

Investiture Service for W.C. Troop

New Organized Troop Given Boy Scout Charter at Exercises in W. Side H. School

CHARTER FOR 1 YEAR

Alva MacKenzie Receives Charter on Behalf of Sponsors.—Charges Committee.

West Conshohocken Troop No. 1 was officially recognized last night as part of the Boy Scout organization of America when the investiture exercises were held and the charter presented at a public meeting held in the auditorium of the high school with officials of the Central District, Valley Forge Council and members of George Washington Troop No. 3 of this borough taking part.

The charter was presented by Henry S. Davis, chairman of the Central District Committee, who made the principal address. In speaking of the Scout movement he called attention to the fact that during the past thirty-one years it has trained 9,000,000 boys in the art of scouting, which proves there must be something in it. He stressed the fact that the church, school and home all have their part to play in the training of boys and said that scouting offers something that none of the other three agencies can give. He, however, advised the members of the new troop that Scouting can only give as much as they want. He urged them to follow up Scouting until they become Eagle Scouts and advised them that Scoutmaster Arthur Tempel will give them every opportunity to advance.

He paid a high tribute to members of the Scout Committee as being a representative group of citizens, made up of clergymen of both the Protestant and Catholic faiths, members of the school board and business officials.

Chairman Davis said a Boy Scout troop can be of more use to a community than any one has an idea but charged the boys must be kept busy in order to retain their interest in the movement. He then presented the charter, good for only one year to Alva S. MacKenzie, vice president of the school board. In making the presentation he explained the charter is issued to a representative group of persons sponsoring the troop.

John Pether of this borough, Central District Commissioner, charged the members of the committee with the guiding mission of the Scout movement. He said that the members of the committee present were Burgess Albert V. Rhoads, chairman; Benjamin G. Gorder, William Diamond, Mr. Bill Norman Greene and Howard Lentz.

The investiture exercises were in charge of Scoutmaster Harry C. Smith and members of the Scout Washington Troop No. 3 of St. Mark's Lutheran Church. The auditorium was darkened save for candle light during the impressive service. Three large candles, representing the three parts of the Scout oath, were lighted which Scoutmaster Smith explained to the members of the new troop what was expected of them after which he administered the oath. The twelve points of the Scout law were then explained, each law being enumerated by a different member of Troop No. 3, who lighted a small candle and held it in his hand as Commissioner Pether read each of the laws. As the individual law was completed the candle was blown out immediately behind the three larger candles.

Immediately following this procedure each member of the new troop stepped forward, repeated the Scout oath after which he was presented with a Scout pin by Scoutmaster Tempel.

Scouts from a number of troops were present, including a group of fifteen from Barron Hill.

Chairman of the Committee on Organization Harry Halliday presided at the meeting and presented Burgess Rhoads who made a short address of welcome and then introduced Chairman Davis. The invocation was pronounced by Rev. Flaxley and the benediction was pronounced by Rev. Benjamin Gould.

School District to Receive \$9497.18

Two hundred eighty-eight second and third class school districts of the Commonwealth will share a total of \$9,695,741 in state aid for the support of public schools in regular September payments approved today by Auditor General F. Clair Ross.

Payments in Montgomery County total \$258,469.36 which will be shared by 13 districts as follows:

Second Class

Lower Merion Township	\$48,859.98
Norristown Borough	38,042.72
Third Class:	
Abington Township	30,448.33
Bridgeport	10,997.18
Cheltenham Township	25,657.04
Conshohocken Borough	9,497.18
Jenkintown Borough	11,748.57
North Hill Borough	11,572.15
Northbury Borough	5,206.77
Pottstown Borough	41,644.36
Springfield Township	7,247.18
Upper Merion Twp.	7,592.15
Upper Moreland Twp.	9,866.35

Ten other districts in six counties are scheduled to receive an additional \$155,862 in similar payments. These payments are being withheld, however, pending further reports and investigation.

Girls Compete To be Miss Pa.

Miss Eastern Pennsylvania Will be Chosen Tonight from 17 Contestants.— Winner to Compete for Miss America Title.

Miss America, 1940 may be present in person tonight when Miss Eastern Pennsylvania 1941 will be crowned at 10 p. m. at Art's Skateland, Ridge pike, opposite Patco Flying Field.

The title of Miss Eastern Pennsylvania will entitle the winner to compete for the title of Miss America of 1941 in the annual Atlantic City Beauty Pageant, in September.

Max Levin, a member of the Board of Directors of the Miss America Beauty Pageant, who will serve as one of the judges at the pageant tonight, is manager of Miss Frances Burkes of Philadelphia, Miss America of 1940. In a telephone conversation with Art Skateland, proprietor of Art's Skateland, this morning, he said that he was bending every effort to bring Miss America to the city.

Other judges will be William Castellini, director of Public Relations, City of Philadelphia; Frank Johnson, president of the Photo and Missions Association, Philadelphia; and Max Solomon, director of a large radio station.

In addition, Miss Mildred Saha, Miss Emma Knoell and Miss Wilma May Barker, winners of the Miss Eastern Pennsylvania title for the last three years, will be present as the new queen is selected.

Seventeen Will Compete

Seventeen young women, ranging in age from 18 to 28, from this area and a wide surrounding area, will compete tonight for the honor of representing this area at the national pageant.

The eleven selected Wednesday include two girls from this immediate area, Misses Dolores Norzitta, Catherine Zeinerich, Chestnut Hill R. D.; Margie Miller, Roxborough; Ruth Gillespie, Downingtown; Violet Lake, Allentown; Susan Lewis, Easton; Virginia Burr, West Chester; Millicent Morrow, Norristown, chosen as the typical Ziegfeld Girl in a recent contest.

Contestants will appear first in evening attire, giving an exhibition of a talent at entertaining necessary to compete. Next they will appear in bathing tows in which they will be judged.

A silver cup, appropriately inscribed, will be presented to Miss Eastern Pennsylvania by Art's Skateland. Evening attire will be given the winner by a Norristown department store. A Norristown florist will provide flowers for each contestant.

Conshohocken Day Supervisors

Photographed Wednesday, at Woodside Park, in the midst of annual Conshohocken Day there, the group above shows the directors and aides who supervised the event.

Left to right—Councilman Nelson Quigg, chairman of the Conshohocken Recreational Council; Miss Regina Nugent, Miss Catherine Loconole, Miss Gladys Hoagland, Mrs. Henry Rollins, Sr., Mrs. James Johnstone, Miss Mary Lou Robinson, Miss Josephine Sorrentino and John Baczewski.

Mrs. Rollins was general chairman of Conshohocken Day, with Mrs. Johnstone, head supervisor of the local playgrounds, as co-chairman. Misses Nugent, Hoagland and Robinson and John Baczewski, assistant playground supervisors, assisted. Misses Loconole and Sorrentino were assigned from the WPA offices, Norristown, as aides at the community event. Councilman Nelson and John Baczewski supervised transportation to and from the park.

Record Attendance at Conshohocken Day Outing at Woodside Park

According to the local sale of tickets for amusements at Woodside Park, Conshohocken Day, attendance at the borough's annual outing Wednesday was the largest yet.

A record sale of tickets was made to Conshohocken guests. A total of 1836 strips of amusement tickets were purchased through the Conshohocken Day committee. Special rates were in effect. No reported accidents of any kind marred the day.

Five hundred and fifty adults and children were conveyed to the park in the fleet of buses engaged for the occasion. In addition, several hundred persons made the trip in their own cars.

Councilman Nelson Quigg, chairman of the recreation council of the borough, and John Baczewski, superintendent of the loading of the buses. With the first bus taking off from the Mary H. Wood Park at 9:45, thirteen trips were made to the park.

An athletic program for children especially arranged for the event was in charge of the Philadelphia public playground supervisors here, was held at 11.

Winners were as follows: Dash for boys, to 12, Norman Kusel, Jerry McCurdy, Dasher for girls, to 12, Theresa DeMarco, Mary Mickens.

3-legged race for boys, to 16, Bobby and Richard Carroll.

Hopping race for girls, to 16, Mary Matteo, Cecilia Coyne.

Wheelbarrow race for boys, any age, Donald Ingram, Walter McIntyre.

Shoe race for girls, any age, Doris Weidner.

Bank to Hold Funds in Joint Account

The Tradesmen's National Bank of Conshohocken has agreed not to permit withdrawal of any funds from the joint account of Helen Gallagher Hertzog and her mother, Mrs. Kate Gallagher, this borough, according to an announcement in court this morning by Attorney E. Arnold Forrester, counsel for the bank and Mrs. Hertzog.

The case involved a bill in equity filed by Harry J. Gallagher, Conshohocken, in which he charges that undue influence was exercised upon his wife to have her approximately \$2,800, which was in her name in the bank, transferred to a joint account, in the names of herself and her daughter, Mrs. Hertzog.

