Earl Riley to be Ordained in Baptist Church

Special Service Will Be Held in Ballingomingo Baptist Church Sunday Evening

PASTORS IN SERVICE

Candidate Is Pastor of West Side Church.—Has Record for Scholarship

Ballingomingo Baptist Church of West Conshohocken will be the scene of a special service Sunday evening, the occasion being the ordination of the pastor, Rev. Earl Riley.

Rev. Abner James Davies, pastor of the First Baptist Church of Conshohocken and dean of the ministers of the borough, will preside and give the invocation. Heads of the Eastern Baptist Theological Seminary and a number of visiting pastors will take part in the services.

The ordination sermon will be delivered by Dr. John B. Chambliss, professor of theology at the Eastern Baptist Seminary, and the ordination prayer will be offered by Rev. Edwin Frey, associate pastor of the Third Baptist Church of Germantown. The band of fellowship will be extended by Rev. Mr. Davies. The charge to Candidate Riley will be given by Rev. Charles E. Lunn, pastor of the First Baptist Church of Coatesville, and the charge to the church will be given by Dr. James A. Maxwell, professor of English Bible of the Eastern Baptist Theological Seminary.

The scripture lesson will be read by Rev. Marshall W. Lee, pastor of St. Paul's Baptist Church, Rev. William S. Christie will make a prayer, Miss Martha Hany, organist and chorister, will preside at the organ.

Rev. Earl Riley is a native of Oklahoma, having been born at Council Hill, the heart of the Indian country. He attended public school in Oklahoma and in 1925 graduated from Bacone College, an Indian college at Muskogee, Oklahoma. At the time of his graduation, he was valedictorian of his class for the two years in Junior College. He attended the University of Redlands at Redlands, California, in the fall of 1935 and continued his schooling there for two years. He majored in Physical Education, receiving his special coaching credential and his high school teaching certificate for the State of California. He was outstanding in sports while at the University of Redlands and received many awards for his athletic ability, his sports being football, basketball and baseball.

Mr. Riley decided to enter the ministry while he was a Senior in college. He enrolled at the Eastern Baptist Theological Seminary in Philadelphia and crossed the continent to continue his studies for his noble calling, entering the Seminary in the fall of 1937. He continued his studies for three years and at the same time took a course at the University of Pennsylvania, having been awarded a scholarship by the university.

During his first year at the Eastern Baptist Theological Seminary, he was awarded first prize for scholarship, a cash award of \$150. He graduated from the Seminary on May 28, 1940 with a Bachelor of Divinity Degree, and on June 12 received a Master of Arts Degree from the University of Pennsylvania.

Rev. Mr. Riley accepted the call to the pastorate of Ballingomingo Baptist Church on April 1, 1939. He was unmarried at the time and on June 25, 1939, he married Miss Mildred Kemper of San Bernardino, California. The wedding was solemnized in Oklahoma.

The West Side pastor is fond of athletics. During his first year at the Eastern Baptist Theological Seminary, he organized a basketball team which played many games and made a good record for the Seminary. Last year he organized the Ballingomingo Baptist team in the local Church League and played center on the team which ended the season as runner-up to the pennant-winning Episcopal team. He was selected as the most valuable player in the league for which he was awarded a handsome trophy.

7th Anniversary

Stern Company Recently Renovated Store

The seventh anniversary of the Stern Furniture Company of Norristown, 164 West Main Street, is being observed this week.

Recent interior store improvements have increased floor space by several thousand feet and have made the firm one of the largest and most modern appointed retail furniture outlets in this section. In 1933, according to Willard S. M. owner and manager, the store occupied only the first floor of the present building. Today all three floors have been developed for selling and showroom space.

County H. A. Closes Office

Vice Chairman of Housing Authority Announces Closing.—Owes County \$9600 Advanced for Three Surveys

The fate of the Montgomery County Housing Authority remained in the balance today with an announcement from Miss Blanche Meeses, vice chairman, and acting head of the Authority that the office in the court house annex at Norristown had been closed effective at once.

Announcement of the closing of the office was sent to the other three members of the Authority over the signature of Miss Meeses, who has been acting chairman since the death of Chairman Frank A. Schrepfer, this spring.

But while the closing of the office caused only mild concern among county officials, the question of what is to become of the \$9600 owed the county by the Authority for the work of surveying proposed projects in North Hills and Norristown decided when and if Pottsdam Norristown needed a housing project amounted to \$5000, and after it was completed Norristown Borough Council "tabled" the resolution which would have started the \$9600 operation. North Hills was abandoned that Norristown could go ahead, and now the proposed expenditure is being considered by Pottsdam.

The need of funds to complete a survey in Pottsdam must come from the county, and while the County Commissioners have not banned future loans, it is doubtful if more funds will be advanced until some definite and concrete assurance that the work is to be done has been given the commissioners.

Under the Housing Act the money advanced is to be returned when projects are finally approved. Whether Pottsdam will be asked to meet the \$9600 thus far advanced by the county, is a question to be decided when and if Pottsdam goes ahead with its proposed operation.

The Housing Authority is now composed of four members: Miss Blanche Meeses, Lewis Merion, Joseph K. Weaver, Lansdale, Richard P. Smale, Pottsdam and Felix Perry, Chestnut Hill.

The fifth member was Frank A. Schrepfer, Norristown, for some time its chairman, whose death terminated many months of active interest in the housing authority activity.

Since his death the authority has been functioning with but four members and without a chairman, a situation which Schrepfer never having been named.

Miss Meeses and Smale are appointments of the Montgomery County Commissioners and Perry and Weaver were named by Governor James. Schrepfer also was named to the authority by Governor James.

Three Cars in Crash on Fayette Street

Two automobiles were badly damaged in a three-car collision which occurred in Fayette street just beyond the borough limits early last evening.

Trying to Save Boats, 2 Drown At Boys' Camp

Two U. of P. Students, Counselors at Camp, Perish in Raging Creek Waters

ONE BODY RECOVERED

Boat Carried Toward Water Falls, Overturns.—Boys Swept Against Rocks

Two counselors at a boys camp were drowned last night at 11 along the Unami Creek, above Summerville, when they attempted to save two boats, which were being carried away by the sudden rise of the creek.

The victims, Stewart Smythe, 18, 4208 Tyson street, and Warren Trexton, 19, 229 West Apple street, both Philadelphia, were believed swept against rocks by the surging current, although both boys were described as good swimmers. One of the bodies was recovered at 11:30 today.

The boys with a companion, James LaFore Tabor, 20, Lewisburg, N. Y., were in a small row boat, according to Camp Director Dana How, when the boat was carried toward water fall. It apparently struck a rock and overturned.

Other counselors on the shore sought to aid the boys, but witnesses said that they were swept quickly away, before companions could put out in other boats to aid them.

All three were students at the Wharton School of Finance, connected with the University of Pennsylvania. They had been at the camp for the summer, where they were part of a force caring for 140 boys. The younger boys, ranging in age from 8 to 15 years, were unaware of the tragedy, and this morning they were taken for hikes, as State Police and officials from neighboring camps sought to find the bodies.

The boys were connected with the University Camp located three miles southeast of Summerville. Last night the heavy storm caused a curtailment of the camp program, and virtually all of the counselors had retired, according to How. It was nearly 11 when the rising water caused one of the counselors to investigate, and there followed an attempt to save the bodies.

Camp Del Mont, official Boy Scout summer recreation home for troops in the Delaware and Montgomery County areas, is a half mile below the University Camp. Counselors from local camps were sent to the banks of the Unami until dawn, but no trace of the bodies was found.

The Delmont officials stretched a net across the center of the creek within an hour of the drownings in the hope of locating the bodies from being carried farther down stream.

The Green Lane Fire Company sent a fire truck early this morning to the scene, and the powerful lights of the apparatus were used to aid the search, but it was not until nearly nine o'clock that grappling hooks were obtained.

State Police reported they were not notified until 2:15 a. m., despite the fact the drownings occurred over three hours earlier.

Plan to Take 1000 on Shore Outing

With more than 500 tickets sold up to last evening, it is expected a crowd numbering one thousand persons will attend Conshohocken Day at Atlantic City tomorrow under the sponsorship of the Conshohocken Athletic Club.

To Hold Inquest Into P. J. Caffery's Death

An inquest will be held at 10 tomorrow morning by Coroner Winslow J. Rushing in the Grand Jury Room at the Court House, into the death of Peter J. Caffery, 35, 2437 West Fifth street, Philadelphia, who died as the result of injuries received in an automobile accident June 28, on Ridge pike, Black Horse.

