far. The same excellent program of music was given, dance floor was attractively decorated and the evening was filled with enjoying features. The chaperons were Mr. and Mrs. Howard Wood, Jr. and Mr. and Mrs. Horace Quay. Next week the dance will be held on Wednesday evening, as the dance orchestra is composed of members of the Conshohocken Band and the Band is scheduled for an Atlantic City engagement on Thursday.

The Girl Scouts of the Community Center were delightfully entertained at the home of their captain, Miss Eleanor Righter, last evening. There were fifteen scouts present.

The Scouts have spent a week at Camp Tall Trees, Media, and much time was spent in going over the happenings at camp.

A. L. To Start Campaign For A Memorial Hall

Post Decides to Plan For Drive Fall.-Endorse Defense Day

A year ago. John F. DeHaven

Post, A. L., decided to make an appeal for funds to build a memoria Conshohocken's commemorate participation in the World War. A committee was appointed and number of citizens were asked to join in the efforts with the service men and aid them in their project. The matter was dropped for a time and at a meeting of the Post, Tuesday evening, the subject was revived and it was decided to form plans immediately to launch a campaign for funds to purchase land and build a memorial hall. The Legion believe such a building is needed here and will be self supporting. It is proposed to build such a building that will serve the public for a meeting place for all purposes and to give the town a banquet hall to meet the present needs. The service men believe the building could be used to cooperate with the Athletic Association providing a gymnasium and a basket ball cage.

A campaign will be started and pledges of funds will be asked of the people to be paid in several installments and an effort will made to secure sufficient money

purchase a site this year. The Post decided to take an actfve interest in the Defense Day demonstration to be held here Saturday, September 13.

Joseph Olsieski Suffered Broken Collar Bone and Injuries to Head in Accident Last Night.—Taken to Hospital.

Joseph Olsieski, a four-year-old

child residing at 210 East Elm street, this borough, is a patient in Montgomery hospital, Norristown, suffering from painful injuries re ceived by being struck by an automobile in front of his home about 7.30 o'clock last evening. The machine which struck the boy was being driven by Adam Strycharz of DeKalb Pike, Norriton township. Strycharz came to this borough to visit his parents and was on his way home when the accident happened. He was coming West on Elm street at about twenty miles an hour when the Olsieski child run out into the street, directly in the

striking him and knocking him heavily to the ground. The cries of the child were by his father who rushed out to the street and picked him up. The little fellow was taken to the office of a physician who upon examination thought no bones were broken and that he was suffering more from fright than injury. The child was taken to his home and later in the evening he lapsed into unconsciousness and the regular family physician was summoned. He examined the child thoroughly and found the collar bone had been fractured and he was injured about the head. His removal was then ordered to the hospital.

At the institution the child was restored to consciousness and an X-ray examination will be made this afternoon to determine the extent of the injuries to his head.

The driver of the car was permit ted to go last evening when the physician pronounced the injuries of the child as being of a minor nanear Downingtown. Other questions ture and later when the real state of his injuries was learned Chief of Police Heald went to the Strycharz home and placed him under arrest and brought him to this borough. DeHaven for a hearing before Mag-

morning. When arraigned before Magistrate Light the driver was again held un der bail for a further hearing next Thursday morning when the extent of the child's injuries will

HIGH SCHOOL LIBRARY

Opening of School

At the commencement exercises in June four volumes of books were presented to the Conshohocken high school by the class of 1923. As the four books in his hands he remarked, "I hold here the beginning of the High School Library."

The movement has grown during the summer and the opening of school next Tuesday morning will gold-plated badge and hat piece. see Room 1 transformed into a small library. While the number of volumes in the school library is relatively small, nevertheless it shows splendid beginning. Indications

point to the fact that as the move-

ment progresses more and more

books will be added. Having a library right in the chool will have its advantages. It will permit the training of pupils as librarians with the accompanying duties of cataloging books, period-

REMEDY HEADLIGHTS

Penna. New Regulations Will Be Strictly Enforced Beginning, Monday, September 1st

TO PREVENT ACCIDENTS

Local garage workers have been working day and night for the past ew days putting into proper focus the lamps of motor cars. Hundreds of cars have had their lights made to meet the legal requirements and in many cases motorists were compelled to change the lens for an approved type.

Pennsylvania's new automobile Monday. Motorists who have neglected so far to check up their equipment must do so immediately or face public schools, the constitutional the alternative of arrest and possibly paying a fine.

The new law, designed for safety n night driving, not only provides for the installation of officially approved headlight lenses, but also for he proper focusing of the lenses, There are, therefore, two important point in getting your car ready to pass the town and State officers who will be on the lookout after Septem-

First, see that your car is equipped with a pair of lenses on the approved lists below. If your car carries tilted headlights as standard equipment, use one of the following tilted ype of lenses:

Standard, Hudson (8 1-8" only). Olpheco, Johnson. Bausch & Lomb, McKeelite. Deglarescope, Monogram.

Dodge Bros. (8 5-8" only), Para-Flintex, Spreadlite. Ford (8 1-8" only).

If your car is equipped with the Smedley D. Butler as Director of on-tilt headlights, use lenses of the following list: Smith, Lee Knight. Benzer, Liberty.

Conaphore Clear F, Liberty Type Conaphore Novial F. Macbeth,

Type D. Dillon Type 1, Osgood B-23. Holopphane 255. Patterson.

Legalite M-111. Then, after equipping with proper eadlight lenses, do not neglect the next important ruling of the lawhave them properly focused and tested. This is not difficult to 'lens

yourself. Install the proper

and proceed as follows: Drive your car on a level spot about twenty-five feet from a vertical wall, measure the distance between the centre of your headlamps and the road, reproduce this distance path of the machine, the mudguard on the wall and draw a horizontal line. This line, therefore, will be in First Practice on September 7th, a horizontal plane with the centre of your headlamps. All of the light projected forward by your headlamps falling above this line will not hit the road. All of the light falling below this line will hit the road and will produce road illumination for you. Blind one of your headlights. With only one headlight burning, move the screw in the back of the reflector housing until you secure a pattern of light on the wall of the narrowest vertical dimension. If by turning the screw to the right the pattern of light increases in its vertical dimension, reverse the direction of rotation, turning the screw to the left. If, on the other hand, it so happens that by turning the screw to the left you increase the pattern of light in its vertical direction, then turn the screw to the right. If you turn the screw too far, the vertical dimenion of the light pattern will increase after the critical point has been passed. You, therefore, will have no difficulty in determining when you should stop in this process of adjustment. All of the lenses appearing upon the approved list of the Highway Department are so designed that a novice can tell when this correct focal adjustment is secured.

