

Sewer Matters Discussed by Town Council

Appeals cost in lien filed.—Asks adjustment in line

With only sufficient members present to form a quorum, the August meeting of town council Wednesday evening was featured by a short session dealing primarily with matters pertaining to the sewer system.

A communication received from the Norristown Penn Trust Company of Norristown was read. The letter was in reference to sewer lien in the amount of \$385.99 filed against the property at Fifth avenue and Fayette street. The property has a frontage of 80 feet on Fayette street and extends in depth 186 feet on Fifth avenue. The amount of the lien is for the frontage of 80 feet and the difference between 186 feet and 150 feet in depth or a total of 116 feet, and in accordance with the ordinance was filed as lien against the property.

A communication received from the Norristown Penn Trust Company asked that the amount of the lien be reduced to the actual frontage of 80 feet. Council refused the request as the bill is in strict accord with the borough ordinance. Mrs. Galie, who owns a property at 302 West Elm street, appeared before council and explained that her property has a frontage of 101 feet on Elm street and that she has been charged the full footage for the installation of the sewer main, whereas there has been but 24 feet installed and requested that she be charged only the 24 feet or else the remaining seventy-seven feet of the sewer main be installed. Council took no action in the matter.

Mr. Wynne explained there are 87 property owners who have not paid anything toward the installation of the sewer system in front of their property and 270 who took advantage of a brief discussion in the two categories a bill and a copy of the borough ordinance governing the cost for installation of the system in order their bills be paid by the time of maturity of the sewer bonds.

Mr. Wynne reported the borough is overrun with dogs that are permitted to roam the streets and requested council take some action to get rid of the nuisance. Following a brief discussion he made a motion that the borough ordinance governing the roaming of dogs on the streets be enforced.

The Bell Telephone requested permission to open an 18-inch trench at First avenue and Forrest street to install a cable and also permission to remove four poles and erect four new ones on West Elm street.

Mr. Wynne made a motion, which carried, to give permission to do the work at First avenue and Forrest street, and that the company obtain the written consent of the property owners on West Elm street for the installation of the poles which permission will be granted to do this work.

The property committee was instructed at the last meeting to have plans drawn for a garage to house the borough equipment. Mr. McCarty asked if anything has been done in the matter. Mr. Pifer explained that in the absence of the chairman of the committee, that due to rain on the day set to inspect the site, no action had been taken.

Wounded

17-year-old Desperado is in Hospital

Gene Kulp, 17-year-old, six-foot-four inch, 165-pound youth who has been staking a one man "crime wave" in Montgomery County since his escape from the Lansdale jail last Monday, was captured this morning by State Police from the Collegeville barracks after two shots from a .39-30 rifle entering his back, caused him to surrender.

The youth is in Pottsdam Hospital in a serious condition. The pellets penetrated vital internal organs.

Kulp's capture climaxed a 25-mile chase, which included this area, by 14 State Police and Chief County Detective Kaye Munsch, which began at DeKalb Mills and Stinson Park, Germantown Square, after the fugitive tried to purchase some 32 calibre bullets for his revolver from the store of Alfred Reed.

Reed refused to sell him the ammunition, and then notified State Police. Four cars loaded with the officers immediately began the manhunt, and at Schwenksville, they caught sight of their prey.

Kulp's escape began after he escaped from the Lansdale jail, after arrest on suspicion of burglary.

Car No. 1, driven by Private Frank Clemens, kept Kulp's car in sight from then on, with the other three official automobiles stung out behind him.

Private J. N. Cavitt and Michael Kaus, riding with Clemens, began firing at Kulp's tires with their rifles. Then they changed their target. When they changed the aim, and fired into the side of the machine while the chase was proceeding through New Hanover Township.

William Miller, 16, an employee of Hires Garnett, Port Kennedy, told Chief County Detective Kaye Munsch that after he had filled Kulp's gasoline tank, he approached the car to receive the money and ration stamps.

When he neared the vehicle, Miller said, Kulp pushed a 32 calibre revolver into his hand and attempted to jump back into the safety of a gas pump, and the fugitive sped away in the direction of King of Prussia.

The remainder of the night was spent by County Detectives and State Police in a search of Upper Merion Township for the youth, but he was not spotted.

All day yesterday State Police searched the lower section of Upper Merion in the vicinity of Swedeland and Swedesburg, but their prey did not put in an appearance.

Kulp stole Gambone's car Wednesday night after he had filled and robbed Benjamin Jones, 55, of 1310, in his home on Barron Hill road, in Whitehorse Township. After taking a wrist watch and several cents from the man, he beckoned him to his bedroom.

The desperado then inquired who owned the sedan in the garage. When Jones said the car was his, he ordered the couple to march out to the garage. They obeyed, and unlocked the sedan and turned over his A and B gasoline coupons and keys of the car. Kulp ordered the husband to get into the car.