Caffery was operating an automobile in a westerly direction on the pike when it figured in a collision with another car traveling East, operated by Bernard DeAngelis, 24 Black Horse, who was enroute to his place of employment at the time DeAngelis escaped injury.

At the time of the accident Caffery was accompanied by a sister-in-law, Genevieve Boyell, of Roberts avenue, Cedar Heights.

Caffery was well known in Norristown where he formerly operated a tap room. He was a native of this borough.

Use Airplane in Refugee Work

Woman Pilot Offers Services of Self and Plane to Chairman, for County Refugee Work.—Women's Clubs Organize for Work

A plane and pilot to expedite the Montgomery County Refugee Relief Committee's work in aiding children from war-threatened areas was placed yesterday at the disposal of the county chairman, Mrs. C. B. Burke, Plymouth Meeting.

The plane which will be available for Mrs. Burke's use in the movement to find homes here for children from Europe, "for the duration" was offered by Mrs. D. A. Luscombe of Gwynedd Valley, who will act as pilot. Mrs. Luscombe keeps her plane at Wings Field.

Two thirds of the Montgomery County women's clubs are now organized in the county mobilization movement to bring children to this country from Europe and secure homes for them.

This report was made yesterday morning at the second of the Montgomery County Refugee Relief Committee meetings held at Clifton House, Fort Washington Mrs. C. B. Burke of Plymouth Meeting, county chairman, presided at the enthusiastic session attended by 25 prominent women.

New requirements as announced by Mrs. Burke: To secure persons or service and church groups who will not care for children but are willing to pay the entrance fee totaling \$63. This includes the \$30 fee for the government for a trust fund plus \$13 immigration tax per child and transportation from port of entry; persons willing to pay the \$63 and also care for the child; others with good homes where children could be boarded.

Persons who desire to support a child from abroad but cannot care for the children in their own homes are asked to notify Mrs. Burke or the club presidents in their districts.

Registration of women workers to assist the committee was another important item discussed at the meeting.

Women free to go to New York or Canada to accompany children, if called upon, are asked to register with their local club officials. Also women with automobiles to provide transportation on short notice from trains to one of the distribution centers for children; women who can assist at these centers by bathing children, entertaining them or doing clerical work.

Fine Drivers On Drunken Driver Charge

Three Motorists Each Fined \$100. Costs in Plea Guilty Court Today

GIVEN JAIL SENTENCE

Motorist Fined on Drunken Driver Charge, Given Jail Sentence on Second Charge

Harry G. Adams, 42, of North Sixth street, Reading, arrested at Main and Franklin streets, Norristown, by Officer John McCrudden, entered a plea of guilty to a charge of drunken driving and was directed to pay a fine of \$100 and the costs.

William Burton, 26, Market street, Philadelphia, charged with drunken driving and failure to stop after an accident, was sentenced to 30 days in the County Prison and to pay a fine of \$100 and the costs on the drunken driving charge and was given a similar sentence on the second bill, the sentences to run concurrently.

Burton was arrested July 24 by Chief David Egan, White Marsh Township, after his car figured in an accident with another automobile on Ridge pike, Harmanville. Police testified Burton was apprehended seven miles away from the scene of the accident. Attorney Saffery entered a plea of guilty to the sentence at noon, but no decision had been made as yet.

William Wilson, Jr., 35, Ithan street, Philadelphia, arrested by Lower Merion police on Lancaster avenue, entered a plea of guilty to a charge of drunken driving and was directed to pay a fine of \$100 and the costs of prosecution. Wilson admitted he had had "15 or 18 glasses of beer before his arrest."

John J. Phillips, 33, Ringold street, Philadelphia, charged with drunken driving and failure to stop after an accident, was sentenced to 30 days in the county prison and to pay a fine of \$100 and the costs.

Stole Store Coin

Eva Bunn, 19, colored, of Sewell, N. J., who admitted stealing a department store coin from the pocket of her employer's wife, while the latter was a patient in a hospital, and of obtaining goods valued at \$70 from the Strawbridge and Clothier Store, Philadelphia, was sentenced to serve 70 days in the county prison and to pay the costs.

Permit Records Kept in Civilian File

Emphasis was placed today by Sheriff R. Ronald Pettre, on the fact that photographs and fingerprints of those persons making application for gun permits are kept in a civilian file and are not a part of the file maintained for criminal records.

The fact that the photographs and fingerprints were being required did not annoy most of the applicants as much as the thought that their photos and fingerprints would occupy places among those of the county criminals.

Sheriff Pettre, upon learning of this complaint issued a statement to the effect that all such records are kept in separate civilian files not only in Montgomery County but in Washington, D. C., as well.

At the same time, he announced that Tuesdays and Fridays have been fixed as the days for the taking of the photographs and fingerprints of applicants for gun permits.

Start Construction of Fayette St. Store

Ground was broken on Wednesday for the erection of a modern self-service food market for the Great Atlantic and Pacific Tea Company, at Sixth avenue and Fayette street.

The contract for the erection of the building has been awarded to Forrest Goldshall of Mayfair, Philadelphia. The building, one-story in height, is to be completed by September 1.

The contract for digging the cellar work on which started two days ago, has been given to Thomas Maloney, of this borough.

The tract of ground on which the building will be erected was recently sold by the First National Bank of this borough to Morris Moore, an attorney of West Chester. The tract has a frontage of 65 feet and extends in depth 240 feet to Harry Street. It is part of the tract that originally comprised the property of Washita Tribe of Red Men. Part of the tract was sold earlier in the year to the Sun Oil Company to be used as a site for a modern service station, which will be operated by William C. Koch, now located at 121 Fayette street.

To Improve DeHaven Ave.

West Side Council to Give Preference to Rebuilding Avenue.—A County Aid Project.—Borough's Share of Cost, \$2000.

Re-building DeHaven avenue will be given preference over all other county-aid work, it was voted by West Conshohocken town council at an adjourned meeting Tuesday night, after president Albert Rhoads reported he and Burgess McElhatton had conferred with O. C. Cook, in charge of roads and bridges for the Montgomery County Commissioners, relative to the cost of construction.

West Conshohocken Borough has applied for county-aid to construct Moir avenue in addition to DeHaven avenue. According to the report submitted by President Rhoads, the total cost of DeHaven avenue is estimated at \$3000, of which the borough will be called upon to pay an amount not exceeding \$1200. The estimated cost of Moir avenue is \$2000 and the cost to the borough will not exceed \$800.

Both thoroughfares will have to be curbed before the county will attempt to begin their work. Application for a WPA grant for the purpose of installing the curbs has been made but as yet no word has been received as to its approval.

Insurance on the borough truck was awarded Mrs. Isabel C. Tyson. The matter of warning on dogs that are installed in the curbs has been discussed. Burgess McElhatton reported that as soon as the representative of the S. P. C. A. can obtain an experienced helper the work of rounding up the dogs will be started. Many complaints have been received by the borough of people being bitten by strange dogs that are roaming the streets. One of the victims was an aged man who was severely bitten on the leg.

Permission was granted to use Merion avenue between Ford and George streets, the last three nights of this week for a block party for the benefit of St. Gertrude's church. The absentees were Messrs. Costello, Ingram and Leflar.

Swimming Stopped; 25 Boys Picket

Twenty-five boys, ranging in age from 8 to 15, picketed borough hall at 1:30 today, urging the building of a swimming pool or restoration of the creek to swim in "The Creek" located between the Reading and Pennsylvania railroad tracks at Connaughton.

The campaign was the result of measures taken by the Reading Railroad to break up the practice of swimming in the creek, solely as a safety precaution.

Lightning Wrecks New Bldg. Nearing Completion—House at Miquon Struck—Poles Down

Bolt Splits Walls of Skating Rink Being Erected in Ridge Pike by Art Schlager.—Planned to Take Out Insurance on Building Yesterday. Deferred Action

SEE FISH IN SPRING MILL AVENUE GUTTERS

Firemen Save House at Miquon Struck by Lightning.—Poles, Wires, Trees Blown Down.—Chimney of House at Eighth Avenue near Wells Street Also Struck

Art Schlager, skating rink proprietor here, was scheduled to visit the office of a local insurance agent yesterday to take out a \$35,000 policy, for complete coverage of his new ice and skating rink now under construction on Ridge pike, opposite Pateo Flying Field, Plymouth Township.

Busy with supervising the work at the new rink, scheduled to open September first, he put off his visit to the insurance office until today. Yesterday, also, was the date set for erection of a lightning arrester on a pole outside the new building. Threat of rain decided the Center Point contractor, scheduled to install the arrester, to wait until today.