Officials warn that this new headlight law will be rigidly enforced in order to cut down the high rate of accidents that have been so frequently caused by disregard for nonglare laws and by the general indifference to proper headlight adjusting when driving at night. So it behooves every car owner to get right with the law at once.

NEW POLICE BADGES

The Police, Fire & Water Committee of Town Council, has placed an order for new badges and hat pieces for the local police officers Heretofore each officer has had a Principal Bryon K. Hunsberger held badge of a different size and design and in regard to hat pieces some were equipped and others were not. In the future this part of the equipment will be uniform. Chief Heald has already been provided with

ANNOUNCE MEETING

meeting rooms, to which all meminvited. Plans will be furthered for lor's badge. A number of the memauspices of the Boy Scouts.

n the Public School will be enrolled the Council. 2 at the Superintendent's Office. Third Avenue and Harry Street. All children becoming 6 before April 1st, 1925 will be enrolled. Certificates of successful vaccination are required. Schools will open on September 2nd.

A compromise was reached on ar increase in the salary of Secretary B. Helms, of Philadelphia. His ompensation was increased \$500. Frederick Pechin represented amp 121 of this borough at the convention.

IRWIN TO CAPTAIN **NEW FOOT BALL TEAM**

Open Season on 20th.

"Spike" Irwin, who captained the foot ball team last season, has been elected to lead the new foot ball team on the coming season. He was elected at a meeting of the Conshohocken Foot Ball Club held in the rooms of the Volpe-Binns Post,

V. F. W. held last evening. The meeting; was well -attended and the boys are very enthusiastic over the prospects for the coming season. Coach Pownall was present and addressed the canditdates in heart to heart talk. He is anxious to get the boys in togs so as to work in as much practice as possible before the opening of the season. has issued a call for the initial workout to be held on Sunday afternoon. September 7th on the Spring Mill ball club and he is anxious to have all the candidates to be present. The opening game of the season will be played on Saturday, September 20th, Just who the opening attraction will be has not been definitely decided but an effort will be made to have the strongest team in this vicinity here. The team will comprise twenty

four local boys. The candidates present at the neeting last evening included Coach Pownall, Charles Irwin, Bill Ford Harry Abram, Gerry Kehoe, Chick Kriebel, Bud Johnson, Red Hissner Ray and John Boyce, Francis and Joseph Pagnaccio, Harvey Quigg, James Fondota Sol. Laverty, John Ominski, M. Murphy, Fred Dewees Pat. Mellon, Charles Alberts, and Frank Areno.

Manager Darby is now busy arranging a hard schedule and hopes to have it completed before the opening game is played.

WILL ATTEND CONVENTION

Perry F. Ramey, of West Consho hocken, State Councillor of the Order of Independent Americans, and Roy Cain, representative from Conshohocken Council, No. 241, will leave on Sunday to attend the sessions of the State Council to be held in Lanevening in St. Matthew's Holy Name fice of the Order in the State for the Kennedy and his wife Sarah. past year, will complete his term bers of the Holy Name Society and with the convention and will be preall Boy Scouts of St. Matthew's are ented with the Past State Councilthe September block party under the bers of the local council will go to Fayette street. New Program to be Followed. Hours for High and Junior H. S. Changed.-Beginers Awaiting Opening

PUPILS ENROLLED

There will be much gloom here or Tuesday morning when the school children will be summoned back to their studies with the doeful sound of the school bells as the schools open for the fall session on that day In order to not bring the children back to work too suddenly and for the purpose of organization and getting the schools into smooth running order, there will be half sessions for two weeks.

School buildings have been cleaned and repaired and everything is in endiness to receive the children.

The high school and junior high chool will follow a new program, All teachers are required to be at their posts fifteen minutes before the opening hour for the sessions. The tudents will assemble in the auditorium for the assembly exercises at 8 45 At the conclusion of the exercises, the students will go to their various class rooms and the morning session will end at noon. The afternoon session will be from 1 to 3.

The sewing department has been transferred from Third avenue to coom 10 in the high school and the manual training department will be removed to the high school basement This work will be done by the students and the department will be fitted up by them giving them experience in practical work.

Twenty teachers have been provided for the senior and Junior high schools for 525 pupils. 90 students residing in other districts have been registered in the high school. The districts in which the students are residents will pay their tuition fees.

689 pupils have been registered in the grades. Only 40 beginners have been enrolled and assigned to rooms. A large enrollment is expected on the opening day of school and it is expected the number of beginners will total 150. The work of organizing the schools would be greatly aided if parents would enroll children beginning school before the opening day. This may be done at the office of the superintendent in the Hoffecker building, Third avenue below Harry street. Beginners must have a certificate of successful vaccination and also evidence of date of

19 teachers have been elected for the grades and a substitute teacher has been engaged, for the grades making 20 teachers in all.

Miss Ruth McKaig has been engaged as a substitute and will have charge of a first grade room at the ening of the schools. Miss Mc-Kaig resides at Wilmington, Del. and is a graduate of the high school of that place and of Miss Illman's training school in Philadelphia. She has specialized in kindergarten work and this summer has been teaching the kindergarten at the "Pines" at Harmonville.

RELEASED IN AUTO THEFT

Patrick Cunnane and Patrick Purcell, both of this borough, were given a hearing before Magistrate Light on Wednesday morning charged with being implicated with the theft of an automobile which was stolen from the yard of Dominic Guigliotti. Steel Plant road and Whiskey Lane, on the afternoon of Monday August 18th.

The men explained they were asked to take a ride by Amedio Songavie and John McElhenny as they were driving along Sixth avenue and did not know the car had been stolen until after the car had been wrecked in Philadelphia. Both were released upon their own recognizance to appear when wanted. Songavie, who lives in Frag Holow, and McElhenny, who is a resi

dent of Norristown, have not as yet been located.

Union Sunday School Rally, September 21

The Sunday School workers of Conshohocken will lead off this fall with the Annual Union Rally to be held September 21. This Rally precedes the individual School Rallies and heretofore, whether cloudy or fair, has always been a successful Union Sunday School event.