Hertzog is seeking to have the money transferred into the names of herself and her wife, giving him the right of survivorship.

It also has been agreed that Mrs. Gallagher is to be removed to the home of the daughter, Mrs. Gallagher is ill as the result of a stroke she suffered recently.

Truck Crashes Stopped Car; Damages 3 Cars

Local Driver Stops Car in Fayette St. to Permit Car Ahead to Make Turn

NONE INJURED

Truck Hits Car, Knocking it Into Parked Car.— Hits Third Car.

An automobile accident, involving a truck and three pleasure cars, occurred early Wednesday evening in Fayette street near the entrance to the Matsonford bridge.

The crash occurred when William M. Silk, 211 East Sixth avenue, accompanied by his wife, was returning to his home from West Conshohocken. He stopped his car to allow another machine in front of him to make a left turn into Marble street. No sooner had the Silk car stopped when a heavily-loaded truck, belonging to the Atkinson Trucking Company and driven by John Donohue, of 3937 Dexter street, Manayunk, crashed into the rear of it and knocked it several feet into another machine parked against the curb on the East side of the street, according to a report filed with the local police.

The truck also collided with a car of Dr. Theodore H. Durr of 664 Ogontz avenue which was proceeding south in Fayette street.

No one was injured although all of the machines were more or less damaged. The Silk car was badly damaged both in the front and rear and had to be towed from the scene. The other machines were able to proceed under their own power.

Wife, 3 Children Deserted, Need Help

A local woman, the mother of three small children, has appealed to the RECORDER, in an effort to secure aid.

"Won't someone help me?" she writes. "My husband deserted me and three young children some time ago. We have been living at my father-in-law's home, but have been told to move. We have no money at all and I cannot find any work which will enable me to take care of my children. I am desperate.

"I would like to move in with a good family who would help me get on my feet again. The children need clothing and my boy needs hospital attention. I have no immediate relatives anywhere near me. I will do any kind of work. Honest, reliable, quick worker. I need help. Won't someone help me?"

The woman is Mrs. Helen K. Szymanski, 431 Spring Mill avenue.

The father deserted the family many a year ago, when the youngest child was a baby of two weeks. It is stated, since then, the grandfather of the children has provided food for them, and the young mother has done washing.

She is hoping that someone may offer her a home, where she may be able to care for her children and assist with household duties.

Two Women End Life by Suicide

A 65-year-old widow committed suicide at 430 P. M. yesterday, police said, by cutting her throat in the third floor apartment she occupied at 5 Wynnewood road, Abington.

She was Mrs. Cora Ramsey, whose husband was janitor of the Presbyterian Church in Abington. He died five years ago, Abington township police said the woman was pronounced dead at 5:30 p. m. by Dr. William Robinson, of Abington. She had been ill for several years, they said.

Last night the body of Mrs. Roberta W. Borman, 48, 418 Burdman Drive, Pottstown, was found alongside her automobile, which had been parked in the garage. The motor ignition key was on at the time.

Joseph Walker, a gardener, found the body when he went to the garage in search of some garden tools. Mrs. Borman was in all health, according to the coroner's report, and she had been seen earlier in the afternoon.

Lincoln Fire Co. to Parade Here \$200 Fine, 4 Mo. In Jail for Local Man

Lincoln Fire Company of Cedar Heights expects to take part in its first parade, with both apparatus and men, Labor Day here.

The nearby unit will exhibit its La France engine, recently purchased, and will have thirty uniformed men in line, for the big street procession which will mark the elaborate housing program of No. 2 Fire Company.

The American Naval Cadets Junior Bugie Corps of Roxborough has been engaged to play for the Lincoln unit. It was announced today by R. W. Wright, chairman of music for the company's participation in the event. The corps comprises 45 musicians and has won numerous prizes in Philadelphia parades during the last five years.

The uniforms which the firemen will wear are also recently acquired. The Lincoln unit will march from Cedar Heights to the parade where the parade will form. The cadets will come by bus from Roxborough to Cedar Heights.

Track Walker Dies in Cave-in

P & W. Employee Found Dead.—Buried Under Earth Slide.—Was Digging Cave for Storage Purposes. Lived in Shack.

Salvatore "Sully" D'Ambrosia, 58-year-old Philadelphia and Western Railway track walker, watched for evidence of land and rock slides for nearly 25 years for his employers.

But late Tuesday night "Sully" apparently did not carefully examine the loose dirt around a cave he was digging in the rear of the shack at Gulph Mills station, where he has made his home for nearly a quarter of a century.

What happened no one knows and fellow employes can just surmise what occurred. But the lifeless body of D'Ambrosia was found Wednesday afternoon beneath a ton of dirt and rock at the entrance of the cave.

D'Ambrosia was on his vacation and he told fellow workers that he planned to finish his cave that he might store vegetables for the winter. He did not work about his small truck patch on Monday and Tuesday it rained. Toward evening it stopped raining, and it is believed that "Sully" entered the cave and attempted to adjust some timbers he had placed to support the side walls of the cave.

Angelo Marco, Norristown, a close friend of D'Ambrosia, went to the shack early Wednesday morning to see "Sully". He knocked at the door and receiving no answer, left. He returned shortly after noon Wednesday, and again failing to locate his friend, Marco went to the cave. He saw the feet of D'Ambrosia protruding from the earth.

S. E. Stewart, maintenance superintendent for the railway company, was notified. Chief John Tompkins, and Coroner W. J. Rushong were called, and they had the body removed to a Norristown mortuary parlor. There Dr. John C. Simpson said that "Sully" had died from suffocation. Multiple abrasions and contusions about the face were evident, and Dr. Simpson said some small bones in the face were fractured.

Stewart said he believed that the accident occurred some time Tuesday evening. Workmen talked with "Sully" at 3 p. m. Tuesday, but no one saw him, until Marco found him buried under the tons of earth and rock.

A brother, Pasquale, 741 Sand Street, Norristown, said that "Sully" came to America from Italy 30 years ago. He left a wife and daughter in the old country. Another brother, Charles, resides near Paoli.

Soldier Overstayed Furlough, Arrested

Because he overstayed his furlough from the United States Army, John Brecker, 22, Frackville, was committed to the Montgomery County Prison Wednesday to await Federal authorities.

Brecker was due back at his army post August 11 and was traced to Norristown. Police said he was living at a home on Moore street, West Conshohocken when he was arrested by Detective Sergeants Reilly and Carrigan.

Court Orders Support Payments

J. Paul Lewis, Lansdale, who according to his wife read the Bible so much that he became nervous and finally left his home in Elroy, was directed to pay \$12.50 a week for the support of his wife and family, which was \$10. He admitted to the court that he is paying \$62.50 a week on an automobile.

Just before leaving his family, Mrs. Lewis told Judge Dannehower, her husband "read the Bible day and night. He was nervous and the children disturbed him."

Earned A. Breslin, Chain street, Norristown, formerly of Trenton, N. J., was directed by Judge Dannehower to pay \$12 a week for the support of his wife, Hilda, and a son, Edward.

ACCEPTS WESTERN POSITION

Ellsworth Wood, local resident, has accepted a position in the production department of the Consolidated Aircraft Corporation, San Diego, Calif. He was formerly associated with the Alan Wood Company, Ivy Rock.

ACCEPTS NEW POSITION

William Donovan, Harry street, former messenger at the Postal Telegraph Cable Company here, has severed his connections there to accept a position with a Norristown grocer, William Rieger, 544 Spring Mill avenue, has succeeded him here.

Golden Bears' Grid Practice Starts Sept. 2

Coach Fox and Bean Will Use New System—Many Vacancies.—Season Opens on September 29.

Regular practice sessions for Conshohocken high will begin September 2 and will be continued daily thereafter under the direction of the new coaching staff, comprising Head Coach Harry Fox and assistant Coach Ben Bean.

The Bears no doubt will have a small team again this season but they will take advantage of their early start by turning to the use of the Notre Dame system, running plays from the "T" formation as well as the "Box" formation. Coach Fox has always been a great believer in deception and this season will be no exception.

Graduation and new jobs opened up through the defense program have dealt the team a severe blow, taking a toll of fifteen members of the squad. This is bound to hurt the chances of the team during the early part of the season but the fighting spirit of the boys will make up for the loss of experience.

The team will be made up entirely of boys who were "subs" on last year's team or played on the J. V. eleven. The coaching staff is expected to be pretty well taken care of in "Joey" Stubinski and "Caro" Hylinski, two rangy boys who were regulars on last year's basketball squad.

Among the players reporting for line positions is Tony Pagano, who was out for a while last year. Coach Fox, who was in charge of the line team last season, is looking to this boy to develop into one of the best centers the Bears have had in several seasons.