Last night, close to 8, almost at the conclusion of the two-hour freak electric and hailstorm, which hit this area at six o'clock, a bolt of lightning split the new structure virtually apart, powdering dozens of the concrete blocks, blowing to splinters the lumber of several interior concessions, and ripping out twenty stout joists as it coursed straight through the center of the building.

The structure of steel and concrete blocks measures 180 feet by 30. Construction had advanced to a point of readiness for placement of the roof.

According to a nearby resident who witnessed the contact of the bolt, the lightning was so intense as it raced through the structure, that it looked for a time as though the building had caught fire. The wet condition of the interior, drenched by the two-hour storm, apparently prevented conflagration.

Another element in the unusual chain of events which magnified the accident, was the fact that just yesterday, a large quantity of steel for further use in the building had just arrived and lay in the center of the temporary floor. Steel columns, already set in place, were as yet un-coupled.

The steel is believed to have been instrumental in a striking "Blitzkrieg" assault by the elements. Damage was estimated this morning by Mr. Schlager at \$3200. Virtually all the work above the foundations must be rebuilt. In addition to the actual construction work, the delay in opening, which it is impossible to estimate, will be experienced. This opening date will be delayed at least a month, according to Schlager.

Schlager, who had done considerable minor contracting prior to engaging in the big business, was himself the contractor for the new rink, but stated it was the most ambitious building venture he had yet engaged in. Solomon Laverty, local contractor, was acting as superintendent of the work as Art's Airway Flyer, because of its proximity to the airfield. Construction has been underway since March.

Strikes House

The dwelling of Patrick Bradley, of Miquon, employee of Hamilton Paper Mills, was struck by lightning in the midst of the storm, the bolt first hitting the outside wires and coursing into the interior. Spring Mill Fire Company hastened to the house, but the blaze was extinguished before it was necessary for them to get into action.

A large tree limb, also falling in Miquon, is reported to have hit a newly-purchased automobile, said to be the property of Edward Burnhater, breaking the headlights and damaging the hood.

Poles Down

Three electric light poles, carrying live wires, among them believed to be some high tension lines, were blown partially down on the Jacob Hansel property on Spring Mill road, also blowing down a cherry tree about two hundred feet east of Ridge pike, in the midst of last night's storm. Telephone wires prevented the poles from falling on the highway, and with proper precautions taken by White Marsh Township police, it was necessary for them to get into action.

A large old tree was blown down directly across Park avenue, known as Old Back road, in the vicinity of Township Line, Chestnut Hill and close to the border of White Marsh and Springfield townships. Traffic (Continued on Page Six)

Exhibit of Glasses Added to Museum

Eyeglasses in vogue 140 years ago are now on display at the Lincoln Institute, the penny museum operated by three local boys to aid the Red Cross.

The eyeglasses are contained in an exhibit built by Dr. Leon Weissman, father of Bernard Weissman, one of the museum's three proprietors. Thirteen kinds of eyeglasses, including German aids to vision and the French pince-nez and bow-ties. They are considerably smaller and more oval in shape than present day eyeglasses, the rims mainly of grey metal.

In response to the boys appeal for a piano, the late Mrs. Cherry Lane Wilson, Art Schlager, skating rink proprietor, offered to furnish an instrument, if the boys could find a way to move it to the museum in the rear of 64 Forest street. As yet, no way has been found. The boys have substituted a victrola. Alex Voipe and Louis Weiss are the other boys interested.

Tomorrow the sum of \$136 will be turned over to the Red Cross, through Spencer I. Jones, treasurer, an additional proceeds from the museum. Already, fifty one cents has been turned over to the Red Cross.

Molly Tells of Al Fresco Supper, 'Salon' Musicales-Of Western Visitor, Trips

If music hath charms, those charms become veritable magic when its dulcet tones are wafted across a stone portico in the moonlight in a lovely, rural setting.

To lift a concert entirely out of the realm of things material, hear it with a moon slowly sailing over a muted turquoise sky, the deep warble of a far-off frog blending in with the bass clef, an obligato of crickets harmonizing with the treble notes, the faint perfume of a nearby garden enveloping the whole.

If you are fortunate enough to be among the guests at one of the delightful evenings which are wont to occur these Summer nights at the Evansburg home of Mrs. Dorothy Thomas, you will be sure you will agree with her that music is infinitely more than music against such a setting.

Gathered at the attractive house, thirty-five guests gave the event the flavor of a delightful continental "salon" moved outdoors, with the diversity of professions and interests represented. Almost duplicating the Mother Goose rhyme of "doctors, lawyers, Indian chiefs," there were doctors, lawyers, diplomatic chiefs, journalists, musicians, college professors, authors, executives.

Her book "Discovery of Elements," published in 1933, is now in its third printing. Dr. Weeks secured her B. S. degree at Ripon College, Wisconsin, and her doctorate degree at the University of Wisconsin. Mr. and Mrs. Walsh were the guests of Dr. Weeks at a concert at Ervine Auditorium, Philadelphia, last night.

Dorothy Thomas of Malvern, accompanied by her aunt, Rebecca Thomas of Paoli, is enthusiastic about their delightful motor trip to Mexico, which covered a month's time and from which they have just returned. Dorothy is the daughter of the Ralph Thomases, her mother a sister of Mrs. Frank V. Horton of this borough and Mrs. Archibald Fairbairn of Norristown, former Conshohockenite.

Rev. and Mrs. Stanley R. West of Calvary rectory, are entraining on Tuesday for a month's western trip, planning to visit relatives in V. Horton of Los Angeles, going by way of Yellowstone Park and returning through the magnificent Canadian Rockies. They will be away until September 2, according to their itinerary. Rev. Eldon B. Mowers, rector of St. Peter's Church at Huntingdon, West Virginia, will visit throughout August in the local pulpits, with Rev. James Niolo, rector of St. John's P. E. Church, Norristown, officiating on September 1st.

Supper, too, had the same delightful Old World flavor by reason of a sprinkling of native dishes of Hungary, the homeland of Dr. Denno, where he received not only a thorough musical education, but gained an L.L.D. in academic studies. Dr. Andrew Denno, a member of the faculty of the University of Pennsylvania and his delightful bride wife, a double for Helen Hayes, joined with the musician in entertaining. The latter, who has directed the Philadelphia Orchestra among other major musical aggregations, has plans for gaining musical recognition for Montgomery County that will be of tremendous interest, when the announcement is made. Molly hopes that will not be too far off.

Guests at the Denno party included, among others, Dr. James L. Boswell, of the Ursinus College faculty, and Mrs. Boswell, also of Evansburg; Camillo Camara Consul to Philadelphia from Portugal, and Mrs. Camara, Dr. Rutherford John and Captain and Mrs. Meyer Casman, of Philadelphia; Mr. and Mrs. George J. DeLoach, of Villanova; Mr. and Mrs. Bernard Doreudore of Cynwyd; Dr. and Mrs. Rui Goncalves of Lisbon, Portugal; Dr. and Mrs. J. Stewart Lawrence of Reading; Mr. and Mrs. Douglas MacDonald of New York City; David Moreschini, Consul to Philadelphia from Brazil, and Mrs. Moreschini.

An interesting reunion last week here, when Dr. Mary Elvira Weeks, assistant professor of chemistry at the University of Pennsylvania, visited the Lawrence-Walshes. Following the close of World War One, the Walshes and Dr. Weeks were associated with the New Jersey Zinc Company in Franklin, N. J., but

St. Mark's Group Meets

Mrs. G. E. McCarty, wife of the church pastor, Mrs. Sara Vercoe, Mrs. Anna Beane, Mrs. Elizabeth Mag. Olive, Edna Hipple, Marjorie Hall, Olive Hart, Elsie Emery, Bernice Maxwell and Clara Marks took part in the discussion on the evening topic "Women and the Way to China" at a meeting of the Women's Missionary Society of St. Mark's Lutheran Church, Tuesday night at the home of Mrs. L. W. Morrison, King of Prussia, aunt of Mrs. Margaret Nagle, West Tenth Avenue, director of the meeting.

After the business meeting and program, a hamburger fry was held on the lawn of the Morrison home. Miss Bernice Maxwell presided at the business session. The next meeting of the group, it was decided, will be held in September.

Motion Picture of Dutch New Guinea

John R. Turnbull, who has recently returned from an extensive tour of the mission stations of the Christian and Missionary Alliance in the Netherlands East Indies, will be the guest speaker next Wednesday evening in the Ballingomingo Baptist Church of West Conshohocken in the absence of Rev. Earl Riley, pastor.