The rally this year promises three big things: (1) A big Primary De partment with a primary educator from our own town in charge; (2) a big Junior Department with a great friend of local Juniors in charge (3) The biggest of all, a big Adult Department. The Primary and Junior Divisions

will proceed from West Third avenue to the Presbyterian church and Sunday School, while the Adult Division will march to the Methodist church. The program all through the different departments will be indicative of bigger and better Sabbath Schools. The plans are under the direction of Mr. Howard Lentz , president of the Association. Mr. Lentz has called a regular meeting of the Union for September 7th at 1.30 p. m., when final arrangements will be re-

ported The committee of the Union who took care of the Daily Vacation Bible School which closed August 1, have made final report of all expenses met. Letters of thanks were voted sent to the following: Stewart & Forst, H Kleinman, Wm. & J. Forsythe, Peoples' Sanitary Dairy, Crescent Laboratories, Norristown and Garrett & Buchanan, Philadelphia.

The final report of the committee will also be made to the Union on September 7th at the regular meet

Four-Year-Old Thomas Mc-Guire, West Side, Suffers Broken Arm in Fifteen-Foot Fall.—Lands on Shed Roof. Taken to Hospital.

Thomas, four-year-old son James McGuire. 128 Ford street, West Conshohocken, fell from the third-story window in the rear or his home yesterday afternoon, landing on the roof of an adjoining outkitchen, a drop of fifteen feet. Members of the household, hearing the child screaming went to his assistance and took him into the Dr. I. M. Pavlidis, who resides just across the street from the McGuire residence was hastily summoned and after making a thorough examination learned the baby serious injuries although escaped the right arm was broken at the wrist. After administering first aid the child was removed to Bryn street has been brought to grade and Mawr hospital where the fracture was reduced and he was allowed to return to his home. An X-ray plcture of the wrist was taken at the hospital yesterday morning to make certain the bone was properly reset. Thomas with some other children

was playing in the third story or yesterday afternoon. the house While the other children were in the front of the house. Thomas went to the rear room. He began fooling about the window and was pushing against the screen when suddenly it gave way pitching him out the window onto the roof

That the child escaped being killed in the fall seems miraculous.

Policeman Shot By Klan In Serious Condition

Lower Merion Officer Wounded Or July 5 Has Second Transfusion.

Policeman Francis X. Roy, of the Lower Merion township force who was wounded July 3 while breaking up a Ku Klux Klan demonstration near Havorford College Farms, was reported to be in a serious condition yesterday at the Bryn Mawr Hos-

Roy several days ago submitted to his second transfusion operation. Captain Wallace M. Stryker of avenue Ardmore from Crickett whom blood was taken for the first operation, also gave blood in the second transfusion.

Roy's condition improved slightly late vesterday afternoom it was said at the hospital, but physicians indicated it is still serious. One of his legs was amputated about a week after he was admitted to the hospital. Roy was shot in the foot and in the right hip. Four Ardmore men were arrested in connection with the shooting less than a week

Policeman Albert Miller who accomanied Roy at the time of the shooting was wounded in the right leg, but rapidly recovered and returned to duty

Scouts Gave Radio Program From WFI

Radio fans were entertained last evening from 8 until 8.30 by Conshohocken Troop No. 1, Boy Scouts The Scouts broadcasted from station WFI, Strawbridge & Clothier, Philadelphia.

Sam Brown gave the bugle calls: Harold Koch played selections on the banjo and John Blackburn rendered a violin solo. The troop sang two of their popular Camp Delmont songs and the scoutmaster Rev. T. A. Armour, gave a ten-minute address or the Scout oath.

OFFERS TO PAY HALF COST OF NEW STREET

Realty Corporation Makes Flattering Offer to Council For Immediate Building of West Eleventh Avenue

ACCEPT EIGHTH AVENUE

An offer was made to town council, at a special meeting held on Weednesday evening, by the Conshohocken Realty Corporation the latter agreeing to pay one-half the cost for building the roadway in West Eleventh avenue from Maple street to the west borough line providing the work will be done this fall and in time to permit the Corporation to build curb and sidewalks along its property. The Corporation further offers that should the finances of the borough not permit engaging in the work at this time, the Corporation will advance all the fund for the building of the street and will give the borough its own time to repay its share of the

The Corporation desires that the street shall be of durable and dustless construction. It was the opinion of the councilmen that the offer is a most advantageous one for the borough and should be accepted. The matter will come up for consideration at the regular meeting of council on September 10.

The offer means that the borough can obtain a new street at what it would cost for the grading as the Corporation has done about onefourth of the grading necessary.

The Corporation is carrying on an operation of 50 dwellings, a number of which have been completed and sold and the whole operation is to be completed this year. Many of the houses will be occupied within a few weeks and it is the desire of the Corporation to have the sidewalks and street completed before frost.

Accepts Eighth Avenue.

Previous to receiving the offer from the Realty Corporation, council accepted a most valuable gift from M. J. Harvey in the grading of East Eighth avenue.

Mr. Harvey purchased a large tract of land fronting on Eighth avenue, when the avenue was not open He developed the tract by the erection of a number of dwellings and in order to give street conveniences to the purchasers of the houses and to aid the borough, which was financially unable to open and grade the street this year. Mr. Harvey entered into a contract with the borough in which he agreed to grade the street in accordance with the adopted grade plan for the sum of \$1. He completed the work and the borough engineer informed council that the gave a certificate to that effect.

The question was raised as to who is responsible for building a culvert across the avenue to carry the surface water. Mr. Harvey contended that he did not agree to build a culvert. A request for the grade plans was made but they had not been brought to the meeting.

On motion the street was accepted by a vete of 6 to 2. The vote be-

Kehoe, secretary; William F. Meyers, solicitor; John P. McGough, James A. Harper, Jr., Henry Hammond, George S. Entwistle, Edgar E. Woodward, John J. McCabe.

Mrs. Margaret Dalby, one of the oldest residents of this vicinity with a place of residence on Matsonford road, just beyond the borough limits, was surprised on arising yesterday morning to find that some one had entered her domicile and raided her refrigerator, taking everything it centained. When the robbery was first noticed it was thought the intruder might have been a dog but the fact that the articles stolen included a quantity of canned goods, leads to the belief that some person had been prowling about the premises. However, there were no signs to indicate that anything except the refrigerator was touched.