The team this year will be equipped with new uniforms along with the change in the coaching staff. The uniforms will comprise navy blue stockings, gold canvas shell pants and navy blue jerseys with 10-inch gold satin numbers on the back and 8-inch gold satin numbers on the front.

The coaches feel this will be a good year for their team and are hopeful the townspeople will give them encouraging support and that the spirit at the school will reach a new high.

The Bears will play a schedule of eight games, one less than has been played in previous seasons. Coatesville, a team that has been on the schedule for a number of years, has been dropped this season. Gloucester high of Gloucester, N. J., a team that was on the schedule for two seasons, has also been omitted.

Yarosinski to Hurl Against Local Team

Mike Yarosinski, former Upper Merion high athlete, one of the best softball pitchers in this vicinity, will pitch against the Polish Eagles Sunday afternoon when the locals will have their opponents on the meadow diamond.

Yarosinski pitched for the Eagles last one time and they will be out to beat him on Sunday. The former Upper Merion high star has had a most successful season thus far and will try his hardest to defeat his former mates. Yarosinski is not only a good hurler but is also a heavy hitter.

Barons Play Final Home Game Sunday

Paragon Will Oppose Locals in Last Game at Sutcliffe Park.—Barons at Limerick Tomorrow.—Close Race for First Place.

Idle for the past two weeks, Barren Hill hopes to swing back into action this weekend in the Montgomery County League as the end of the regular season draws near at hand.

The Barons will travel to Ridge and Boyertown pikes tomorrow afternoon to try conclusions with Limerick and on Sunday will meet Paragon at Schwenksville on the Sutcliffe Park diamond in the final home game of the schedule.

The fight for first place is still wide open despite the nearness of the end of the season with the Orioles still leading, one game ahead of the Barons and two ahead of Plymouth. The Barons will play each other in Sunday's games with Superior and the Orioles playing on the latter's grounds and Limerick and Plymouth playing each other on the Plymouth field.

Barren Hill Scouts Win Third Straight

Barren Hill Boy Scouts swamped the Mt. Airy Boys Club Softball team 18-5 Wednesday on the Barren Hill diamond to gain their third consecutive triumph. The victors tied the score at one all in the second inning and then went ahead in the upper half of the third inning.

The uniforms will be blue and white. The complete schedule: Sept. 20—Upper Merion, away; Oct. 26—Norristown, away; Oct. 6—P.S.D., home; Oct. 22—Bristol, away; Oct. 18—Morrisville, home; Nov. 3—Phoenixville, away; Nov. 15—Pottsville, away; Nov. 27—Bridgeport, home.

The Florence Cafe team of West Conshohocken is anxious to play the Kimble Glass team, either a single game or a series of games. The two teams met earlier in the season and the Glassmen won the game. Since then the West Siders have sought another game but the local team has always turned a deaf ear to any overture, according to the Manager

Large Squad to Report Sunday For Practice

Manager Travaglini Has Signed Number of New Players for Local Pro Team.—Will Report For First Practice on Sunday.

Prospects for another championship football team in this borough the coming season have been boosted by the announcement today by Manager Tony Travaglini of the signing of a number of new players who will report for practice next Sunday morning at 10:30 at the Center field.

Most of last year's players have notified Manager Travaglini that they will also be on hand for the signing of new players. Signed today are: Tom Zelnicki, former Conshohocken high star, James Orman, Valley Forge Military Academy; Joseph Andrews, 6 feet 3 inches, 197 pounds of Scranton U., and Charles Schavio, of Dayton U., all backfield men; Dick Husacker of Perkaskie and John Petri, Berywn high and Lansdale Hawks, will try for the center position. The candidates for tackle are Alfred Radcliffe, William Palantino, 290 pounds, of Radnor and Elton College, and Gordon Arheimer, 295 pounds, who played with Ursinus College. Villanova 150-pound team is a candidate for one of the end positions.

Only a light workout will be the order for Sunday's practice session. Coach Fox will not take hold of the team until after Labor Day but he will be in the new stadium for the players to acquaint themselves with so that intensive training can be started as soon as he arrives.

Old Mail Men Young Enough For Millers

The Nine Old Men of the local post office showed little effect of the ravages of Father Time Wednesday evening on the Spring Mill diamond when they met and defeated Manager John Sparrow's Spring Mill team 7-6.

Dee Thomas started on the mound for the postmen and after holding the opposition to two hits and three runs in the first inning was relieved by Ace Rodenbaugh, who fed the Millers slow curves and sidearm deliveries which were hit very frequently by the boys. Some facility fielding by the bag totem kept the boys in control; they went ahead in the upper half of the second inning by a couple of snappy double plays featuring a one handed stab by shortstop Joe Harvey saved the day for the Mailmen.

Homers were hit by Rodenbaugh, center field; Person, second base; Coyne, first base; Powers, catcher; Thomas, pitcher. Cardamone batted for Irwin in the seventh inning. Spring Mill—Shade, right field; Crisp, third base; Henrich, left field; Wroblek, short stop; Mor-Ralkowski, center field; Duffy, catcher; second base; Butler, right field; Duffy, pitcher.

Pitches No-hit No-run Game

Pitching one of the greatest victories of his athletic career, Michael "Yardy" Yarosinski, Swedesburg softball pitching star and former Upper Merion high school athlete, entered the softball "Hall of Fame" when he hurled his team to an overwhelming no-hit, no-run victory over Kimble Glass of Conshohocken on the Stewart Junior high field yesterday.

Yarosinski's excellent performance put James Lees & Sons of Bridgeport undefeated in the Industrial League, out in front of Kimble Glass of Conshohocken by one game for the Y. M. C. A. Conference playoffs, defeating the latter by the score of 13-0. The other contest will be played Monday evening. Director Ray Boyson announced.

The Lees' clan, under the excellent management of Thomas Zelnicki, took complete control of the fracas at the very beginning, scoring almost at will in every frame. This was Yarosinski's fourteenth consecutive (passing the unlucky thirteen) victory and twenty-first in two seasons. Manager Tom Zelnicki was in doubt whether to start Yarosinski who is recuperating from a severe attack of cold. Burr Robbins will probably receive the next assignment to the mound. This was Yarosinski's fifth no-hit, no-run victory of his softball career. He also led the team in batting.

The fielding gem of the evening was performed by Mike Skelly who saved the no-hit column for Yarosinski in the seventh.

Beaver Makes Good Scores

Walter Beaver of this borough State champion amateur target shooter, made an exclusive of his scores in two events this week at the 42nd annual Grand American Trapshoot at Vandalla, O., lost out in the shoot-off.

In the Champion of Champions contest, Beaver, 4 registered Holsteins, the local marksman entered a four-day tie with a perfect score of 100. In the shoot-off he missed his 30th target and was eliminated. The title was won by Karl Maust of Columbus, O. Wednesday morning after darkness had prevented the completion of the shoot-off Tuesday night.

Beaver missed out in the Class A day target competition Wednesday when he declined to take part in a shoot-off after being with Joe Heistand of Hillsboro, O., and Karl Maust of Columbus, O. with a perfect score of 200 breaks in the regular event. Beaver, his check on the soundings of 200 breaks, declined to enter the shoot-off and took fourth place. Heistand won the title, the second time in three years. One of the fastest fields in the history of the Grand American competed.

JUST HUMANS

"I know a Cop Will Make Me Take You, But Have a Heart, Kid!"

158 Cows Placed on Honor Roll

Dairy herd improvement association number one supervised by Gilbert Hess, tested for butterfat during the month of July 27 herds consisting of 576 cows. One hundred and fifty eight cows were placed on the honor roll for having produced over 40 pounds of butterfat.

The highest butterfat producer was a registered Holstein owned by J. L. Wood and Sons, Red Hill, with a record of 73 pounds. The second highest producer was a grade Holstein owned by Lindquist and Sons, Willow Grove, with 63 pounds.

9 Violins, Valued at \$3000, Part of Estate

Nine violins having a total appraised value of \$3,000 and 36 "pictures", valued at \$674 are included in an inventory of the estate of Attorney Francis K. Swartley, North Wales, who died May 21, filed in the office of Register of Wills. The value of the entire estate, according to the inventory, is \$15,170.38, which also includes cash, building and loan shares and miscellaneous items. Building and loan holdings are shown as \$4,683.20.

Among the nine violins listed are one "Jannarius Violino", valued at \$1,000; a "Francesco Ruggeri", appraised at \$800 and a "Carlo Antonio Testore", appraised at \$500. Included in the estate also are three violin bows having a total value of \$105.

Sues for Costs of Razing House

Mrs. Bertha Bergdoll, wife of Grover Bergdoll, is named defendant in a civil suit filed in the Prothonotary's office here for alleged failure to pay a house wrecking company to pay a house wrecking company for the demolition of the old Bergdoll castle at 52nd street and Wynfield avenue, Philadelphia.