Mr. Turnbull is the first white man to go into this part of the world and has some excellent motion pictures of the Paqan warriors of Dutch New Guinea which he will show at the West Side church. In addition to the pictures, he will bring with him a number of young people who will present special music.

During his trip Mr. Turnbull visited the Wissel lake region of New Guinea and took motion pictures of the Paqan Indians who are still living in the most primitive manner. They have never contacted the outside world and are still the true warriors of the old periods of history. Christianity is being taught there to some extent but they are far from being able to understand civilized ways as yet. The pictures show the real native as he is in costume and activity.

The Dutch Government did not know of the presence of these Indians until recently when they were discovered by some scientific explorers who flew over the region. It was not until October, 1937, that the first expedition by foot was made into the interior of this country. Today there are two missionaries working among these people.

Every one attending the service will receive a shell, which the Paqan people use for money. Each shell represents a day's salary. The service is open to the public. No admission will be charged but an offering will be lifted to pay for the expense of having the pictures brought here.

IN MEMORIAM

KRUSZYNSKI—A tribute to Mrs. Janice J. Kruszyński, who passed away two years ago today. The loveliest, dearest wife. Like a Madonna was she. The tenderest, sweetest mother. She was so very young. Throughout her short life. A smile for all she met. And always a word of good cheer. We and her friends cannot forget. The things she loved and enjoyed. Are in our presence yet. But memories of her wonderful love. Can't be forgotten.

Fingerprint Amateur Radio Operators

Sixteen amateur radio operators in this section have been fingerprinted today. One was a resident of New Holland, Pa., who had to come to Montgomery County to obtain a birth certificate and stopped off at the office of the County Detectives to get fingerprinted as well.

Barren Hill

Mr. and Mrs. Frank Mack of Center avenue returned on Sunday from a several days' stay at the New York World's Fair.

Virtually all persons that assisted with the recent Barren Hill Fire Company carnival were entertained at dinner last night at the Old Mill Tea House, Horsham. Close to 70 were present.

The group made the trip in private motor cars.

A meeting of the Ladies Auxiliary of the Barren Hill Fire Company was held at the fire house following the return of the members from the dinner at Horsham last night. Mrs. William Hughes, vice-president, was in charge in the absence of Mrs. Clarence Knode.

Plans for a trip to Atlantic City to be held within a few weeks was discussed but no definite date set.

Approximately 48 members of the Ladies Guild of St. Peter's Lutheran church enjoyed a picnic to Harperr's Grove, Chestnut Hill, along the Wissahickon on Wednesday. Covered dish lunches were carried to the Grove and games were played following the luncheon. Mrs. J. H. Dager was chairman of the event.

Guests from Arizona
Mr. and Mrs. D. H. Prettyman, of Casa Grand, Arizona, and Mr. and Mrs. Patrick Prettyman, of Phoenix, Arizona, were guests of Mr. and Mrs. Eric Hallman, of Church road, this week. Mrs. Patrick Prettyman is a niece of Mrs. Hallman.

Mrs. M. H. Beeton, of Lexington, Va., who has been visiting her daughter, Mrs. Eric Hallman, for several weeks, has left for her home.

Enumeration Progressing
Enumeration of pupils in White-marsch township is progressing rapidly according to I. A. Horne, superintendent of White-marsch township schools, who is personally conducting the enumeration.

One-half of the entire district has been completed. The east district, which takes in the section known as White-marsch has been completed and a large part of the middle district also. There is a strong indication of a large first grade enrollment come September at the Barren Hill school, according to the figures.

Philadelphian Brotherhood Picnic
A number of members and friends of the Barren Hill Men's Club will attend the second annual Philadelphia District Lutheran Brotherhood Picnic to be held tomorrow from 10:30 A. M. to 3:30 P. M. at the Lutheran Orphanage, Germantown avenue, Mt. Airy.

I. A. Horne, president of the Barren Hill organization, who is also president of the Philadelphia District Brotherhood comprising more than 60 churches, is general chairman of the outing. Other members of the committee are William Spangler, Leon Nible, and Royal Miller. Last year the picnic was held at Rustin Park, between Paoli and West Chester.

The picnic is open to members of the Brotherhood and their families and to other members of the church not necessarily members of the Brotherhood. Box luncheon will be carried.

There will be games and other contests including quills, softball, tennis, etc.

Luck Favors Summerill in All-Star Game

Darkness Ends Game in First Half of Eighth. After Stars Had Gained Lead.—Score Reverted to Seventh.

Summerill Tubing defeated the Twilight League All-Stars 5-3 in an exhibition game on the Conshohocken field Wednesday evening but the Tubers owe a big vote of thanks to the weatherman who came in as a pinch performer in the first half of the eighth inning and entailed the countryside in dark lowering clouds, necessitating the calling of the game.

Even under the circumstances, the cash customers were treated to an excellent ball game during the little more than seven innings of play. Instead of the announced starting hurler, Harmer for the Stars and Kelso for the Tubers, neither of whom had the slab to begin the contest, D'Amico was the selection for the Stars and Peale opened the mound duty for Summerill but neither was doing the chukking chores at the end.

After each side had scored one runner in the opening frame, both teams went scoreless in the next two frames. In the lower half of the fourth inning, the Stars were forced to draw up on even terms with their opponents. The Tubers put on a two-run rally in the seventh and this proved to be the deciding margin as the storm clouds that darkened the surroundings nullified the three runs that had already been scored by the Stars in the first half of the eighth inning.

STUNTS AT HATHFIELD FAIR ON SUNDAY
Brand new automobile and motorcycle stunts recently conceived for the movies will be attempted by Lucky Teeter and his Hell Drivers when they present their only show of the season at the Montgomery County Fair grounds Hatfield on Sunday.

The twenty-eight high-speed automobile and motorcycle stunts will start at 2 p. m. and feature the world's champion daredevil and his reckless speed kings will drive with in the aerial cross-cross. Harry Woolman will race his motorcycle off a steep incline and soar into the air toward a revolving platform, while Daring Daniels swerves his motorcycle beneath Woolman's spinning wheels.

In the Dynamic Drive Teeter will crash a stock sedan through a burning tunnel of plunging logs with high explosive. In the Suicide Leap Harry Woolman will race a motorcycle up a steep incline plunge through a burning hoop and attempt to land on a narrow receiving platform.

Boy Scout Troop to Go to Camp Delmont

Thirteen members of Matsonford Troop No. 6, Boy Scouts, connected with the First Baptist Church, will leave Sunday morning for a week's stay at Camp Delmont. They will assist scoutmaster of the troop and neighborhood commissioner.

The local troop will be quartered on the south side of Dan Beard's row. The Scouts who will make the trip are: Calvin Bergquist, Albert Risley, Jr., James Ferrer, James Lavin, George Irwin, George Norcross, Clarke Lebold, Robert Burns, William Mellon, Melvin Nixon, John Kravsky, Edward Davis and George Webber, Jr. Members of the troop committee, Howard Roberts, chairman, will take the boys to camp.

George Irwin has been at Camp Delmont this week as a member of the troop acting as orderly to Camp Director Pettinelli.

The troop committee will visit the boys on Saturday, August 3. They will remain for supper and later attend the campfire.

Many Entries For Local Open Golf Tourney

Much Interest Centers in Third Annual Event.—Prominent Sportsmen Enroll.—Awards for All Classes.

More than 50 entries already have been received by John Kelly, chairman of the entries at Marble Hall golf course for the third annual Conshohocken Open Championship which will be held next Friday, August 2, at Marble Hall.

The handsome loving cup to be known as the Marble Hall Trophy will be presented to the winner of the entries at the Highland Shop of Jim and Len Talone at 108 1/2 Fayette street on Monday.

With more and more golf-minded residents of the borough looking to the Conshohocken Open which will be played on the clubhouse at the borough limits or within a two-mile radius of the borough, it is expected close to 200 will be entered which next Friday rolls around.

There is much more interest in the event than either last year or the year before. In fact, the committee wishes to make it clear that the entry fee takes care of everything, and includes entry, greens fee and shower after the round. Entrants will be teeing off from early morning until a couple of hours before darkness.