The canine population of the borough is being gradually reduced through the increased automobile traffic. Late last night a dog was struck and killed by an automobile directly in front of the George Clay fire house. Early this morning anU. S. Army Heroes and Planes in First Round the World Flight

other canipe met his death in the same manner at the corner of Ford street and Merion avenue. There are scores of dogs in the borough which are permitted to run the streets without collars or tags. Drivers of automobiles usually try streets in this borough make the mail. job of a driver a harrowing one and it is impossible to avoid running them down occasionally. Something should be done to get rid of the large number of dogs which probably have no owners and save them funeral of Mrs. James McCabe's the fate of being killed by automo-

DEATHS

Minerya, wife of Charles Royer, and daughter of Agnes and the late Jacob Stahl, of Lewisburg, residing on Spring Mill avenue below Poplar street, died last evening in Bryn Mawr hospital, following a short illness from a complication of ailment. She was thirty-eight years

Deceased has been a resident of this borough for the past ten years, removing here with her husband from Ambler. Several years ago she suffered an illness and underwent a surgical operation. She recovered rom the effects of the operation and enjoyed good health until a few weeks ago when a recurrence of her former illness seized her. She was admitted to Bryn Mawr hospital at that time but was brought to her home after a few days' treatment. On Tuesday she became suddenly worse and her condition became critical She was taken again to Bryn Mawr nospital and died last evening.

The remains will be sent from this borough to the home of her mother in Lewisburg tomorrow morning from where the funeral will be held

HUBBS STORES CORPORATION

120 Fayette St., Conshohocken Friday and Saturday, August 29 and 30

Our Stores will be closed all day Monday, September 1st, Labor Day Open as usual on Saturday night.

Did You Get a Delphian Art Tray Last Week

or were you among the large number of disappointed housewives, whom we could not satisfy? Many of our stores were completely sold out of these Tray Combinations the first day on which they were put on display and, for that reason, were unable to satisy all of our customers. For the benefit of those housewives who did not get this Tray Combination, we have arranged to run another sale of the same products, at the same price, during the month of September.

### TWO SLIGHT FIRES

The Washington Fire Company responded to two still alarms yesterday. Shortly after five o'clock yesterday afternoon the fiftemen were summoned to the home of Mrs. William Garrett, Second avenue and Harry street, when the fence was discovered to be on fire. The blaze was extinguished by the use of

R. H. O. A. E. hand extinguishers from the pump.

1 1 1 1 0 About ten o'clock last evening the same company was summoned to the dump at the corner of Third avenue and Maple street where the paper and rubbish was blazing fiercely and threatened to communicate with two new houses in course of erection close by. It was necessary to use a plug stream to extinguish the blaze The firemen played on the burning

Aids Indoor Practice

the batter's position, baseball pitching practice may be obtained regardless of the weather. The target is made of According to Commissioner Whalen heavy canvas and is attached by metal this means that at least 300,000 eyelets to a portable frame, six feet persons in the city can enjoy the band high and four feet wide. The life-size concerts in the park this summer, infigure of a catcher is painted on the stead of only a few thousands around canvas and a scoring chart below gives | the bandstands, and that a million rating for balls and strikes in training.

cated on the figure of the catcher in heavy red lines. As the ball hits the canvas it rebounds and on a smooth surface will roll back to the pitcher for another delivery. The target is also an aid in batting practice and for coaching individual pitchers or squads. It is made in two sizes, one for girls or boys in elementary schools and the other for students in colleges.

### "Trick" Furniture Saves Rent and Space in Apartments

With the constantly increasing denand for economy of space because of the high rentals demanded for city apartments, the building of what is known as "trick" furniture has developed into an industry, and its design has challenged the ingenuity of inventors in all parts of the country. Beds that fit in doors, kitchenettes hidden in tables, ironers folded out of fits concealed in tea wagons, and many other useful devices have been constructed to save space with a constructed to save space with a construction of the brace. It may be necessary to bend the brace together a little take the stain and varnish well.

Dummy of Baseball Catcher | sequent lowering of rents. Furnaces | in order to hold the brush securely. At that are as decorative in appearance the ends of the brace are two small as a phonograph, and electric stoves holes that were previously used to With the aid of a small indoor cage, that automatically shut off the current hold spring wires. Small wire nails containing a target placed back of when the food is done, help to lighten are driven through these holes into the the burdens of the modern house-wooden part of the brush so that it keeper. As a result, three rooms may cannot turn when in use. After one be made to meet the requirements the nails are simply removed, the brush turned around and again faswhich previously needed six.

### New York Plans Great **Broadcasting Station**

Fifty thousand dollars have been appropriated for the erection of a great municipal broadcasting station n New York, and soon people all over the country will be able to hear the music the metropolis enjoys, and to listen to the great speakers and artists that visit the country's largest city radio fans throughout the country can The "strike area" is plainly indi- hear the famous bands and artists that delight New Yorkers.

### Good Use for Old Carpet Sweeper

When a carpet sweeper no longer sweeps it is usually thrown away Upon examination, it will be found however, that quite some bristle is still left on the roller, which may be used a few more years as a push brush

of the kind wooden handle are removed

sweeper box and also the metal brace that holds the handle. The

shaft of the ht in attractive cabinets, radio out- brush has a bearing hole at each consisting of 2 parts of glue, 14 parts

order to avoid another. This causes the rope to rub hard against the corner, not only wearing it out quickly

but also bruising the corner.

In one case injury to both corner and rope was prevented by arranging a steel roller vertically along the edge of the building as shown. The roller condrawing. The sisted of a 4-ft. length of 2-in. iron brush and the pipe, turning on bolts fitted into the ends. The bolts were in turn held by short pieces of 2 by 4-in, wood, nailed from the securely to the barn. The roller has been in use for two or three years and has never failed in its purpose.

# Putty for Floor Cracks

Cracks in a floor that is stained and varnished may be filled with a putty

# What Is The Secret?

We are often asked the secret of our amazing growth from one Store in 1919 to a chain of more than 100 Almar Grocery Stores and 75 Meat Markets. All in less than five years.

To us there is no secret about it. It is simply a striking illustration of what anyone with common sense should know—give the public good goods at fair prices and they will reward you with

When we opened the first Almar Store in 1919, we made up our minds to carry only the best quality foods, to preach unfailing courtesy and efficient service to our clerks and to depend for our success upon a large volume of sales at a small profit rather than a large profit on each sale.

That our policy was right has been indisputably proved by our subsequent growth. Less than five years ago the Almar Stores were unheard of. They were not even in existence. Yet today there are more than 200,000 pople who do their shopping regularly in the Almar Stores.