When Jones appeared, Kulp said, "You're the man I want," and pulled the revolver from his pocket. "Give me your money," he commanded.

"There's no money here," said the occupant of the house.

Kulp then ordered the couple to turn around.

"Are you going to shoot me in the back?" asked Jones.

Kulp said he was going to search Jones and then snatched his watch from his wrist and turned over his A and B gasoline coupons and keys of the car. Kulp ordered the husband to get into the car.

When Jones appeared, Kulp said, "You're the man I want," and pulled the revolver from his pocket. "Give me your money," he commanded.

"There's no money here," said the occupant of the house.

Kulp then ordered the couple to turn around.

"Are you going to shoot me in the back?" asked Jones.

Kulp said he was going to search Jones and then snatched his watch from his wrist and turned over his A and B gasoline coupons and keys of the car. Kulp ordered the husband to get into the car.

When Jones appeared, Kulp said, "You're the man I want," and pulled the revolver from his pocket. "Give me your money," he commanded.

"There's no money here," said the occupant of the house.

Kulp then ordered the couple to turn around.

"Are you going to shoot me in the back?" asked Jones.

Kulp said he was going to search Jones and then snatched his watch from his wrist and turned over his A and B gasoline coupons and keys of the car. Kulp ordered the husband to get into the car.

When Jones appeared, Kulp said, "You're the man I want," and pulled the revolver from his pocket. "Give me your money," he commanded.

"There's no money here," said the occupant of the house.

Kulp then ordered the couple to turn around.

"Are you going to shoot me in the back?" asked Jones.

Kulp said he was going to search Jones and then snatched his watch from his wrist and turned over his A and B gasoline coupons and keys of the car. Kulp ordered the husband to get into the car.

When Jones appeared, Kulp said, "You're the man I want," and pulled the revolver from his pocket. "Give me your money," he commanded.

"There's no money here," said the occupant of the house.

Kulp then ordered the couple to turn around.

"Are you going to shoot me in the back?" asked Jones.

Kulp said he was going to search Jones and then snatched his watch from his wrist and turned over his A and B gasoline coupons and keys of the car. Kulp ordered the husband to get into the car.

When Jones appeared, Kulp said, "You're the man I want," and pulled the revolver from his pocket. "Give me your money," he commanded.

"There's no money here," said the occupant of the house.

Kulp then ordered the couple to turn around.

"Are you going to shoot me in the back?" asked Jones.

Mrs. Emma Pepper, of Ridge pike, is vacationing this week at Wildwood, N. J. She is expected to return home on Sunday.

Surviving are nine children, George, Joseph and Gertrude, at home; Pvt. Fred Martinelli in the Army stationed at Camp Gruber, Okla.; Dora, wife of Harry Goldberg; Ella, wife of Anthony Greco; Margaret, wife of Pvt. Anthony Januelli; Irene, wife of Patrick Bello, and Emma, wife of Sgt. Thomas McCarron, all of this borough.

Harry Rowland, Conshohocken, was released upon custody yesterday afternoon from payment of \$50 to the Montgomery County Probation Office a short time after he had been committed to the County Prison by Judge William F. Dannehower for contempt.

He had refused to make any payment on a \$5.25 weekly support order imposed on him several months ago for the support of his daughter. Rowland admitted his earnings are approximately \$50 a week at a steel plant but contended he was unable to pay the money unless he negotiated a loan. He said he supported his wife and two children and a sister and was without funds.

Rowland also was critical of the institution where the court had committed his daughter and said he was desirous of obtaining her release. He said he was under the impression the girl had been committed for a three months period, long since elapsed. Judge Dannehower explained, however, she was committed for an indeterminate period. Contending he was unable to pay anything, Rowland was committed to the County Prison until he raises fifty dollars.

Three in a Row For Local 119

Local 119 chalked up its third victory in as many starts by defeating Philadelphia Steel & Iron team 10-6 on the high school field last night. The Local had amassed a 6-0 lead up to the fifth inning when the Steelers threw a scare into them by sending four runs across the plate. The Local added two runs in each of the sixth and seventh frames to clinch the decision. The Steelers rallied in the seventh but the rally was stopped after two runs had been scored.

Steelmen Win

Philadelphia Steel & Iron defeated Walker Brothers in a high-scoring game 10-9 Wednesday evening on the Spring Mill diamond. A six-run rally in the fifth inning gave the Steelmen a 9-4 lead and enabled them to win out although their opponents made a desperate attempt to pull the game out of the fire.