In the guest class there are many prominent sportsmen who will be entered, including Rubie Walkers, former All-State and Boston Red Sox pitcher, Mike Wilson, All-American football star at Lehigh and later with the Pittsburgh Pirates National League baseball team; Charles McLivane, former Olympic doubles sculling champion with Paul Costello; George Fazio, now a resident of Conshohocken and pro at Glendale C. C.; Puss Holland, of West Conshohocken, now pro at Woodbury, N. J., and John Griffin, Marble Hall pro.

Among the local boys expected to make a battle for the title are Pat Tomczak, defending champion, whose 74 captured the titular honors last year; Stan Lasota, Bub Keyser, John Kelly, and Tom McGuigan, former caddy master at Marble Hall.

Altogether it should be a gala day for Conshohockenites. And don't forget, whether you are a pro, cadet, or just a plain ordinary carpet beater, you're all eligible to play and try for one of the many awards.

Bowling Gains In Popularity In Hot Weather

Community Alleys Have Been Operated All Summer With Two Leagues Playing Regularly.—Alleys Will Close August 5 for Repairs.

Long winter evenings, hot torrid nights in summer time appear to be just as conducive to bowling as Charlie Lutter's Community Bowling Academy judging by the number of male and female keglers that just kept rolling along this summer.

Showing the way the game has captured the American public, one league which started in April completed its schedule on July 15 and the other league—composed of all women—is still operating each Tuesday night. In addition there is the summer singles, composed of eleven bowlers with the main idea of improving their games and averages. This is a non-league event, the boys just roll with the object of spilling as many pins as they possible can. Besides these three events, there has been any number of bowlers who have rolled much more this summer than during any previous hot weather period.

All of which tends to demonstrate the popularity of the game and the tremendous increase in interest in this section at least. Last year there were no leagues in summer here.

Amateur League Ends
The Amateur League, which concluded on July 15 after starting April 29, operated for the first time this year. This circuit was composed of four teams, and of bowlers who hadn't bowled with any league teams at Community alleys. They ranged in age from 17 to 25, and rolled each Monday night.

The four teams in the Amateur loop were Happy Valley, Bobcats, Butch's Cafe and the Indians.

Members of the Bobcats team which won the league title included Captain Joe Kelly, Frank Sutcliffe, Jack Smith, Al DeRosati, Reds Ricco and Cossie Pettine.

The team that came in second, Butch's Cafe had Captain Harry Szwedzki, Frank S. Subinski, Benny Janowski, Jack J. Zalazec, Joe Crosby and Bill Wells.

Third in the league was Happy Valley, composed of William Raymond, captain; Dan Webster, Leo Burt, Vic Cardamore, Eddie Gillespie and Joe Burt. The Indians, who finished in fourth place, included Captain Sam Januszewski, Lou Jacobs, Pete Alexander, Jui Helenski, Chick Mactheta, Johnny Dolawa, Jeno Petrolatti and Ears Dellpeuro.

Dan Webster, husky assistant at the Academy alleys, was the star of the circuit. Danny was hit in one award, but he was tops in the high single, high triple and high average. His high single game came on the last night of the loop when he rolled a 260 game. This enabled him to finish with a high triple of 825 and to boost his average to 173. Dan will get the high average award. High single game will go to Joe Crosby with 226 and high triple will go to Mike Zolotowski with 386.

Women's League
Hamilton is leading the Women's league at the present time, with the Conshohocken in second place. Woolworth's third and Washington Fire Company Auxiliary in fourth position.

Members of the Hamilton's team are Mrs. K. Thomas, Mrs. Hannah Davis, Sarah Davidson, Ella Hansell and Laura Fryer. Woolworth's team has Marie Brandt, Mary Puzinski, Vera Hiltner, Eva Thomas.

Among the local boys expected to make a battle for the title are Pat Tomczak, defending champion, whose 74 captured the titular honors last year; Stan Lasota, Bub Keyser, John Kelly, and Tom McGuigan, former caddy master at Marble Hall.

Altogether it should be a gala day for Conshohockenites. And don't forget, whether you are a pro, cadet, or just a plain ordinary carpet beater, you're all eligible to play and try for one of the many awards.

Legion Nine Wins From Cold Point

After more than a week on inactivity, the American Legion team returned to the diamond on Tuesday afternoon and turned back Cold Point 8-2 at the Center athletic field.

The Painters went out in order in the first inning while the Junior Legion came back in their half of the first when Ocinich reached second base on an error and crossed the plate on a single by Bill Bate. After both sides had failed to score in the second, the visitors came through in the third to score twice on three hits coupled with a base on balls. Trailing 2-1 as they started their half of the fourth, the embayed soldiers bombarded the offerings of pitcher Otley for seven hits and five runs to sew up the game. They added two more runs in the sixth.

Table with statistics for Legion vs Cold Point game, including runs, hits, errors, and pitchers.

The members of the Summer Singles department are John Paul, Ted Brown, Jerry Kelly, Joe Thomas, Bert DeSofiano, Ed Cardamore, Emmanuel Herrick, Henry Pirostone, Sam Cardamore, Ed Cooper and Harry Entrigault.

Herrick is pacing the outfit with an average of 187 and holds high triple with 660. Johnny Paul, the boy who checked off three 200s at the A. B. C. in Detroit in the spring, holds the high single record with 276.

The Community Alleys will close August 5, it is announced by Proprietor Charlie Lutter, for the month of August. Repairs and improvements will be made preparatory to the fall opening when one of the greatest seasons in bowling is anticipated.

K. OF C. PLANS PICNIC
Plans for the annual council picnic to be held in August were completed at the regular meeting of the Conshohocken Council, Knights of Columbus, last night at the council chambers in the K. of C. building. John Lynch, grand knight, presided.

George McFadden was appointed chairman of the motion picture committee which expects to have educational movies at the clubrooms in a few weeks. Other routine matters were discussed.

BENEFIT PARTY
P. O. S. of A Camp No. 18 of this borough will hold a benefit party Tuesday evening at the P. O. S. of A. hall, Second avenue and Fayette street.

Results of Games in Playgrounds League

The Aces registered their first victory of the season in the Playgrounds League yesterday afternoon when they walloped the Indians to the tune of 14-7. The battle was one-sided all the way.

Amassing five runs in the opening inning the Aces took the lead never to be headed. Another big inning, the fourth, when they scored seven more tallies, clinched the decision. After that they coasted on to an easy triumph.

In the spotlight for the victors was unquestionably P. Alfonso, their hurler. Not only did he fail to walk an opposing batsman and keep their hits well scattered but he had a perfect day at bat, getting four for four, all singles. He also scored three of his team's runs. H. Butera and L. Tavagnine also were active in the attack of the victors, each collecting three hits in four trips to the plate.

For the Redskins, J. Gregory, though pounded for 17 hits, managed to get two hits in four times at bat and to account for three runs. J. Berry, of the losers, collected the only three-base hit of the game.

The Bulldogs broke the brief winning streak of the Wildcats in the Playgrounds League by defeating them 11-9 Wednesday afternoon in a game which saw the Bulls score eight runs in one inning to clinch the decision. As a result of the reverse the Cats were toppled from their lofty perch at the head of the standing and were replaced by their conquerors, last year's champions. comfortable lead of 8-2 as the last half of the fifth inning opened. It was then that the Dogs, who had been a little too optimistic about their chances heretofore, put on the dogs and went on a real scoring spree. With the bases all populated and none out, Captain F. Tadeo slammed a terrific triple deep into left field, driving all three runs across the plate and they scored a moment later on a Wildcat error. The Cats were visibly unnerved and before the side was required four more tallies crossed the plate mainly because of sloppy fielding and throwing on the part of the Wildcats. The Bulldogs scored another in the sixth to give them an 11-8 lead. Kenna of the Wildcats tried to help matters for his team with a rousing round-tripper in the final frame but the lead was insurmountable and the Cats bowed in defeat a few moments later.

DEATHS

James D. Mitchell
James D. Mitchell, Sr., husband of Mrs. Mary Mitchell, one of the best known residents of White-marsh township, died at 9:55 this morning at his home on German-town pike, Barren Hill. He was 78 years old on Tuesday. In impaired health for several years, deceased suffered a stroke on Monday. He failed to rally after being stricken and passed away this morning.

Deceased was born in Crawford, Orange County, N. Y. He came to Barren Hill twenty-five years ago and has resided there ever since. He was a member of St. Peter's Lutheran Church and had a wide circle of friends.

In addition to his wife, he is survived by the following children, Charles of Middletown, N. Y.; Addie, wife of Walter Hoppert, of Pipe Creek, N. Y.; Conrad D. Jr., of Barren Hill; Paul B. of East Eighth avenue, Conshohocken; Emma, wife of Clarence Knoke of Harmanville, and Edgar, a member of the White-marsh township police force. Ten grandchildren also survive.