Fox started the suit today, but did not file a statement of claim. He said that his client claims a balance of \$605 due for tearing down the old castle and garage "The Schultz, East Greenway, 3 registered Holsteins; Charles Johnson, Lederach, 2 mixed; Shipley School Farm, Gladwyne, 4 Guernseys; Howard Baker, Center Square, 2 mixed; Silver Spring Farm, Norristown, R. D., 6 registered Guernseys; Montgomery County Home, Royersford, 4 registered Holsteins; Francis McClure, Belfry, 5 Guernseys; Dr. L. A. Cooper, Montgomeryville, 2 registered Guernseys.

4-H Clubs to Exhibit Work

The 4-H Club Achievement Day will be held in Bomberger Hall, Ursinus College, Tuesday, August 26. Exhibits of work accomplished will feature the day. Other activities will be judging contests, recreation and a program which will be given at two o'clock.

The home economics 4-H Club activities are under the leadership of Ethel Beadles, Home Economics Extension Representative for Montgomery County.

Glow of Lamps Adds to Charm

Have you ever stepped into a strange room and at once felt at home because of the soft, hospitable glow that met your eyes? Or have you been repelled by a harsh glare or unpleasant dim yellow light? Of course, everyone has had such an experience, but few realize the huge difference which proper choice of lamps can make.

Lamps create the atmosphere of a room at night, and serve as ornaments by day. Therefore, it is extremely important to choose the proper lamps, not only for their decorative value, but also for efficiency and proper light for reading.

It is as true of lamps as of any other home furnishings, that style is the most important consideration. Lamps may be purchased in Georgian, Chippendale, modern, Colonial, Regency, or any other period design, to match other furnishings of a room.

Size is important, too. A small bedside table would look top-heavy with a large lamp which would just fit on a long library table. Proper placement of floor lamps should also be considered.

KNOW YOUR STATE

WE GAS AND SEE PENNSYLVANIA

Pennsylvanians, faced with a gasoline shortage at the close of summer and with the beautiful autumn season still ahead, have a great opportunity denied the people of less fortunate states.

Within our State borders there are thirteen million acres of forest land, over forty thousand miles of State highway and more than that amount of township roads and over two million, eight hundred thousand acres of public land. The State Planning Board of the Department of Commerce points out that Pennsylvania motorists are extremely lucky in having close at hand one of the greatest recreational areas in our country.

Far places always lure the summer travelers but this year in a time of national emergency, Pennsylvanians should, as a patriotic duty, investigate the attractions of their own State which draw every year hundreds of thousands of tourists from every part of our nation.

Many a resident of the Keystone State is not aware of the fact that Pennsylvania contains over two million acres of State and National forest land and seven hundred thousand acres of game land.

We have all visited Valley Forge and Gettysburg but there are eight, even other historical parks and ten natural monuments now maintained by our State Department of Forests and Waters or by the Pennsylvania Historical Commission. Many of these are of national importance and are visited every year by thousands of travellers from all over the world.

In addition to these sites there are twenty-eight State forest parks and five Federal Recreation Demonstration Areas, many in spots of outstanding scenic beauty, which provide swimming, boating and camping facilities for all.

Today, with the defense program in full swing, the tremendous efforts of our eastern and western cities offer to the travellers a new thrill in the spectacle of the industrial might of our Commonwealth going ahead at full speed.

A trip down the Delaware, or a drive at night along the river banks at Pittsburgh will provide the visitor with memorable pictures of the greatest industrial power in the world engaged in an all-out effort.

There is no need, the State Planning Board points out, for a Pennsylvania to travel far these days, or to use up much gasoline, to enjoy outdoor life amid some of the most striking scenery in the east of our country and to view the most interesting sights that have been afforded the people of this generation.

COFFEE COOLY COPS ICE CREAM HONORS

Screaming for ice cream? Everybody is, and the favorite flavor with those "in the know" is coffee. For a good trick, add coffee ice cream to ice cream; swirl float! Swirl recipe!

Coffee Ice Cream: Scald 1 1/2 cups evaporated milk in top of double boiler; chill thoroughly. Pour 1 cup double-strength hot coffee over 22 marshmallows; stir until marshmallows melt. Add 1 teasp. vanilla. Pour into tray of refrigerator; chill until lelled; remove and beat until smooth. Whip evaporated milk; fold into jelled coffee mixture. Return to refrigerator; freeze until firm. Serves 8.

The large factory had organized its own Home Guard, and the men were duly posted to guard the works. The manager approached the main entrance, and the sentry, torn between duty and deference, challenged: "Halt, Mr. Brown! Who goes there?"

WE'LL STAY RIGHT HERE, TONTO, WHERE WE CAN WATCH THE HOUSE. UGH.

JANE SAW A FACE IN THE WINDOW. I'D LIKE TO TELL HER WHAT SHE SAW, BUT THAT WOULD RUIN EVERYTHING.

MEBBE PLENTY OTHER STRANGE THING HAPPEN IN HOUSE.

JIM, I'M SO GLAD YOU'RE BACK, SINCE YOU LEFT THE STRANGEST THING HAPPENED. I- I THOUGHT I SAW A GHOST.

FORGET IT, JANE. YOU KNOW, LAWYER TIMMONS?

HOWDY, MISS JANE. JIM TELLS ME YOU'RE TO SIGN A LEGAL PAPER.

JUST WHEN I WAS GOING TO SIGN IT, IT WAS STOLEN BY SOMEONE.

SO JIM SAID. WELL, IT DON'T MATTER, I'VE GOT A PAPER RIGHT HERE.

THERE YOU ARE, MISS JANE, SIGN RIGHT HERE.

THIS JUST MEANS THAT JIM WILL HAVE FULL SAY IN RUNNING THE RANCH, DOESN'T IT?

SURE, THAT'S THE MAIN POINT. YOU NEEDN'T BOTHER TO READ ALL THAT LEGAL STUFF.

WELL, THAT'S THAT. I'LL GET BACK TO TOWN NOW.

I'LL GO WITH YOU, LAWYER TIMMONS.

JANE TRUSTING HER STEPPROTHER, DOESN'T BOTHER TO READ WHAT SHE IS SIGNING.

WHERE'S THAT PAPER GONE? PUT IT WHERE IN MY POCKET NOT FIVE MINUTES AGO.

I TOLD YOU THERE WERE STRANGE THINGS HAPPENING IN THIS HOUSE.

THERE'S THE PAPER!

BLOWIN' THROUGH THE AIR, HOW'D IT GET THERE?

LOOK TOWARD THE HOUSE, TONTO. HE SEE.

A STEALTHY HAND REACHES OUT OF THE NIGHT.

As different as anything they have done on the screen is "Appointment for Love" a sparkling comedy with Margaret Sullivan and Charles Boyer due for October showing. It is being produced by Bruce Manning who united the stars in "Back Street"

How To Stuff And Bake A Fish

Whole fish, stuffed and baked, ranks high in deliciousness and nutritive value, and is usually kind to your food budget. Summertime finds many varieties of fish at their best. Prepared as suggested here, your family will find baked stuffed fish a welcome change. Bluefish, Haddock, Bass, Mackerel, Shad, Weakfish, Whitefish and Cod lend themselves well.

- Stuffed Whole Fish 1. Order a 4- to 5-lb. fish, cleaned and trimmed but not split—with or without head and tail, as desired. A 4-lb. fish will serve about 5 or 6.

- Stuffing for Baked Fish 1. dice celery 2. tsp. crushed sage leaves 3. tsp. finely chopped onion 3/4 tsp. salt 6. tsp. butter or margarine 1. qt. day-old bread cubes 1/2 tsp. black pepper

What To Serve with Baked Fish Garnish with celery, lettuce, or parsley, and onion slices, cucumber slices, tomatoes, or slices of canned cranberry sauce. Or serve with Spanish Sauce, Cucumber Sauce, Tomato Sauce, Egg Sauce, Oyster Sauce, or Olive Sauce.

FRIDAY, AUGUST 22, 1941.

Secretary Ickes, oil coordinator is to try another method for saving gasoline by cutting distribution to retailers ten per cent. and have the retailers decide how the gasoline will be apportioned. Secretary Ickes and Mr. Henderson admit the policy is a makeshift and while the officials are floundering about to have the people do the job themselves, the buck is passed to the retailers to take public criticism for apportioning gasoline unfairly.

Conshohocken Day

More than five hundred youngsters had a great day at Woodside Park when the Playgrounds sponsored the annual Conshohocken Day. The children were transported to and from the park and spent the day with many amusements and sports activities without an accident. This reflects great credit upon the playgrounds supervisors, who maintained the same discipline at the big outing as they do at the home playgrounds.