Dinah SAYS

Laughing Around the World With IRVIN S. COBB

That Made Him Even

By IRVIN S. COBB

THIS is one of those post-war stories. However, it is said to have the advantage on its side of being true. It seems there was an English nobleman whose estate shrank frightfully between 1914 and 1918. He decided, in order to replenish the family fortune, to go into business. But neither nature nor experience, his former mode of life had qualified him for a commercial career and he made a frightful hash of the venture.

Eventually, a receiver took over his affairs. The receiver engaged an expert accountant who went over the books and struck a trial balance.

His Lordship scanned the document and exclaimed: "What an extraordinary coincidence! What an extraordinary coincidence! What an extraordinary coincidence! What the totals on both sides are identical!"

NEWS OF LOCAL MEN IN ARMED FORCES

Two brothers serving in the U. S. Army missed seeing each other at the home of their parents by four hours on Monday. They are Cpl. Walter Giera and Cpl. T. J. Joseph Giera, son of Mr. and Mrs. Leon Giera, 1027 Spring Mill avenue. Walter, who has been assigned to Aerial Photography School at Elgin Field, Fla., spent a 21-day furlough at his home, leaving to return to his duties Monday morning. His brother Joseph arrived at his home and was keenly disappointed to find Walter had gone. Joseph was able to spend only four hours at home and then left to return to his command. He was formerly stationed at Camp Barkley, Texas, as a member of an Anti-Aircraft Unit. He was employed with the Quaker Oil Products Corp. Walter was employed with the Alan Wood Steel Company prior to his induction August 6, 1942.

In the first letter received in several weeks, Ross Nobilt, S. 2/c, son of Mr. and Mrs. Ross Nobilt of 601 Ford street, West Conshohocken, tells his parents he has landed in Italy and has met Robert McDonnell, S. 2/c, son of Mr. and Mrs. Michael McDonnell of 6 Cedar avenue, West Conshohocken. Seaman Nobilt stated he is only a few miles from where the members of Battery C are stationed and hopes to visit them before his ship leaves port.

S. Sgt. Charles B. Luskin, son of Mr. and Mrs. Charles Luskin of 615 Ford street, Bridgeport, former local resident, who is serving in the U. S. Army in Italy. In a recent letter to his parents advised them he had a most pleasant meeting with Sgt. Daniel O'Donnell and Pvt. Vincent Burns and John Cook, with this borough, the latter being members of Battery C. Conshohocken's own fighting unit.

Sgt. Luskin entered the service in September, 1942, and was assigned to the Air Forces in which he was schooled as a radio operator. He has been overseas a year, having landed in Africa and later transferred to Italy. A brother, Aviation Machinist Mate Third Class, entered the service in October, 1942.

For exemplary conduct in combat, Pfc. Peter Mashintonio, son of Emedio Mashintonio of 239 West Sixth street, has been presented the Army's newest award for infantrymen, the Combat Infantryman Badge.

Awarded for exemplary conduct in combat or for combat action in a major operation, the new medal is a silver rifle on a blue field with a silver border, imposed on an elliptical silver wreath.

Since starting his tour of overseas service on May 26, 1942, he has been stationed on New Zealand, Fiji Islands, Guadalcanal and Bougainville. He is a veteran of the New Georgia Campaign, and is a member of the infantry regiment which repelled the Japanese attack on Hill 700 in four days of historically intense fighting which saw the annihilation of more than 1700 of Japan's 6th Imperial Division, in favour of the 1938 Rap of Nanking.

Pvt. Daniel Petruccielli, son of Mr. and Mrs. Michael Petruccielli of East Hector street, celebrated his nineteenth birthday anniversary on Monday in France where he is serving with a Field Artillery Unit of the U. S. Army. He entered the service last October, received his basic training at Fort Sill, Okla., and has been overseas about five months. He attended Conshohocken High school and was employed with Carlisle & Dougherty prior to entering the service.

Staff Sergeant Vincent J. DiYenno, Conshohocken, Pa., is a crew chief in the sheet metal section of a major repair depot for planes of the Eighth Air Force, England. He is the son of Mr. and Mrs. Vincent J. DiYenno, Sr., of 215 West Third avenue.

Sergeant DiYenno is a graduate of Conshohocken High School and worked at the Midleton, Ohio, Army Air Depot for two years before entering the service in 1942. This experience, coupled with Air Force technical training, has qualified him for his present duties.

IN ENGLAND

ELIZABETH P. SWARTZ
2d Lieut., A.N.C.

Lieut. Elizabeth P. Swartz, Army Nurse Corps, daughter of Mr. and Mrs. Victor L. Swartz, 265 East Tenth avenue, has arrived in England, a letter to her family told them Monday.

Inducted in the Army Nurse Corps, March 1, she took her basic training at Fort George Meade, Md., subsequently stationed at Fort Eustis, Va., and Camp McCain, Miss.