Just to give an example of our insistence upon, quality in everything we handle, a few words about Almar Peas might be everything we handle, a few words about Almar Peas might be interesting. We selected the largest pea farm in the United States, one that is known far and wide for the uniformity and high quality of their product. They raise their peas with as much care as children are raised. We contracted to buy the very finest peas in their entire crop. We contracted to buy the very finest hours after being picked and are labeled "Almar Fancy Sweet Peas." Taste them once and you'll realize why many of our customers tell us they're even better then fresh peas tomers tell us they're even better than fresh peas.

So it is in everything we handle. Our meats are purchased for us by expert meat buyers, men who have spent their lives in the business and who know meats like a book. Only the very finest quality meats get past their critical eyes.

If you haven't visited our Store at 102 Fayette St., Conshohocken, wee'd surely like to have the pleasure of a visit from you.

You will not be urged to buy. Just drop in and look around to your heart's content.

102 Fayette St., Conshohocken

### FRIDAY, AUGUST 29, 1924.

Announcement in Tuesday's issue of this newspaper of two new industries here is good news and will mean much to look at such "goings on" but men teeth. They were just like the stars, the community. Both indutrsies are owned and controlled by men of wide experience who are operating highly successful businesses, and in whom the public have every confidence.

These industries should give regular employment to a number of men and as their products are different from the town's other industries, they should act as a stabalizer for labor as they broaden the diversity of industries.

Next Monday the law regulating lights on motor and place in the park at night. So nice other vehicles will become effective. Motorists here are giving good co-operation with the State by having the lamps on their cars adjusted to meet the legal requirements. The new law, sparking in the light than on the if rigidly enforced, will do much to make it much safer for night driving. In the past many motorists have been neglectful of their lights but truck owners and drivers have been the greatest source of danger. Many of the heaviest trucks are operated at night and carry no rear lights. This neglect has been the cause of many accidents which would have been avoided had the truck owner believed his property would suffer damage.

The law regulating lights on vehicles is a great protection to the users of the highways and motorists should aid the police in its enforcement. 非非非非非非非非非

## Who Is Responsible?

Every spell of hot weather brings numerous complaints to the board of health of insanitary conditions of the vacant tain small holes or tunnels? How Persons living adjacent to the lots are annoyed and inconvenienced by the careless disposal of garbage and other refuse. The board of health and the police have been appealed to to prevent persons from disposing refuse in this manner. The authorities have been given an impossible job and a job that is not intended for them.

The owner of a property is responsible for the condition of the property. If the land is unimproved it should be protected against trespassers. If no protection is provided, it is assumed that the owner permits trespassing and assumes the responsibility for the acts of the trespassers.

The board of health and the police cannot perform detective service to prevent trespassing on vacant lots but the va- to bloom. They are said to feed cant lot nuisance can be stopped by holding the owners responsible for the condition of their property.

# Valuable Gifts to the Borough.

Two fine presents have been made to the borough. One has been received, the other is ready for acceptance. Never produce normal pods and the slits in before in its history has the borough been so favored.

M. J. Harvey has graded East Eighth avenue at a cost of several thousand dollars, thus saving this sum to the taxpayers at a time when it means so much, owing to the straitened conditions of the borough finances.

The offer of the Realty Corporation to pay one-half the cost for building a roadway in West Eleventh avenue is another saving of several thousand dollars to the taxpayers and council will make a most grievous error should it delay in accepting the offer and doing the work. Should the offer be rejected the whole burden of cost would fall upon the taxpayers. This can be avoided. Council has a borrowing capacity of about \$36,000 and it is necessary to make the loan to pay the borough's share for the Elm street bridge, a matter of \$17,-500, which can be refunded upon approval of the street improvement loan, next Spring. The remainder of the loan may be used for general borough purposes. Council with the fine gifts it has received can go ahead and build a roadway in both West Eleventh avenue and in East Eighth avenue. As both streets will serve newly developed sections, there should be no effort to delay the work which should be completed this fall.

# A Change of Date.

The war department has designated Friday, September 12 as the date on which the entire nation is asked to join in a test of the national defenses. Governor Pinchot is complying with the test in ordering the mobilization of the National Guard units in their home districts but has not declared the day a holiday, leaving it to each community to take what ac-

Outside of the mobilization of the military units, the civilian committee in each district is asked to make plans suitable for the district, the object being to arouse the interest of the people in their own country and its institutions.

As Conshohocken has no military organization the demonstration here will be wholly civilian and should the demonstration be held on Friday, for it to be the success that the reputation of the community demands, it would necessitate the day being observed as a holiday. This would mean the loss of a day and a half in the industries, a loss that the workmen should not be asked to incur and which would serve no good purpose. With this in view, the local committee decided that every purpose of the Government would be served and the personal interests of the people would be better served by holding the demonstraton on Saturday afternoon, September 13.

The committee after hearing suggestions as to the attitude of the people changed the plans so that no one would be asked to make an unnecessary sacrifice and are now working out plans for a demonstration, a patriotic meeting and athletic sports all to be held on Saturday afternoon.

It is expected the people will enter whole heartedly into

the spirit of the occasion and make of it "American Day." There is much misunderstanding as to the object of Defense Day. The local committee distributed many enrollment cards requesting the men to sign a card enrolling for the one day. The object of the cards is for the information of the committee alone to get an idea as to how many men will participate in the demonstration. The cards have no official significance. Many were of the belief that the cards would be forwarded to Washington and in case of an emergency all who signed would be the first called into service. Washington has no interest in such an enrollment. The experience has been so recent that the people are very familiar with what is done when men are needed.

As the entire country is called upon to make a demonstration of its Americanism, Conshohocken will not be found holding back, hesitating to make public avowal of its faith in Am-

erica and her institutions.

materially, as the damaged flowers From the Boyertown Democrat, Philadelphia preacher Sunday de clared bobbed hair is forbidden in the Bible and he backs up his statement with the quotation "a womans hair is her crowning glory and she should never have it cut." hatching gnaws through the pod and read quite a bit of the Bible, but never came across that verse. The eas thus infected show the charbobbed hair, bobbed skirts and bobbed character all go together. Perhaps the hot weather has affected the Philadelphian. \*Far as I am concerned I like them bobbed-hair and skirts.

# Misdirected Education

From the Sellersville Herald. ism through the circumstances and testimony brought out in the Chi eago murder trial. The old stery of 'too much education" will be revived. The youths, who are asking through their well paid attorneys for mercy have not had too much education. They merely received the wrong kind. Had they been sons, of poor men they would have gotten the right kindat least they would in their out-ofcollege hours, had balancing experiences to set them on the road to good citizenship.