It was a great day for both children and parents. Every one had a good time.

The annual outing is a regular feature instituted by the playgrounds. One beneficial activity begets another.

Parking Meters

At the August meeting of town council, Councilman Mansfield asked council to consider the matter of installing parking meters in the shopping district as a means of relieving inconvenient and at times dangerous traffic conditions.

There have been many complaints of traffic conditions in lower Fayette street and the question has been debated in town council many times. The situation continues to be bad and with increase in business activity, there is prospects of conditions becoming worse.

Many communities have installed parking meters and have improved traffic conditions. The meters do away with the day parking in the business section and save shoppers much time and inconvenience.

It would be well for town council to gain full information on the subject and if parking meters will help solve the problem, it may be profitable to shoppers, business houses and the borough to install them.

War Consciousness.

President Roosevelt has evidenced concern over the public's failure to appreciate the seriousness of the threat of war to this country.

Many attempts have been made to arouse the war spirit of the nation has not responded as it did in previous crises when the safety of the country was threatened.

The fault is not with the people. They are just as loyal and patriotic as ever before. The people will willingly make sacrifices for their country but they demand there be reason and necessity for the sacrifices.

The Washington Administration has not taken the people into its confidence. The people are not at fault. The people will not recognize an emergency as serious when the government not only continues but greatly increases expenditures for other than national defense. A year ago, when the selective service law was enacted, the people were assured there was adequate equipment on hand or "on order" to equip an army for defense. Young men were drafted for a year's military training and much time was lost by reason of lack of guns, tanks and other equipment. The training time is now extended. The defense program lacks organization and a definite policy. A government agency will announce one day the necessity for the public to curtail use of a domestic necessity and the next day another agency will tell the people there is an abundance of that which the other agency said a shortage exists. Men inexperienced and incapable for the duties assigned them are placed as heads of agencies and departments. Young men have made great sacrifices to go into military training at a pay of \$21 per month, while at home strikes are holding up production of ships and urgently needed military equipment and supplies. So runs the record of the whole defense program and with ineffectual progress, the President takes the opportunity to advocate the St. Lawrence waterway and the Florida ship canal projects, which would involve hundreds of millions of dollars to be paid through more crushing taxation.

When Washington takes the defense effort seriously, use the services of the men best fitted for the special jobs, an example will be set for the entire country. The too frequent Roosevelt emergencies have shaken the faith of the people and they will not recognize the seriousness of the present situation so long as Washington tolerates gross inefficiency in the conduct of the defense program and continues to try to correct evils by creating another evil.

Americans are tired of being fooled. They want sane, honest leadership, a leadership that does not favor one class against another. They will loyally support and patriotically follow a leadership that is for all Americans and all America.

What About Taxes

Babson Says More Taxes Not Needed.—Suggests Higher Excise Taxes on Things Responsible for Crime.—35 Per Cent. of Rent Payments Go For Taxes.—Every One Now Pays Taxes.

By Roger W. Babson

Gloucester, Mass., August 22.—The chief discussion in Washington and Ottawa today is over taxes. Even "price control" is secondary, as one purpose of taxation is to keep people from rushing to buy goods. Some change from a few years ago when governments were urging us all to buy more! Guess if the politicians let us alone at all times to learn by experience the nation would be better off in the end.

Increased Taxes Unnecessary My purpose this week—however—is not to discuss the pros and cons of proposed tax bills, but to show readers how much they are already paying in taxes. I must, however, say that the proposed "joint husband and wife tax return" is vicious, immoral and unfair. If \$300,000,000 more is needed it should be raised by higher excise taxes on things responsible for crime. Crime alone is costing the U. S. and Canada \$18,000,000,000 a year.

A serious offense is committed in the United States every 21 seconds or a total of 1,517,026 major crimes. This averages one for every 87 persons, includes a felonious homicide every 44 minutes, a robbery every 10 minutes, an auto theft every 3 minutes, a burglary every 1-2-3 minutes, and a larceny every 35 seconds. Fifty per cent of the criminals are under 25 years of age. Let us also remember that the fire losses alone last year would have purchased 45 great cruisers for the U. S. Navy and 5 for Canada. In other words, if we all would get busy to eliminate crime, our taxes need really not cost us anything.

Taxes Which Everyone Now Pays Already NOW 35% of what we

pay in rent goes to taxes. When buying a loaf of bread NOW, 20% goes for direct taxes and 25% for indirect or a total of 45%. From every \$100 we NOW pay for clothes, the tax collectors take 52 different kinds of taxes. U. S. taxes averaged last year \$109 for every man, woman and child. According to the Committee of Americans, 122 East 42nd street, New York City: "Every time we pay an electric light bill we are giving \$1 out of every \$6 of it toward taxes. . . . An average of \$13 is paid yearly in taxes by every telephone user. . . . The housewife pays \$11 in taxes of every \$4 she spends. . . . There are over 140 different taxes figured in the cost of a pair of shoes—even for the baby. . . . The cost of the average car is paid out all over again every four years by taxes the motorist pays in operating it. . . . In drugs—a bottle of milk of magnesia carries 378 different taxes. . . . Railroads' taxes have more than doubled since 1916—now about 1-3 of our fare is taxes and so on.

Taxes on Dividends and Wages The American Federation of Investors of Chicago shows that the corporations owned by 7,118,000 stockholders paid an average tax of \$3.00 per common share, or almost double the amount paid in dividends. If these companies could have paid taxes only on their property, either these 7,118,000 stockholders could have received \$329 more in dividends or else each employee could have received \$600 more per year in salary. With lower taxes you would get more interest on savings accounts and lower life insurance costs.

I am not asking that taxes be reduced, but I do say it is unfair to increase them. It would be far better to eliminate all "tax-exempts". Existing state and local U. S. government securities total \$20,000,000,000 with over a billion new ones be-

ing issued each year. It seems unfair not to tax all securities alike. If these were taxed—at least the new ones issued—this would be another solution to our problem.

Putting More People to Work We cannot have prosperity by putting a ball and chain on employers. No sensible farmer puts a check rein on a horse hauling a heavy load. "We cannot lift wage workers up by pulling wage payers down". There is today a scarcity of skilled workers; but at least 6,400,000 people are still looking for jobs. Let us, therefore, encourage more men to become employers by making it easier—instead of harder—for them.

The elimination of tax-exempts should help employment. Rich people would then quit burying their money in tax-exempt bonds. They would put their money to work building more factories, stores and other enterprises which give employment. There is enough money in the U. S. and Canada to give everyone of good character a good living. One difficulty is that this money is in "tax-raid shelters" afraid to go to work. Let's stop our tax blitzkrieg and give this money confidence to come out and serve the nation.

Let's Spend More on Research If statesmen would spend 1-10th of their time in developing new uses for waste products—instead of increasing taxes—no increase in tax rates would now be necessary. As often said, the changes for increased income and employment through research are beyond the fondest dreams. It is our only hope for preventing a post-war collapse.

Raw cotton is worth only 12 cents a pound; but put it into new fibers and it is worth a dollar per pound. Petroleum is worth only 5 cents per gallon as fuel oil; but put it into dyes and it is worth many times that. Soy beans used to be treated as weeds; but today are a most sought for crop. Coal sells for only a few dollars a ton to burn; but it is worth several hundred dollars per ton when turned into nylon silk. Even sea water is becoming useful for making magnesium and bromine.

The Solution The real way to raise the new money needed for defense is to increase the national income and leave tax rates as they are. This can be done by reducing crime, suppressing commercialized evils and encouraging new industries. Both U. S. and Canada need more engineers and fewer politicians. "Some will say 'this means a spiritual re-birth of the American people'". Well,

why not work for this? There is no short cut to either prosperity or security. The Ten Commandments and Multiplication Table give the answer to taxation.

The American Laborer - Man Of Might

There's a lot of machinery in American factories. Millions of dollars worth. And there's plenty of power to operate it, too, billions of horsepower. But there's a third ingredient needed to make those machines and that power productive—it's labor.

In America, the laboring man has made greater strides than in any other country in this world. More and more he enjoys the fruits of his labor; as he produces for his fellow Americans, he produces for himself. He is protected against long hours and low wages, by his employers and by his government against injury and sickness and old age. To him is dedicated a great national holiday—Labor Day—and to him America owes profound respect.

Labor has not always had an easy time of it. Sweatshops are a thing of the not-so-distant past. Child labor has been abol-

ished only within our own short memories. Unfair trade practices still croup up, but labor has come into its own. American laborers receive higher wages than do those of any other nation. They work less hours, have more leisure time. They have the right to bargain collectively and to demand their full rights as American citizens.