The funeral will be held from his late home on Tuesday afternoon at the convenience of the family, with Rev. H. M. Bower, pastor of St. Peter's Lutheran Church, officiating at the service. Interment will be made at Barren Hill Cemetery.

Dr. Albert J. Britt
Dr. Albert J. Britt, a native of West Conshohocken, died early this morning at the home of his sister, Miss Rose Britt of Rydal. He had been in failing health for several months.

Deceased was born in West Conshohocken, a son of the late Edward P. and Mary A. Kelly Britt. He attended the West Conshohocken public school and later entered Jefferson Medical College, Philadelphia, from where he was graduated. Immediately following his graduation he served an internship at Montgomery (at that time Charity's) Hospital, Norristown. He began his practice of medicine in Philadelphia and had his office at 1016 North Sixth street until six months ago when ill health compelled him to relinquish his practice. Since then he has resided with his sister at Rydal.

Dr. Britt is survived by two brothers, Benjamin and William Britt, both of Philadelphia, a sister, Rose, with whom he resided. His wife died early this year.

Funeral arrangements have not been completed.

Joseph Morgan
Joseph Morgan, husband of Mrs. Lillian Reed Morgan, of 5841 Old York street, Philadelphia, a native of this borough, died at 1 this morning in the Jewish Hospital, where he had been a patient for the last three weeks. He had been in ill health for some time.

Deceased, a son of the late Mr. and Mrs. Joseph Morgan, was born in this borough 62 years ago and lived here until his removal to Philadelphia twenty-seven years ago.

Wilfong, wife of George Wilfong, who died early Monday morning at Bryn Mawr Hospital, where she had been a patient for several weeks, was held yesterday afternoon from her late home on Rebel Hill and was attended by many relatives and friends. Services at the home were conducted by Rev. Caleb Crowson of Trinity Episcopal Mission of Gulph Mills. Interment was made in Gulph Cemetery.

Miss Nora E. Walsh
The funeral of Miss Nora E. Walsh, former well known Norristown resident who died Sunday afternoon at her home, 2027 Upland Way, Overbrook, after an illness of four months was held Wednesday morning from the home of her sister, Mrs. Michael J. Kehoe, 105 Spring Mill avenue. High requiem mass was celebrated at 6:30 at St. Matthew's Church by the pastor, Rev. William A. O'Donnell. The pallbearers were John Ward, Edward McCall, John J. Kehoe and Joseph Keane of this borough. Interment was made in the family plot at St. Benedict's Cemetery, Hartford, Conn.

Eleanor R. Harry M. Miller and guardian for Edwin C. Miller, nephews, \$208.13 each.

A balance of principal shown in a supplemental account as \$69,331.25 in the estate of S. Luther Clayton, Abington, is awarded in an adjudication.

An adjudication on the fourth account of executors of the estate of Annie E. Sinnott, Lower Merion Township, who died December 25, 1918, provides for distribution of a balance of \$85,278.08. The subject of the account was the sum of \$77,275.01 composed of uncollected investment securities awarded back to the accountants by an adjudication of the court in September, 1931. The net ascertained balances of principal and income is awarded: one-sixth each to trustees under the will of Mary E. Sinnott; trustee for Annie E. Devereux, trustee for John Sinnott, true trustees for Clifton E. Sinnott and trustees for Clarence C. Sinnott and his children; one-eighth each to ancillary executor of the will of James P. Sinnott Jr., Annie E. Spitzer and Mary S. Dillon. Distribution of a balance of \$110,564.18 in the estate of Christopher H. Oakes, Centelhaven, who died August 31, 1939, is provided in an adjudication.

The court awarded the net ascertained balance to the Fidelity Philadelphia Trust Company and May M. Oakes, widow, to pay in the amount 80 percent to Mrs. Oakes and 20 percent to Margaret Oakes Webster, sister of the decedent.

Oakes' balance his residuary estate in trust to pay the income 80 percent to his wife and 20 percent to his sister, for life, and upon the death of his wife the entire income to his sister, for life. He directed that upon the death of the sister to pay the income from the residuary estate to which she would have been entitled if living, 20 percent thereof or the entire income, as the case may be, in equal shares to his three nephews, Emery, Preston, Jr., and Christopher Webster. Further provision is made for them to share the principal at the ages of 30 and 40.

Baptists to Picnic at Sunnybrook Park

The annual picnic of the First Baptist Sunday School will be held tomorrow at Sunnybrook Park, Pottstown. Two buses will leave the Pottstown School, Fourth avenue and Harry street, at 9:30 to convey the members of the school and their friends to the park. Many others will go to the park in private cars.

The morning and afternoon will be devoted to swimming events in charge of Ralph Campbell, Sr., Henry Stuhmiller and Henry Perrier. Following the water events there will be a softball game between a team comprising members of the Men's Class, captained by Ralph Campbell, Sr., and a team selected from the Intermediate grade, captained by Logan Ristline. Various other events will be held and will be featured by a peanut scramble and watermelon contest. The committee in charge of the outing comprises Seth K. Mitchell, chairman; Paul Lachman, Perry Beaver, Ralph Campbell, Sr., George Webber, Sr., Harry Stuhmiller, Ralph Weidling, Irwin Ristline, Albert Risley, Sr., and James McMahon.

was tied up until a crew, working under the direction of Stephen Laubert, Whitmarsh Township supervisor and supervisor of roads in the middle township district, removed it to safety in record time.

A small tree was blown down on Manor road near Milquon. At Tenth and Priedley streets, a poplar tree was struck by lightning, almost tearing it asunder. A small tree was also blown against the road on C'swell lane near Tenth avenue.

Huge branches were blown from trees on the Russell Erb property, 1006 Maple street.

The electric box controlling the four giant floodlights at Ciffin's Golf Driving Range, Ridge pike between Springs Mill road and Butler pike was burned out by a bolt of lightning which struck at 7.

The Harmanville Fire Company was called and the firemen extinguished the blaze with chemicals. The damage was repaired by the Philadelphia Electric Company at 11 p. m. when the lights were turned on.

A number of streets were without street lights for several hours last night as the result of transformer fuses being blown and bulbs burned out. The lower end of the borough, west of Fayette street, had numerous streets in darkness until close to midnight. Crews from the Philadelphia Electric Company worked steadily through the night repairing the damage.

Fish in Gutter

Most freakish incident in the freak storm, last night, was probably the appearance of a quartet of cat fish in the swishing water of a gutter on Spring Mill avenue, near Seventin avenue, in the midst of the storm.

Rescue Children

For two small tots on lower Fayette street, near Elm, it meant anguished moments until help arrived. Standing in the gutter with their backs to the onrushing waters, the youngsters were swept off their feet in flood-like fashion and were heading head first for the culvert at Elm and Fayette streets when rescued by two older boys. A motorcar standing a few yards ahead of them wouldn't have helped any, either, had they plunged into it.

The hailstones, which fell for a time almost as thickly as snowflakes, were not as large as some seen in these parts in other storms, but were certainly more vigorous. Landing on porches with such force, they danced up and cracked window-panes.

A chimney on the home of the George Slaley home, Eighth avenue near Wells street, was struck by lightning and virtually demolished.

Rainfall

Professor Russell C. Erb, 1016 Maple street, associate dean of the Philadelphia College of Pharmacy and government weather recorder in this area, gives last night's rainfall as 1.87 inches, an unusually high record.

Professor Erb states that the storm was one of the worst in matter of concentration. Although it was not as prolonged as many previous severe storms, it was more intense. It apparently centered completely upon this area, he states.

One of the unusual features of the storm was the lack of damage at the important telegraph test station of the Postal Telegraph Cable Company here carrying wires between New York and Washington. J. H. Armstrong, manager, reports that in most electric storms after office hours, he is called from home to replace blown out fuses in the test station. No fuses were blown last night. No damage was recorded at Western Union Telegraph office either. Ray Shultz, manager, states.

Surprise Luncheon For Local Man

Charles McCarron of East Fourth avenue, employed as assistant credit manager at the Philadelphia Branch of the Lee Tire and Rubber Company, observed his birthday yesterday, and in celebration of the event, his fellow workers of the branch at Adams restaurant, Broad and Spring Garden streets, a delightful program was presented by various members of the group including feasts of music by Harold Shultz, vocal solos by the honor guest, vocal duets by Helen McKee and Eleanor Mooney and tap dancing by Louis Deegan. Edwin Montross of this borough was toastmaster. Mr. McCarron was the recipient of a number of beautiful tokens of remembrance.

be guaranteed as their government is not permitted to pay it, the chairman advised. Temporary visas to the children are being issued for two years, Dutch and Belgian quotas to this country are filled for three months but the French and English are still open.