# REFORMING THE BARBER

From Germantown Independent, When women entered politics great hopes were inspired that politics would be purified.

Now women have also entered the barber shop, and perhaps as a result there will be-not exactly a purification of the barber shops but at least a reformation of some of

In politics the activities of women have not yet accomplished all that was hoped. But unquestionably improvement has come where the political activity of the women has not been merely a passing fad.

Already, too, a difference is noticed in the barber shops. Any moment a woman is likely to enter to have her hair bobbed. The pro-

prictor who wants the custom vomen naturally sees to it that vile talk that formerly had free play is suppressed. And he will also be Julius F. Sturgis, the first of these wagons, more careful about the kind of literature he has lying about the shop.

Sanitary regulations in recent cears compelled barbers to abandon some of their old-time methods. And now the women are uplifting the moral tone of the barber shops. Perhaps the barber, instead of inquiring, Who is next? may inquire What is next?

# MARKING SCENJE CHARMS

From Doylestown Hatelligencer. Good roads are doing more for us in making Bucks county's varied attractions known to the world than we have ever done for ourselves in excellent missionary work of excelent roads can be helped.

We have not even marked our coads to call attention to the hundreds of historic and scenic sights we have to offer.

Worse than that we do not go out of the way or even grasp the opportunities thrust at us, to let vistors know what we have in our individual communities which would interest them.

Road signs could help a lot in directing travelers to places of interest and they would cost the chambers of commerce but trifling sums. x x x

Though we are not what you might term a cigar-smoker we have watched the return to favor of the five cent clgar as indicative of the return to the so-called "normalcy" of inflated conditions which succeeded the World war. Char dealers report the five cent cigars going at the rate of three to one for he ten cent and two-for-a-quarter sizes and that each month shows a widening in the gap in favor of the smaller perfectoes and pantellas The 1924 cigar is the product of the big manufacturers who occupled the ten-cent field a year ago. These makers are said to be mixing their choicest Havana ieaf with Porto Rican stock, somewhat lighter and much less costly because of the lower wage scale in the latter island. The Porto Rican leaf dries much more quickly than Havana but the mixture makes a blend to tickle the palate of the addict Having combined the two in what the smoker demands, a good five cent cigan the output is moving over counters at a pace never dreamed of 10 years ago, dealers eport. It's now a pocketful of five enters instead of a mouthful of club style ten cent straights or two for-a-quarter.

Now that the five cent cigar has finally come back, are we also to expect a return of the ten cent shave and the 25 cent haircut. XXX

# The Salty Pretzel

We might discuss pepperpot, that West Indian domestication, or chicken and waffles, as the Delaware has sumptuously known them, or planked shad or fish-house punch or chicken a la king, invented by a chef of Philadelphia's Union League. Philadelphia chicken and capon are famous the country over. You can go nowhere without seeing them or

But let us confine ourselves a present to the tortuous history of the pretzel. The banishment of beer has by no means expatriated the spindles at the basket rim.

Even before a pretzel trust estab ished its headquarters, Reading and other Eastern Pennsylvania communities won renown as

of centers of the manufacture. Pion- to rush her scrapple supply from eers of Lititz pretzel making were Pennsylvania across the Mason and William Rauch and his son and Dixon line at night in Comestoga beginning in 1810. But the real old thaler, a Lititz man, born 1817, who in 1860 migrated to Reading and in pretzels.

Half a century later a single Reading "foundry" was turning out about 30,000,000 twisters every year. "Pretzel" was originally "bretzel," and that seems to be a diminutive derivation from the German "brod" or bread.

But under any name it is as good to eat as when beer accompanied it, and "pretzel meal" is as desirable as in pre-prohibition days for all sorts of dishes-cutlets, croquets, meat loaves, oysters, chops and even as a breakfast food with cream and

Your true pretzel devotee has not surrendered his pet delicacy because of the Volstead act.

### x x x Scrapple

Philadelphia is famous for her good dishes, that please the palate of the epicure near and far.

One of the many is scrapple Wherever the name of Philadelphia is known there has traveled the most familiar of all Philadelphia stories-the remark ascribed to the late King Edward, that Philadelphia had an ancient family named Scrapple and a toothsome breakfast dish named Biddle.

When Carl Pohlig conducted the Philadelphia Orchestra he sent some scrapple to friends in Dresden. It was held up at the Custom House suspicious. Diplomatic corres-

pondence piled up about it. Meanwhlie, the scrapple "blossomed out." It grew so fragrant that even German officials couldn't stand They pitched it into the river. By the time release orders came there wasn't even the tin pail to

The traffic in scrapple of old would have put to shame the most industrious bootleggers of our day. Even Baltimore, justly renowned for so many epicurean delights imported from the Eastern Shore, used

"When the season's first wagon master of the pretzel was Lichten- came rumbling down the York road, usually about October 20 " "re was a rush for it, and sometime

his first year there made 200,000 go brought fancy prices-te. cents slice, or even more. Only three years ago in Philadelphia an exhibit of pig products was held at the First Regiment Armory, wherein scrapple was the crown

ewel of the porcine collection. What is scrapple, essentially? Of course, when you have named

the ingredients you have not described the famous dish. A rose whose petals are plucked is no long-

But one authority says it is "bacon chopped up and mixed with cornmeal and fried in cakes."

Another tells us it is made by boiling meal or flour with scraps of pork, chopped hogs' liver and kid-

Stern-eyed science beholds in it proteids, carbohydrates, alkaloids, manganese, lime, naphtha and other bone and sinew-making contents." Anyway, it is exceedingly good when it is not too greasy, and it is an all-Philadelphian comestible.

# The Home Beautiful Completely Furnished

Eleventh Ave. & Wood St.-Beginning Saturday, August 30, will be open every Saturday and Sunday afternoon and every evening until further notice. These homes are the talk of Pennsylvania and several adjoining States-don't fail to see them.

The operation of 50 dwellings is a remarkable achievement. They are architectually perfect, well built, modern, well lighted and ventilated, large rooms, large lot, permanent construction, etc., but the most remarkable feature is the price. Quality considered, this Corporation is offering homes at pre-war prices. The letter appearing below is worthy of your careful consideration, as it was sent by an organization whose business it is to study housing conditions throughout the United States-appointed for the purpose by Governor Pinchot of this State.