Labor is probably the most thoroughly American institution of our times, if only because its many rights prove the effectiveness of the doctrine "all men are created free and equal." American laboring men represent every nation and every ethnic group on the face of the earth. Regardless of their birthplace or that of their fathers, they are Americans, and they're doing an American job!

IF ROOM SEEMS WRONG SHAPE THEN FIX IT UP!

It is often difficult to find a house or apartment with rooms of the right size and shape. However, if a room seems too large or too crowded to you, there are several things you can do about it.

Figured or bright-colored wallpaper make a large room look more compact. If the room seems too long, place bookshelves or corner cupboards at the ends.

Small rooms should have light wallpaper, with a very tiny pattern or none at all. Mirrors to reflect an attractive side of the room are preferable to pictures.

\$2,556,216 Est. For Widow

Orphan's Court Awards Edward S. Wagner Estate in Trust for Life Benefit of the Wife and Daughter.—Other Adjudications.

The \$2,556,216 net estate balances of Edward S. Wagner, Merion Park, was awarded yesterday to his widow, Rhoda R. Wagner and the Rhoda Trust Company, Philadelphia, as trustees to hold in trust for the life benefit of the wife and a daughter, Rhoda Wagner Richards. The award was directed by Judge J. Burnett Holland in Orphan's Court, when he approved the account of the executors, which showed total expenditures of \$2,250,287, since the death of Wagner on August 15, 1939 when the inventory was \$4,805,503.

The principal expenditures were for inheritance taxes. The account shows that the Federal Government alone received \$1,190,000, and the Commonwealth of Pennsylvania \$208,535.

Testator provided that one-fourth of his estate shall be held in trust for Mrs. Wagner and the balance in trust for the daughter.

The executors reported they have paid \$66,294 to Mrs. Wagner, and \$30,760 to the daughter from the income account.

Estate of James B. Park, Horsham who died June 24, 1940. Balance \$10,069, which is awarded one third each to his daughters, Muriel M. Wiley, Emma M. Moyer and a son, Eugene B. Mark.

Estate of John H. Spang, Lower Providence, who died February 18, 1925. Balance \$8,311.67. The death of his widow, Mary S. Spang, January 25, 1941, and Ella Nora Spang, a daughter, on January 29, 1927, having terminated a life trust, the balance is now awarded the remaindermen, three fourths to Ruth Anna Spang Mahan and one fourth to William Spang.

The balance is composed of \$6,119.73 unconverted investment securities and cash.

Ruth A. Mahan, the daughter, and William Spang, the son, the legatees in remainder, by an election July 1, 1941, elected to take real estate at 25 and 28 West Main street, Norristown, known as the Blackfan Apartments, instead of the proceeds of this real estate. The question submitted to the court for determination was whether under the terms of the will the interest in the Blackfan Apartments had been converted into personality, resulting in a duty on the part of the trustee to sell and dispose of the interest, or whether since Ella Nora Spang, the daughter, predeceased Mrs. Spang, the life tenant, the interest in the real estate descended to and vested in the two remaindermen upon the death of Mrs. Spang.

The Orphan's Court, it was held, upon the audit of an account, is without jurisdiction to determine the title to real estate. The court therefore, declined to express an opinion on the question submitted.

A balance of \$10,936 shown in an accounting of the estate of John M. Dettler, Norristown, who died July 6, 1940, is awarded: one eighth each to Charles Dettler, Lillian Dettler, O. G. Bates, Lewis Jacobs and Ralph G. Rohrer; one eighth to Maurice L. Clevestine and Mary R. Fisher, administrators of the estate of Ella Clevestine, deceased; one sixteenth each to Ethel B. Moore and Vernon E. Blonid, and 1-32 each to Jay Emery Roy, Emery, Orella Holman and Edna Emery.

A balance of \$88,975.02 shown in an account in the estate of Harry M. Walton, Whitpain, who died December 9, 1939, is awarded in an adjudication confirming the account handed down by Judge J. Burnett Holland in Orphan's Court.

Awards approved are: \$1,000 to Boehms Reformed Church, Blue Bell, in trust, for general upkeep of the church property; \$100 to J. Irvin Script, Elizabeth Swift, William Romberger, David L. Jones and Wilbert Vandegriff, all employees of the deceased; \$5,000 absolutely to Phoebe I. Walton, a daughter, who being over the age of 21, became entitled to one-half the principal of a \$10,000 trust. She will receive the remaining \$5,000 when she attains the age of 25. A fund of \$10,000 is awarded the Amber Trust Company, for a daughter, Clara Jean Walton. She will receive \$5,000 outright when she attains the age of 21 and the balance at the age of 25.

A trust fund of \$30,000 is awarded the Amber Trust Company, to pay to income to his wife, Clara R. Walton, for life. At her death the income is to be paid in equal shares to the two daughters, Phoebe and Clara Jean until they reach the age of 45 when they are to receive the principal in equal shares.

The residuary estate is awarded Mrs. Walton, absolutely.

Katharine Warwick Bolton, who became 21 years of age April 22, 1941, is awarded a balance of \$10,550.81 held for her during her minority. The beneficiary of the fund was married June 14, 1941, to Gough Winn Thompson Bolton.

A balance of \$307.19 is awarded a number of cousins and other relatives of Thomas M. Duddy, Conshohocken, who died June 19, 1940, in an adjudication confirming an account handed down by Judge Burnett Holland in Orphan's Court.

The value of Duddy's estate dropped to this amount from \$3,527.78 appraisal value shown in the inventory.

The balance is divided: \$11.97 each to Estella S. Coyt, Frances S. Comey, Thomas F. Scott, \$34.14 each to Madeleine Smith, Margaret J. Maloney, John T. Duddy, Clara B. Norcross, Joseph Bux, Jr., Harry H. Azre and Irene Amberg; \$17.07 each to Clara Michel and the administrator or executor of the estate of Joseph Anstett.

Because she was unable to offer

competent evidence to support it, claim for \$8240 filed by Bertha Smigiel, Conshohocken, was not allowed by the court. In the course of the conduct of her hotel business, Mrs. Smigiel testified, she purchased meat products and provisions from wholesalers, for Duddy, a friend of long standing. She said she kept no record of these transactions.

A balance of \$942.62 in the estate of Michael Unglaub, Norristown, who died May 2, 1932, is awarded the Norristown Penn Trust Company for the life benefit of a son, Augustus Unglaub. A balance of income amounting to \$414.90 is awarded the son.

A balance of \$576.43 in the estate of John P. McGough, Conshohocken, who died June 17, 1931, is awarded Eva McGough Spangler, on account of her \$5,000 allowance as surviving spouse under provision of the Intestate Act.

Seven Catholic Institutions, residuary legatees under the will of Patrick Gormly, East Norritown, are awarded \$6,800 each, in partial payment of legacies, in a distribution approved in an adjudication handed down by Judge J. Burnett Holland in Montgomery County Orphan's Court.

Gormly died December 3, 1930, naming these seven institutions as beneficiaries of the residue: St. Joseph's Hospital, Misericordia Hospital, St. Vincent's Hospital for Women and Children, Little Sisters of the Poor, St. John's Orphan Asylum, Roman Catholic Society of St. Joseph for Educating and Maintaining Poor Orphan Children, and the Catholic Home for Destitute Children.

In a previous adjudication the court awarded back to the executor \$132,934 for conversion and further accounting. The present account shows a balance of \$127,878, composed of unconverted investment securities and real estate acquired by foreclosure of mortgages, and cash.

The court now approved the total payment of \$47,000 to the seven residuary legatees and awards the balance back to the accountants for further accounting and liquidation.

The Recorder will be mailed twice each week to any U. S. Army Camp for \$1.50 a year.

Baby's First Birthday

Baby's first birthday is an important occasion—certainly big enough to warrant a party. But many questions come up when the party for one-year-olds is in the planning—so here are some pointers on what to serve, what kind of entertainment to have and the best time to have the party.

No doubt you will be inviting babies whose mothers you know very well, and it should not be difficult to arrange a time between all their naps to have the party without interfering with their schedules. In general, perhaps three-thirty in the afternoon would probably be the best time—then the children could have an hour together before refreshment time at four-thirty or five. That is the supper time for many one-year-olds. They would still be able to get home and to bed at their regular hour after that. In any case, the party should not be a long one, as a lengthy period of excitement might cause over-tiredness.

Perhaps you can find out how many of the tiny guests are already having Junior foods for their meals. If not, it would be best to have strained foods in your party supper menu. Most children are started on Junior foods at the twelfth or eighteenth month, depending upon the doctor's recommendations. It would be safe to say, then, that the strained foods rather than the Junior foods should be served at the party. Here is a menu plan that could be suited, with variations, to almost any group of children you might get together:

We place the cake on this menu with reservations—for in some groups of children you might find one who is allergic to eggs. In that case, graham crackers would have to be substituted.