Mrs. Carrie B. Dager, of Lafayette Hill Post Office was elected treasurer of the Montgomery County Refugee Relief Committee and contributions to finance the expenses of bringing children and placing them in homes here may be sent to her or to the club presidents. Any money remaining in the fund when the committee dissolves, it was voted, will be given for child welfare work in the county.

Appeals for Funds

Mrs. Henry Rollins, Sr. of 1013 Fayette street, chairman of the local committee working to find homes for war-evacuated British children, makes an appeal today for funds to aid in the movement. Numerous residents, it is pointed out, are willing to provide homes for the boys and girls, but are unable to do so without compensation, due to limited means. It is the hope of the committee to establish a fund to provide money for boarding children in such homes.

Mrs. William White, Mrs. Thomas L. Christian, Mrs. Walter Heck and Miss Dorothy Landis are aiding Mrs. Rollins in the local work. Applications will be received by any of this group from persons who are willing to take one or more of the children into their homes. Donations will also be accepted by any of them.

Fox Hunt in Norristown Streets

An impromptu fox hunt over two squares of Norristown street took place this morning when Harry DiNenna, Black Horse, pursued a gray fox from Lafayette and DeKalb streets to the rear of the Chatlin Department Store where he captured the animal, when it ran into an alcove in the rear of a building.

DiNenna, in presenting his catch to Sergeant William Miller at City Hall said he was returning to work from a Brocton plant at 6 o'clock, when he saw the fox running across DeKalb street. He followed in his car, but the fox held a safe lead for two squares as he ran east on Lafayette street.

Divorce Actions

Elizabeth Carnwath, Abington, was deserted by her husband less than a week after their marriage, according to a divorce filed in the office of the prothonotary in which she asks a divorce from Samuel W. Carnwath.

The libel action they were married September 2, 1938 and the alleged desertion occurred September 6 of that year. Elmer Lee Dietz, Abington, started an action in divorce against May Dietz, charging desertion, October 31, 1937. They were married January 18, 1917.

Norristown Awarded \$9360 Trust Fund

Norristown Borough was awarded a fund of \$9360 left by William McCann in a trust created at his death on December 18, 1881, on a decree of Judge J. Burnett Holland in Orphan's Court, yesterday.

McCann left the trust for the purpose of supporting a public library but the court agreed with the administrator of the estate that the fund was inadequate to properly carry out the provisions as set down by testator.

The borough was awarded the fund with the provision that it is to be used for the purpose of creating "a park or garden to be kept for the use of the public and to be called the 'William McCann Park'." The borough officials at the original hearing on the question as to who should receive the fund, contended that the testator had meant to provide some benefit for the citizens of the community, when he left the fund.

The trust provided that the library was to be the first consideration but it contains the clause "provided however, that this bequest shall be void and of no effect unless the school directors shall fit up and forever after maintain a room on the second story of the new school building lately erected on the lot of ground on the corner of DeKalb and Oak streets." The alternative in the event this should not be done is contained in another part of the trust which states "in case the Norristown School Board shall refuse to accede to the term of this bequest then I give and bequeath the whole \$10,000 to the Burgess and Town Council of Norristown for the purchase of a park or garden for the use of the public to be called the William McCann Park."

Two other claimants, the Norristown Library Company and William R. Scarlett, administrator of the estate of a daughter of a daughter of testator, sought to obtain the fund.

LOCAL TENNIS CLUB TO MEET ELMWOOD

Conshohocken Tennis Club will meet Elmwood tennisists at the local courts, 12th avenue and Fayette street, Sunday afternoon at 2. Two doubles and five singles matches are scheduled. A victory for Conshohocken will place it in second place in the Interborough Tennis League.

Residents Ill

Mrs. John Heffentrayer of East Hector street is a patient in Montgomery Hospital.

Mrs. James Bostick of East Hector street is a patient in Montgomery Hospital, where she is undergoing medical treatment for a foot condition.

Mrs. Anna Solomon, 114 East Fourth avenue, was removed to Sacred Heart Hospital last evening in the Moose Community ambulance. Mrs. Solomon was admitted as a surgical patient.

George M. Robinson of 212 East Fourth avenue is undergoing treatment at the U. S. Naval Hospital, Philadelphia. Mr. Robinson, a World War veteran, suffered the loss of a leg in action at Belleau Woods, France.

James B. Ray, former Burgess of Conshohocken, was removed from Riverside Hospital to the Belfry convalescent home Belfry, yesterday in the Moose Community ambulance. David Allen, East Eighth avenue, who returned on Sunday from the U. S. Naval Hospital, Philadelphia, where he was a patient for several days has resumed his duties as service manager at the Philadelphia Branch of the Lee Rubber and Tire Company, Broad and Spring Garden streets.

Mrs. Hannah Lorenz has been confined to bed for two weeks at the home of her son, Edward A.

127 Local Boys Guests of Y.M.C.A.

One hundred and twenty-seven boys from this borough attended "Conshohocken Day" at the Norristown Y. M. C. A. on Wednesday and enjoyed a program which lasted from 10 a. m. to 4 p. m. The boys were formed into four groups according to ages with time reserved for each group to use the pool.

A gymnastic games program included softball, quoits, croquet and several other games, and the day's outing was concluded with a motion picture.

J. Weber Kriebel, president of the Conshohocken Rotary Club, and Seth K. Mitchell, chairman of the boys' work committee of the same club, cooperated with Y. M. C. A. officials. Only one minor mishap was reported. Joseph Kehoe, Spring Mill avenue, was given first aid treatment for a minor laceration above the left eye sustained when he fell in the shower room.

Better Times on Farms

Babson Says Domestic Demand More Important Than War Factors

By: Roger W. Babson

Chicago, July 25.—American farmers are lucky this year. Harvests in the United States and Canada will be good, while crops in most parts of the world will be under par. Prices will be only moderately higher, but farm income this Fall may be the biggest since 1930.

As we swing by the mid-Summer mark it is time to estimate how big crops will be and how prices will trend. How much money will find its way into farmers' pockets. Despite the fact that acreage planted this year was the fourth smallest since 1915, harvest totals will probably top the ten-year average on most important farm products.

The Forum

When "Cleanup Week" rolls around again, Conshohocken Town Council should jump aboard the band wagon and lead the way by ridding the borough of the scores of unsightly signs that have become so numerous as to virtually litter the streets.

For many years manufacturers have found the local authorities ready purchasers of most any design of traffic signs they produce. Make a trip around the borough and mark down the various sizes, shapes and colors of these signs.

Even with this large number of signs on local parking regulations are all screwy. Take for instance West Hector street where no parking is allowed on one side of the thoroughfare while directly opposite, employees of Fayette street operate their automobiles when they arrive for work in the morning and keep them there until they finish their day's work at six o'clock or later.

What the borough needs is some sort of a commission to carefully study the conditions, formulate a workable plan, have council adopt it and remove the unsightly signs, give the motorist a break and remove the stigma of impartiality now being practiced. Let the police do the duty for which they are employed—preserve order and ease up on motorists, except in cases of justification.

ELMO ADVERTISE IN THE RECORDER: CAMERAS And Everything Photographic KLEIN & GOODMAN 18 S. 10th Street Phila., Pa.

Conscription Americans are to get a touch of life in the dictator and old monarchistic countries should Congress enact a law for universal conscription of all males between the ages of 18 and 64 years, and it is altogether likely the bill will pass.

Only those persons between the ages of 18 and 25 years will be subject to military service.

As soon as Congress enacts the law, Pennsylvania is prepared to make its registration and have its quota in uniform by October 1.

No one doubts every citizen owes something to his country but there are many who doubt the wisdom of universal conscription, even for the present preparedness program.

The American people recognize the necessity for an adequate defense but there are differences of opinion as to the need for a great army at this time when we are at peace with the world and full equipment has not been provided for a great army.

There should be a study made of better means of supplying trained men to the nation than by conscription. The study should be made by a commission comprised of military men and persons in civil life. It is dangerous to give military men full control.

Out of Politics

The Federal Hatch act placing restrictions on political activity of Federal employes and local and state employes working on projects financed in any part by Federal funds, will bring about different methods in the Fall elections.

Postmasters, Federal district attorneys, court appointees, PWA, WPA and all other workers being paid in full or in part with Federal funds are prohibited from taking an active part in politics.