Last year this corporation erected 36 houses on E. Ninth and Tenth Aves. All were sold quickly at \$5500 each. This year, for personal reasons, several buyers desired to move out of town and put up the houses for sale at an increased price, notwithstanding the fact that we were building more to sell at the same price of \$5500. This is what the real estate agents say about them:

Geo. M. S. Light, RECORDER of June 20:

"Not over ten months old, a six room house with modern bath, steam heat, gas, electricity, gas kitchen with large one-piece sink. Owner wants to leave town, hence the price. \$5800. DON'T PASS UP THIS CHANCE"

F. W. McDermott, RECORDER of March 7:

"New Realty House, immediate possession, all conveniences, financed up to \$5000. If sold within two weeks will sell for \$5800."

WATER TO THE TOTAL OF THE TOTAL

# PENNSYLVANIA HOUSING & TOWN PLANNING ASSO'N.

311 SOUTH JUNIPER STREET, PHILADELPHIA

August 7, 1924.

Mr. C. A. Desimone, Sec. Realty Corporation, Conshohocken, Pa.

VE LI .

My dear Mr. Desimone:

I wish to thank you for the privilege afforded me yesterday of seeing what is being accomplished by the Conshohocken Realty Corporation. The 36 houses already completed and the 50 more now under construction represent a piece of work that a town or city might rightfully be proud of. These concrete and frame structures with their individual cess-pools and yards, located as they are on lots 25 x 140, fronting on a wide and beautiful street in one of the main residential sections of your town provides homes at the rate of nine per acre. This is even better than Ideal Planning which advocates about twelve or fourteen homes per acre.

Six good sized rooms with bath and pantry in each house provide comfortably for the average American family. The fact that the houses are built of first-class materials throughout and are well constructed in every respect and are still being offered to the purchaser for \$5500.00 each, shows what values are still possible, at this particular period of acute housing shortage. I was impressed with the care and wisdom manifested in the planning construction of these houses. Cement stucco on concrete walls and with the lathing and plastering of the interior all moisture and dampness should be eliminated. The second stories have their frame work covered with sheathing and building paper and Creo-dipt shingles, and are covered with Asbestos shingle roof.

These and other features, such as cement cellar floors and sidewalls, stone sills and coping, and well built porches indicate a very nominal maintenance cost for several years to come. The ample window space, especially in the bed rooms, electric light, gas range, modern plumbing, steam heat and excellent fixtures show that these houses are strictly modern in every

It is our opinion that every citizen of the state can well afford to follow the example set by the citizens of Conshohocken in relieving their housing situation. You are to be congratulated for the worthy undertaking and services which are being rendered to your fellow citizens.

Very truly yours,

BHR/T

BENJ. H. RITTER, Field Sec.

### 

The new Realty houses in the present operation are greatly improved over those built last year. This has been made possible by purchasing 80 acres of land instead of individual lots, the purchasing of materials in greater quantities and more favorable market conditions.

These improvements consist of a permanent asbestos roof, hardwood floor, tapestry brick fireplace with tile hearth, built-in bath tub, cabinet gas range, storage water heaters, .stone sills, and in general an improvement can be seen in every detail of the work.

Careful supervision is maintained. Faulty work when found is immediately ordered corrected. The corporation welcomes public inspection and will appreciate well founded criticisms when made to the secretary.

These houses as above described and with hardwood floors—built-in bath tubs—Storage water heaters, etc., are said to be the best buy in the country. Although the first house has just been completed, 20 of them have been sold, the rest should sell very quickly now that a sample house can be shown to the public.

The price is only \$5500.00 and they can be financed for as little as \$500-Balance same as rent. We want you to believe that this Corporation was formed for the benefit of the public and we know you will believe us when you see the house.

Arrange To Select Yours At Once.

# League Season Closes Monday; Locals Play Perkasie in Last Game

All Teams Scheduled to Play Merning and Afternoon Contests. -Conshohocken Plays Perkasie in Afternoon Tilt on Local Field.—Still a Chance to Win.

Montgomery County League but on both are geing hard after a decision Monday (Labor Day) all teams are scheduled to play two games one in with the expectation of seeing the the morning and one in the after-The P. M. encounters will mark the closing of the schedule for the 1924 season.

While Russ Hamilton's Hirelings are in second place they have an excellent chance to wind up the second half winners. Lansdale is leading with six victories and two defeats, while the locals have a record of five wins and three defeats. Conshohocken plays Lansdale at Lansdale on Monday morning and a victory for the clan of Hamilton will tie things up. In the afternoon they play Perkasie on the athletic field as a windup and on the strength they have shown should experience no difficulty in annexing another victory. While Consheho-eken is playing Perkasie, Lansdale will have much harder picking in a game at Ambler and in order to win they will have to play their best. The protested game between Conshohocken and Souderton has not as yet been settled and if the locals were awarded this game it will greatly strengthen their chances for first place. As it is at prenent the game is not credited to Conshohocken.

Charlie Otto, one of the best pitchers Conshohocken has had all season will be used in the morning game against Lansdale with the hope that he will be able to come through victorious. In the afterroon game Hank Rohrer will deavor to win the final game of the

Should the locals be successful in winning the second half title, a series of three games will immediately be arranged with Ambler first-half winners, to decide the championship of the entire season.

### TO-NIGHT'S BILL HAS FANS ALL WORKED UP

# Not rall to see Merion Automatic Gas Water Heater

Installed In Conshohocken Realty Corporation New Houses

After quite a period of experiment and development, we announce the perfected MERION Automatic Storage Water Heater. The heater has been designed, complete with insulation, thermovalve and stand, and ready for installation. It is destined to mark a vast improvement over the water heaters now on the market and eliminate the drudgery of the coal scuttle.

Home owners can now secure a heater that will fill a long looked for need, surpassing all automatics, irrespective of price. Its design has brought beauty in appearance, with perfected mechanism and a correct principle, giving the essential features.

# Automatic Hot Water Service Economy of Operation Extremely Low First Cost

ITS PURPOSE-

To supply hot water, all the water you want, when you want it, day or night, at the turn of the faucet.

ECONOMY OF OPERATION—

Continual automatic hot water service at the lowest possible gas cost.

AUTOMATIC-

Merely light the pilot when put in service, and forget the heater, for the pilot is automatically controlled and operates itself.

The manufacture of the Gas Water Heater adds another "Electric-Weld" Product, increasing greatly the output of our plant, adding further prestige to Conshohocken, as the heater will be marketed throughout the nation. Conshohocken shall have the first opportunity of seeing and using our new product.