In changing this menu around, you have 14 different kinds of prepared strained foods from which to choose. You might prefer strained beef and liver soup as the main dish, and strained apricots and apple sauce for dessert. Strained foods are being used more and more in babies' diets because they make it possible to introduce mineral- and vitamin-rich vegetables, fruits, cereals and meats into the child's nutritional program at an earlier age—thus enabling children to build a firm foundation for later good health.

The prepared strained foods are known to be higher in nutritional value than those one could prepare with the average home equipment because they are cooked and strained in the absence of air and there is no cooking liquid poured from them, nor is there danger of their being over-cooked. Naturally, the convenience of prepared strained foods—as well as of Junior foods—cannot be overrated. Mothers of young children have welcomed them from the start, as being a great help in their busy lives.

The entertainment for a one-year-old's birthday party is a much easier thing to plan than one might expect. Have a variety of toys for them to play with on the floor or on the lawn—being sure to have enough so each has something to handle; but be careful not to confuse them with an overwhelming number of toys.

Naturally, the play time at this party is the time when your child is having one of his first experiences getting along with his fellows. According to one authority, it is never too early to take the first steps that help make children grow into well adjusted and charming adults. Though at times it may seem the children are paying very little attention to each other, they are nevertheless developing attitudes toward their fellow men. Do not supervise them too much, but try to see that a kindly and thoughtful atmosphere prevails. And after your child has passed his first birthday, frequently have him play with other children, taking care that he thoughtfully shares his toys with them.

- One-Year-Olds' Party Menu
- Strained Vegetable Soup
- Milk to Drink
- Strained Peas and Pineapple
- Angel Food or Sponge Birthday Cake (without frosting)

Laughing Around the World

With IRVIN S. COBB

He Won the Oil Stone

By IRVIN S. COBB

THIS one used to be a classic around the newspaper offices. A reporter who was covering the hotel news for his paper, gathering up gossip of new arrivals and the like, returned to the shop with a story.

"I butted into three traveling-men talking in the lobby," he said. "One of them, an underwear salesman said the hot weather had put him almost out of business. He acted like he wanted to cry about it."

The other two listened to his complaint for a while. Then the second one said:

"You've got no kick coming. Look at me, cheery and bright. I haven't made a sale since last February and yet here it is the middle of August."

"Rotary snow-ploughs."

Up to this point the third fellow hadn't said a word. Now he spoke up:

"You fellows never got a kick coming. Why I haven't made a sale in five years."

The other two turned on him:

"What's your line?" They asked in chorus.

"Suspension-bridges."

(American News Features, Inc.)

Mistaken

"Now remember, Pat," said a sergeant to an Irish soldier, "the password is Saxe—after Marshal Saxe, you know."

"Sure," said Pat, "O'P'll never forget it. Wasn't my father a miller and my uncle a coalman?"

Later in the day the Irishman was challenged. "Bags," he replied.

Buys Control of Autocar Co.

Liberty Aircraft Products Corp. Arranges to Purchase Control of Autocar Co.—Say Sale Price \$15 a Share.—Defense Contracts.

Liberty Aircraft Products Corp., Farmingdale, N. Y., has completed arrangements for the purchase of 121,097 shares of common stock of Autocar Co., Ardmore, involving control through ownership of approximately 96 percent of the outstanding shares. Oliver H. Payne, chairman of Liberty, has announced. Walter S. Mack, Jr., president of Phoenix Securities, said that the deal comprised an immediate sale by Autocar to Liberty Aircraft and an option to the latter for the remaining 100,000 shares. The option he said, will be in force until September 15.

The price for the stock, it was said, is \$15 a share or a total of \$1,816,455. R. L. Page, Jr., president of Autocar, said the sale of Phoenix Securities' holdings of Autocar "did not necessarily mean a merger of Autocar and Liberty Aircraft."

Liberty Aircraft is one of the largest manufacturers of precision aircraft parts in the East. Autocar Co. manufactures heavy duty tractor trucks, scout cars and other defense products as well as heavy duty commercial trucks.

Both companies are currently operating at capacity and their combined unfilled orders were said by Mr. Payne to total more than \$50,000,000.

Gruman Aircraft Engineering Corp. owns 56,469 shares of Liberty Aircraft. The 121,097 shares of Autocar Phoenix Securities in that company. The sale, it was said, paves the way for a reduction of Phoenix's bank loans and payments on account of accumulated dividends on Phoenix preferred stock. At the time of the last semi-annual report of Phoenix, directors declared their intention of using some of the proceeds from the then proposed sale of Autocar stock to "reduce bank loans and to begin to pay the accumulated dividends" on the preferred.

As of February 28 last, Phoenix had outstanding 77,308 shares of \$3 preferred stock of \$10 par on which dividend arrears on that date amounted to \$9,500 a share or a total of \$734,407. At the end of February, Phoenix had bank loans in the amount of \$2,727,423, due January 30, 1942. The last preferred dividend was paid by the company in January, 1938.

Conshohocken Has a Future!

What Has Been Built!

Conshohocken has the foundations upon which may be built a stable, sociable town. A town of which its residents may be proud and a town of opportunity.

Let us see what the inventory shows: improved, shaded, wide streets and avenues; fine views of the river, valley and rolling country; an abundant supply of pure spring water for domestic and public use; efficient fire protection that has placed the borough in the low rate class for insurance; gas, electric and sewer service; police protection; garbage collection, a diversity of industries with a record for continuous operation and the highest average wage per worker in the county; transportation facilities by two trunk line railroads and two bus companies; two public parks with a large, handsome community house; an athletic field, free library, housed in its own building; nursing service and clinics; community ambulance service; ten churches; art league and free art classes; a school system, including a junior high and senior high with a four-year course and domestic science and manual training departments; two public playgrounds, under the direction of competent supervisors; service clubs; fraternal societies; war veterans posts; two theatres; two strong banks and several building and loan associations and modern illumination of the shopping district.

These are the foundations we have upon which to build a greater Conshohocken.

We can and will build a greater town, when the residents will it shall be done. It will be done when individuals and groups decide to join together to accomplish some objective, as the property owners have done in providing a new lighting system.

The community is now ripe for further progress. New, modern business buildings have been built in Fayette street and other sections. The industrialists have always taken an interest in the town and have more than done their share in aiding in financing projects for the common good. The citizens should not be contented with just the financial support of the industries. The personal interest is the greatest contribution that can be made. This town was built with the employer and employe having common interests. They recognized a new job usually meant an additional workman, an additional family, an additional home, new communicants for the churches, new pupils in schools and a contribution to progress and expansion.

Every resident knows much can be accomplished here to make the town more attractive; to make better living conditions and a better understanding between employer and employe and the workmen with each other.

A united citizenry can accomplish great things for this community and themselves.

WE MUST UNITE!

(This advertisement is contributed by the local manufacturers as a share of their interest for a united community)

MRS. NELLIE DAYTON

In the executive branch of industry some women have displayed as much aptitude as that shown by men. This is particularly true in the case of Mrs. Nellie (Speaker) Dayton, who for the past fifteen years has served as assistant treasurer of the Hale Fire Pump Company, located at Seventh and Spring Mill avenues.

Mrs. Dayton's success in the business world can be attributed to her own initiative. Born in Conshohocken, her father, the late William Speaker, died when she was four years old. Eight years later her mother passed away. Mrs. Dayton, with her only sister, Miss Marguerite Speaker, resided with their grandparents, Mr. and Mrs. Christian Speaker, one of the best known families of the community. Her grandfather was for many years a superintendent at the plant of the J. Wood & Brothers Company, later purchased by the Alan Wood Steel Company.

Mrs. Dayton attended the local schools and graduated with the class of 1917. Following her graduation she obtained employment in Philadelphia and continued her education by taking a course in accounting at the Drexel Evening School to fit her for a position in the business world. She entered the employ of the Hale Fire Pump Company as stenographer and bookkeeper in 1918 shortly after the firm moved from Wayne to this borough and is one of their oldest employes in point of service. For a number of years she conducted the duties alone but as the volume of business increased additional office help became necessary. In 1936 she was made assistant treasurer and placed in charge of the office and her signature appears on all checks issued by the company. She now has three assistants.

Thoroughly acquainted with the details of the business, Mrs. Dayton considers her work a pleasure. "All of my associations with the firm have been just as grand as they could be. The company has been very successful and as they have progressed they have always shared their profits with their employes in a liberal manner," expresses her feeling toward her employers.

The Dayton's live at 221 East Eleventh avenue. Mr. Dayton is a member of a prominent family at Neville, Pa. where he resided until their marriage several years ago.