There will be no more soliciting of votes by workers who in the past have been ordered to campaign for votes, using the plea their jobs depended upon their political activity.

The practice was unfair to the worker and to the citizen, as many persons voted against their best judgment in order to aid some one to retain a job. Both major political parties have been guilty of the practice and without giving a thought of how it was restricting the freedom and independence of the worker and undermining our form of democracy by building great political machines of job holders.

The Hatch act is a great forward step in freeing Federal workers from political domination and the citizens from being compelled to help finance political machines which they believe are working against the public interest and welfare.

Wendell Willkie, Republican candidate for President, is supplementing the Hatch act by ordering that no payment be made political speakers in his campaign.

The Hatch act also limits contributions to campaign committees of not more than \$5000 from a single source. The act also prevents the making of holders of government contracts through solicitation for advertisements in campaign books and other money raising devices which serve no useful purpose other than to the political party.

Americans, in these critical times, must be free to give their thoughts and attention to the preservation of their freedom and liberty and strengthening the nation and destroy political machines that operate to control and subject the people.

Accept Responsibility of Citizenship

There are thousands of American citizens residing in Montgomery county and in every county throughout the nation who refuse to accept the responsibility of citizenship in that they refuse to qualify as electors.

Many indifferent citizens excuse their shirking of duty with the statement: politics is rotten. My vote does not mean anything.

When politics become rotten, those most responsible for the condition are the citizens who refuse to exercise their right of franchise and permit political gangs to take control of the public business. The great group of unregistered voters, were they to exercise their right and vote for candidates they believe would best serve the people, would soon eliminate gang control and the kind of politics that sustains gangs.

Citizens eligible in this area may register for the Fall elections on August 28, 29, at the local high school. After these dates, until and including September 30, it will be necessary to register at the Registration Office in the court house.

Every one knows the attacks being made against the democracies of the world and the position the United States is in as the outstanding democracy. The nation will not endure under our present form of free government when the citizens become neglectful of their rights and privileges.

It is the patriotic duty of every American citizen, eligible for the right of franchise to exercise that right. The right to vote and have a voice in selecting the persons to fill public office is a privilege obtained after great sacrifice of blood and wealth. It is the privilege that if exercised will save democracy and if neglected may be the means of destroying democracy.

paid for things the farmer must buy have gone up almost as much as farm prices. As a nation, we have mighty little to show for the mammoth sums spent for farm relief.

Whether the war will help the farmer or not remains to be seen. To date, its chief claim to such credit is the fact that prices are higher than a year ago. At the same time the war has literally choked off our export markets for farm products on the Continent.

Mid-Year Outlook Next Week

Next week, I am going to give readers my detailed forecasts for workers, employes, retailers, investors and farmers in the second half of 1940. Briefly, for the farmer I predict increased demand for meat, eggs, fruits, moderately higher prices for most farm products, and better times for farmers between now and New Year's Day.

Tobacco War Casualty

Indications point to larger oats, barley, flaxseed, hay and potato crops than either in 1939 or in the average year since 1930. In fact, the only sharp reduction will be in tobacco. Acreage planted to tobacco was only 70 per cent of the 1939 figure. This crop is one of our first war casualties—our big tobacco markets in Europe being virtually closed. Rice is benefitting from war, however, with this year's crop promising to hit a new record.

The grain crops contribute only a small portion of total farm income. Dairy, poultry and livestock are all more important in dollars and cents. For the balance of 1940, the outlook for dairymen is moderately hopeful. Milk production registered a new all-time high in June, but even so prices are ranging above the 1939 figures. War is helping our prices for these commodities because the important dairy countries of Denmark, Holland and Belgium are cut off from world trade. Biggest price factor, however, is greater consumer demand due to better business, more jobs, and higher payrolls right here in the good old U.S.A. This will be the strongest support for better farm produce prices of all kinds this Fall.

Feeds and Meats Up

Gattle, sheep and hogmen recently have not fared so well as other types of farmers. Heavy slaughtering of hogs, loss of foreign markets for hog products, bigger shipments of lambs have all been keeping prices of meat animals lower than a year ago. Conditions should reverse themselves before snow flies however, as consumer demand increases and supplies—particularly of hogs—taper off. Vegetable prices have been running higher than a year ago, but they are now working over as the new crops come to market. Supply of fruit will be smaller and prices in this particular group should continue to strengthen.

Repairing Wall of H. S. Building

Work of repairing the weakened brick wall on the west side of the Conshohocken high school auditorium, Seventh avenue and Maple street, has been begun and is expected to require about six weeks' time to complete.

A large scaffolding has been completed, and work of tearing out and replacing the affected area of brick will be begun at once.

Protests that the wall should be replaced rather than repaired led to a conference on the matter, but in the opinion of a state engineer, M. Edmunds Dunlop, architect of the new high school annex, and WPA authorities, according to school authorities, it was deemed not necessary to tear down the entire wall.

C. M. Brister is WPA engineer on the project, a Philip Gray, secretary, Democratic Councilman and the First Ward, is general foreman. Miles Byrnes is labor foreman.

Appeals From A Summary Conviction

A petition of Daniel Thomas for allowance to appeal from a summary conviction, in connection with an alleged violation of the Motor Vehicle Code, has been granted by Judge William P. Dannehower.

Thomas, who is represented by Attorney Leonard A. Talone, contends he was unjustly convicted on July 16 by Magistrate Joseph P. Shane, King Manor, Upper Merion, of a charge of reckless driving.

Thomas was accused of driving on Balligo road, Gulph Mills in a reckless manner, endangering the life and property, and that he did damage property.

He contends the proceedings were irregular and unjust and that he was convicted without a true and lawful case being made out against him by the prosecution and that if the proceedings are not removed he will be obliged to pay a fine or undergo imprisonment unjustly and unlawfully.

Leaves Land To Township

Lower Merion Woman Makes Bequest of Home-stead and Land to Lower Merion.—Bequests to College, Hospital, Church, Relatives.

A bequest of a tract of land, and a homestead is left to the Commissioners of Lower Merion Township in the will of Emily Rebecca Ashbridge Rosemont, according to the terms of her will admitted to probate at Norristown.

The estate contains also personal estate of a valuation of \$70,000, and additional estate valued at \$50,000.

Thirty cousins are left the bulk of the residue, after the gift to the commissioners, who are to accept the bequest, and agree to maintain the house and grounds as a park for residents of the community.

The will specifies that on the event the commissioners fail to enter into the stipulations stated in the testament, then the property is to be divided and distributed—one half to cousins mentioned in the will, one fourth to the Endowment Fund of Bryn Mawr Hospital, and one-half to the Endowment Fund of Bryn Mawr College.

The valuation was not placed on the gift, but it was stated by residents of the section, where the property is located that the property worth "in the neighborhood of \$40,000."

The will specifies that the property is to be forever banned to the sale of alcoholic liquors, and that no Sunday games are to be allowed, and no competitive games, in which of more than four persons are required, are to be permitted.

The 30 bequests to relatives, who share the residue, are on the basis of these legacies, and the amount of them are: P. Frank Hunter, Norristown, \$10,000; Morgan P. Hunter, Perry A. Hunter, Gertrude Hunter Gault and Mary Hunter Whitney, \$3,000 each; Ida C. Pechin, daughter of Peter Pechin, deceased, \$10,000; Ann W. Pechin and Sophia Alberta P. Anderson, King of Prussia, \$5,000 each; Manne Pechin Mills, \$3,000; the seven children of Anna Hunter Moss, deceased, \$2,000 each; Mary Bean Rogers, and Elizabeth Bean Wildman, \$3,000 each; Ashbridge Sharpless and Abby A. Ferguson, Kennett Square, \$3,000 each; Elizabeth A. Ross, Clayton, N. J., \$3,000; Eleanor Ashbridge, Edith Pfeister, Laura Curtis Haines, Mary Dorsey Ashbridge, Joseph P. Amos Jennie G. Kirk, \$1,000 each; Lydia W. Craig and Sarah Y. Craig, Ardmore, \$500 each; Mary Elizabeth Anderson, Baltimore, Md., \$1,000; Frank H. Lewis and Eleanor, his wife, if still in her employ, \$1,000 each; M. Dorothy Lewis, Eleanor R. Brillhart, \$1,000 each; Margaret Bell, wife of William Bell, \$300; Henry Worrell, Bryn Mawr, \$300; 15 other one who had been in her employ for three continuous years previous to her death, if not previously named, \$200 each.