ALEKANTARIA BIBIARIA BIBIARIA

# **GULF MILLS**

Mrs. William Markland and sor Edward, of Swedeland, have returned from a visit to Chester. Mr. and Mrs. Howard Knabb Swedeland have returned from sojourn to Atlantic City.

The public schools of Lower Merion township will re-open for the new term on Tuesday September 9th Mr. and Mrs. John McFarland will leave this week for a trip through Canada.

Mrs. Abraham Davidson, Jr., Philadelphia, formerly of Gulf Mills has been ailing with tonsilitis. A number of persons from Me

chanicsville will enjoy a moonlight ride on the Delaware to-morrow night to Wilmington.

About thirty persons from Mechanicsville are perfecting plans for a motor bus trip to Central Park in Allentown on Labor Day.

Raymond McIntyre of the Balligo road, Gulf Mills, is confined to his home by illness. It is feared that he will develop typhoid fever.

Mrs. Percy Catty and children of Wilmington, Del., are visiting Mr. and Mrs. Charles Duncan at Me-

Elsie Cook daughter of Mr. and Mrs. Walter Cook of Chester, is spending a week with her uncle and aunt, Mr. and Mrs. Garfield

John Ramsey and William Ramsey motored to Trenton on Friday last and attended the automobile races at Flemington, N. J.

Mrs. Catherine Rynick of 1104 West Airy street, Norristown, 98 years old on Tuesday. She is the oldest woman in Norristown and one of the oldest in the county. Mrs. Rynick is in good health and is active about the house. She has many children and grandchildren and eight great grandchildren.

Miss Gertrude Cassell of West Point, teacher in the primary grade at the Gulf school last term, is home from the West Chester State Normal school, where she has been taking a summer course. Miss Cassell has been assigned to her forme position at the Swedesburg school in Upper Merion, and will be succeeded at the Gulf school by Mrs. Raymond Cole, who was assigned to her former position.

The State Highway Departmen has closed both the Montgomery avenue and the Gulf road to traffic at Gulf Mills until the improvements on the two highways are completed. Traffic north is obliged to detour over the Matson Ford to Conshohocken while south bound traffic is obliged to detour over what is known as the "College' road which extends over from the Gulf road or Montgomery at the 15-mile hill to the Balligomingo road at the old brewery. Traffic can be diverted at other points among them being the "Hollow" or "Gypsy" road to Radnor. The latter is a dirt road and extently through the 100-mile woods to Morris's corner, Chester county. The improvements to the State road here are the most extensive since they have been under the jurisdiction of the commonwealth.

With the opening of the Upper Merion schools on Tuesday next, a number of new members of the faculty will be at their posts of duty. There will be a new principle at the Swedeland school, the board of education having selected David will suc ceed J. P. Lafferty resigned. At the Port Kennedy school, Paul Hubble of Doylestown will have charge taking the place of Miss Ada Powell, who resigned after many years of service. The school at King-of-Prussia will continue in charge of Miss Sarah Carlin. A full list of teachers will be on hand on the opening day and according to the enumeration of school children in the district a record breaking attendance is expected when school starts. The schools will hold a half session next Tuesday and in the afternoon the teachers will meet at Swedeland school when the work of the fall and winter will be announ ced. Children in the outlying districts will be conveyed to Swedeland by bus. This year a change has been made in the schedule, as one additional bus has been placed in service. This was made sary owing to the fact that the seventh grade and eighth grade in the Gulf school will be transferred to Swedeland. Children from Heavenerville will leave at 8.36; Crooked Lane, 8.40; Swedesburg, 8.15; Gulf The cellars of all the schools have been stocked with fuel for winter. In addition to the changes the teaching force aforementioned, Miss Browne will be a new teacher in the upper room at the Gulf school. There will also be new teacher at Bird-in-Hand to succeed Miss Mulford and at the other schools some will be in charge.

Walter Leach of McKeesport, Pa. spent Sunday with Mrs. Sarah H. Pierson at Mechanicsville.

general.

the Gulf Christian church on Sunday morning last. The pastor, Rev. John C. Barrett spoke from the theme "The Most Beautiful Thing in the World." In the discourse Rev Barrett handled the subject from two viewpoints mamely: First, what is beauty? second what is the most eautiful thing in the world? As to the first point in his defining of beauty he concluded with quoting John Keats the English poet in summing up well the definition of beauty when the poet says: "Beauty is truth, truth beauty. As to the secand point after speaking of the many things people regard as peautiful such as poetry, the works of art, music, the peace of an armistice, the re-union of love and lover, mothers' love and due spect paid to some deceased one Rev. Barrett gave his decision of what he considered the most beautful thing in the world when he said it was an altruistic deed, deed which forgets itself and falls into the ground and dies. This is to say a deed which is performed totally for the good of humanity To prove that an unselfish deed is the most beautiful thing, the speak er said, "walk with Jesus in Galilee and go with him in Pilates judgement hali; walk with Him into the Garden while the dew is still on the roses. And then walk awhile with the great martyrs and patriarchs: visit Socrates in Grecian poems, Savanorola, Thomas Equinas, Washington at Valley

Mrs. Josephine Gamble and Mrs Sara DeHaven of Mechanicsville, attended the twenty-third re-union of the Shimer family which was held at the home of Mr. and Mrs. Porter Shimer in Easton Wednesday. The re-union was in the nature of a basket picmic and tables were provided for the large number of members of the family who assembled from various parts of the country. Besides Mrs. Gamble and Mrs. Sara DeHaven, other members of the Shimer family in this locality are Mrs. Edward Bernardo, Mrs. Benjamin Craigmire, Mrs. I. N. upon request Contains valuable information on the subject of Wills and the Settlement of Esates. Send for your copy.

consider it before you select your executor. Then you will be sure to name a Trust Company instead of 'an indi-.vidual. The Trust Company offers

you not one but several minds -each of them skilled in their respective work. They bring to your estate the knowledge gleaned from the settlement of hundreds of estates. Investments, tax problems, court and legal procedure-these are like an open book to the Trust Company.

Morristown-Penn Trust Company

Assets 20

Montgomery, County's Largest Bank

But, can you say that of the individual executor who seldom settles more than one estate in his lifetime? Must not his work be largely an experiment.

Weigh values-especially when the service of a Trust Company costs no more (often less) than that of the individual. And, if you wish further information on this subject, ask for our booklet -WILLS and the ADMINIS-TRATION of ESTATES. It is the boiled-down experience of our half-century's work in this field.

### classified columns in this issue. In it are interesting bargains. Perhaps one you want.