Mrs. Dayton is an active member of Banner Chapter, Order of Eastern Star, in which she has filled every elective office. She is the present Worthy Matron of the chapter. She is a member of the Conshohocken Methodist Church and is active in its affairs.

MRS. LEONORA LUCAS CAIOLA

In former times a woman's place was always looked upon to be in the home. This was in the horse and buggy days. Today in modern times things are quite different and the modern woman has gone out to make a place and name for herself in the world and in industry in general. She has proven her skill and ingenuity and in many places has earned for herself important positions in American industrial life, reaching into the highest places and the most difficult types of work.

An example of this attitude of the modern woman is exemplified in Mrs. Leonora Lucas Caiola, an attractive young woman employed in the Quaker Chemical Products Corporation, who is now employed by the Quaker Chemical Products Corporation, Lime, Elm and Sandy Streets, Conshohocken. Mrs. Caiola was first employed by this local firm ten and one-half years ago. At that time she was sole laboratory employe and continued so for several years. As the business of the Quaker Chemical Products Corporation grew additional chemists were employed and now the number totals ten. Among these Mrs. Caiola, however, is the only woman employe.

This firm manufactures a large variety of chemical products for use in the metal and textile trades, primarily, also making compounds catering to the leather, paper and miscellaneous industries. The firm is also engaged in producing materials for defense in direct contracts as well as supplying a large number of firms primarily doing defense work for the Government. A goodly number of these materials are directly attributed to work done by Mrs. Caiola and today she has the responsibility of seeing that products produced for the Government are strictly up to specifications in all details, which is a most responsible position. Also, she augments work in more detailed control in the laboratory and helps guide and see that proper control is applied on all products being produced by the company.

Mrs. Caiola is a native of New Jersey. Born in Hammonton, she graduated from the high school there. Later she entered Temple University, Philadelphia, from which she graduated in 1929 with Degree of Ph. C. While qualified as a pharmacist she never worked a day in a drug store. The reason for this, she explains, "is long hours and poor pay." She worked one year in Philadelphia as a chemist before coming to the Quaker Chemical Products Corporation.

She resided here more than three years or until her marriage when she removed to Norristown. Her husband is Attorney James R. Caiola, a member of the Montgomery County Bar. Their home is at 103 East Jacoby Street. Mrs. Caiola prior to her marriage was Miss Leonore Lucas, and she is still known as Miss Lucas at her place of employment.

She is fascinated with her work and she attributes this to the pleasant associations and the excellent treatment accorded by her superiors. "No firm could be more pleasant to work for," is the expression of her feeling.

She attends to her own household duties, which she considers a pleasure. She enjoys skating, swimming, tennis and fishing. She loves deep sea fishing and accompanies her husband on several trips each year to Ocean City, Md., for marlin.

Real Estate Firm Buys Bank Building

The former Willow Grove Trust Company building on the Easton road, Willow Grove, has been sold to Edwin Winner of Hatboro, and Albert V. Hart of Philadelphia, for the Closed Bank Department of Pennsylvania. This handsome structure, built at a cost of \$40,000 in the early 'twenties, will be renovated and remodeled for offices in which the new owners will conduct a real estate, insurance and financing business.

Mr. Winner is an Assemblyman, having represented the Third Legislative District of this county at Harrisburg many years. He was formerly engaged in the building material supplies business in Hatboro and recently discontinued the business.

ALLENTOWN FAIR

A kaleidoscopic blending of pretty girls, especially designed costumes, colorful lighting effects and massive scenic sets is a short but inadequate way of describing the Echoes of Broadway, a George A. Hamid production, which will be offered as the featured grandstand entertainment at this year's Great Allentown Fair on September 16-17-18-19-20. The nucleus of the revue is formed by the Gas Foster girls, a regular feature of New York's famed Roxie Theatre, who have won fame as the world's outstanding chorus.

One of the loveliest numbers presented by the chorus is the Indian routines. This is an authentic rhythm number and a modern variation of many of the ceremonial dances of the Indian tribes. The girls are attractively costumed in short white sash skirt leotards, trimmed in gold and wear large white feather head-dresses. This number is one of the most beautiful that has ever been presented in any revue.

Numerous specialties, especially chosen for the Echoes of Broadway, are expertly interwoven into the whole production. At times the attractive and colorfully attired chorus forms an appealing background. At other times the specialties work along on the stage.

Modern lighting effects embellish the elaborate settings that are carried complete. These latter transform the outdoor stage into a fac-

First Lady "Adopts" London East End Boy

THOMAS MALONEY, British boy "adopted" by Mrs. Eleanor Roosevelt, and his sister, Mary, "adopted" by the Montgomery County Federation of Women's Clubs, Pennsylvania, welcome their father and mother, Mr. and Mrs. James Maloney, at the J. B. Priestley Nursery, England, operated by the Foster Parents' Plan for War Children. American headquarters of the Plan are at 35 West 42nd Street, New York City. The Maloneys are two of the more than 4,000 children being cared for by the Foster Parents' Plan for War Children in 25 children's colonies in all parts of Great Britain. Children can be "adopted" through the Plan for \$15 per month.

simile of some of the nation's finest theatres.

A clever master of ceremonies keeps the production moving in a fast and highly entertaining manner. The Great Allentown Fair officials are confident that this year's show will appeal to audiences as the finest entertainment that they have ever witnessed at the annual.

MONTGOMERY COUNTY FAIR

Four big army tanks, the latest thing in military equipment, will be on view at the Montgomery County Fair, Hatfield, when the show opens on Labor Day, continuing for six days and nights.

One of the first Chevrolets ever made will be on exhibit. These items, of course, will be merely added attractions to the big ten-act show that will be presented daily, featuring two of the most fa-

mous movie cowboys on the screen, Ken Maynard, the Lone Star Ranger, and his horse, Tarzan; and Hoot Gibson, with his trained mount, Pal. Maynard is to be supported by his cowpuncher quartet, the Lone Star Rangers.

The 1941 fair is to top all its predecessors, since this year it has been necessary to expand the grounds by a matter of nearly 10,000 square feet. Most of the expansion is made necessary by the doubling of the size of the livestock division, which is always one of the most popular features. There will be more than 600 head of horses and cattle. For the first time there will not be enough stall room, and at least one large tent will have to be erected to house a large part of the stock.

There will be fifteen pure-bred Percheron horses in the show, one of the biggest six-horse hitches in

How To Become a Naval Officer in 4 Months

COLLEGE GRADUATE, 20 TO 28, UNMARRIED ENROLLS FOR RESERVE MIDSHIPMEN TRAINING PROGRAM

1. HIS FIRST MONTH IS SPENT IN BASIC TRAINING DURING WHICH TIME HE IS FREQUENTLY INTERVIEWED BY NAVAL OFFICERS

2. INTENSIVE STUDY AND CLASS WORK MARK THE ENSUING THREE MONTHS IN A MIDSHIPMEN TRAINING SCHOOL AT NORTHWESTERN U., ON THE U.S. PRAIRIE STATE AT N.Y., OR AT THE U.S. NAVAL ACADEMY AT ANNAPOLIS

5. held in connection with the fair. This is the largest show in Pennsylvania, and one of the largest in the East. There will be six days of horse

an ALL-IN-ONE DISH for supper saves work on a warm day

says Dorothy Greig

WHEN the day is bright and sunny that's the time to heed the call of the not-so-wild outdoors. Meals to prepare? Of course—but let's plan things that don't demand hours in the kitchen. Hot food the family must have even when the temperature is soaring. But for many a meal just open cans of condensed soup, add water and heat. That's one appetizing way to take care of the hot food situation. Soup is light, easily digested and stimulating.

Or maybe at other times a nourishing hot main dish casserole is the answer. This can be put together in the cool morning hours and parked in the refrigerator until baking time. If, in the casserole you include vegetables as well as meat, so much the better. One of my most savory all-in-ones is a zesty dish of chicken and noodles, tender young carrots and chopped celery in a tempting sauce and topped with hot stuffed eggs. It is a dish to satisfy demanding outdoor appetites, yet the actual cooking time is but a brief thirty minutes.

Chicken and Noodle Casserole with Vegetables

- 1 can condensed cream of mushroom soup
 - 1 can condensed chicken noodle soup
 - 1 1/2 cups cooked diced chicken
 - 1 1/2 cups diced celery
 - 1 1/2 cups diced carrots
 - 3-4 eggs, halved and stuffed
- Cook the diced celery in boiling water (no salt) for 5 minutes then add the diced carrots and continue cooking until tender. Drain. Combine the cream of mushroom and chicken noodle soups. Then add diced chicken, diced celery and carrots, mix well and pour into a casserole or hot dish. Put into a moderately hot (375° F.) oven and bake for 30 minutes. Then arrange stuffed egg on top of casserole and heat for 5-10 minutes longer. Serves 6.