A graduate of Conshohocken High School in '38, she was graduated from the Philadelphia Homeopathic Hospital, Philadelphia in '42, served sometime on the operating room staff at Phoenixville Hospital and engaged in private duty at Montgomery Hospital. She is a member of Calvary Episcopal Church.

S. Sgt. Baird Hinkle, who will mark the eighth anniversary of his marriage to Miss Beryl Fiero of this borough on Saturday, is at Camp Rucker, Ala. He entered service sixteen months ago.

A brother, Mack Hinkle, co-proprietor of "The Brown Jug", Norristown, who entered service three months ago, spent a brief furlough at home overnight Saturday. His wife is also a former resident.

The Conshohocken Recorder

Gulph Mills Soldier Home From Overseas

S. Sgt. Alan Campbell, son of Councilman and Mrs. James Campbell, 203 East Hector street, will mark his birthday anniversary on Monday somewhere in Great Britain where he is attached to the Air Transport Command. A number of birthday gift boxes and greeting cards have been sent him.

CPL. FRED SALTER

Twenty months to the day from the time he landed overseas, Cpl. Fred Salter, son of Mr. and Mrs. Fred Salter, of Gulph Mills, walked into his home for a twenty one day furlough. He arrived Tuesday afternoon at 5.

Cpl. Salter called his mother on the telephone at the 69th Street station of the Philadelphia & Western Railway Company. His mother answered the phone. He inquired if the voice was that of Mrs. Salter and when she answered in the affirmative he quipped of her if she was sitting down. She advised him "no" whereupon he asked her to be seated and then told her "this is Fred". I am in Philadelphia and will be home on the next car but don't tell the rest of the family. It was not until then she recognized his voice.

The Corporal arrived home before his father, proprietor of the Tri-Metal Products Corp., and his sister, Miss Ethel, who is secretary of the concern, and remained secluded until the family was ready to sit down at the table when he walked into the dining room to the utter surprise and joy of the father and

Friday, August 11, 1944-5

Gulph Mills Soldier Home From Overseas

Cpl. Salter while in action in Italy received a citation and was awarded the Silver Star for gallantry in action. He will report at Camp Butler, N. C., at the expiration of his furlough.

S. Sgt. Lester Earl, stationed at an Army Air Base in Independence, Kansas, arrived yesterday for a two-weeks furlough with his wife, the former Miss Anna Killmer, and infant daughter. Sgt. Earl has been in the service since the early part of 1942 and spent several months at Trinidad, returning to the States more than a year ago.

Master Sgt. William H. Gauthier arrived unexpectedly last night from Fort Worth, Texas, joining his wife who arrived August 2 for a visit with her parents, Mr. and Mrs. Walter Grain, 121 East Ninth avenue. He made the trip by air.

Sgt. Gauthier has a 17-day furlough, at the conclusion of which his wife, the former Miss Betty Grain, will return to Texas with him. Mrs. Gauthier has resided there for more than a year. They will spend next week at Wildwood, guests of Sgt. Gauthier's parents, Mr. and Mrs. W. J. Gauthier of Germantown, at their cottage there.

Vital War Role for Springfield Water

Water Is Important to Invasion Operations

Invasion armies would be helpless without adequate water supply.

Allied planning officers did not overlook any detail in the provision of temporary supplies and the restoring of existing water works that are always destroyed by retreating armies.

Springfield Water is important to the home front. Please use it carefully.

Philadelphia Suburban Water Company

NEWS OF LOCAL MEN IN ARMED FORCES

Awarded D. F. C.

T-SGT. JOHN R. O'NEIL, serving in the U. S. Air Force overseas since last November, surprised his parents, Mr. and Mrs. Russell O'Neil of 363 Spring Hill avenue, on Saturday when he walked into the home unannounced, wearing the Distinguished Flying Cross, the Air Medal, four Oak Leaf Clusters and another insignia forbidden to be published, as a testimonial of having completed numerous missions in the European Theatre. Sgt. O'Neil is home for a rest and at the expiration of his furlough of 21 days will report at Atlantic City. He expects to return to England later.

The award of the Distinguished Flying Cross was presented at a recent ceremony. Sergeant O'Neil is assigned as Radio Operator-Gunner on one of the AAF's big B-24 Liberators and is a veteran of numerous missions over enemy-occupied territory. He holds a responsible position in the mounting all-out offensive against Europe.

The citation accompanying the Distinguished Flying Cross states: "For extraordinary achievement while serving with distinction as Radio Operator of a B-24 airplane on numerous Special Operational missions over enemy occupied Europe. Sergeant O'Neil performed his duties with the utmost skill and his actions while engaged in combat with the enemy have been an example to his fellow crewmen. The courage, determination and exceptional skill displayed by Sergeant O'Neil contributed materially to the successful completion of each of these missions and reflect highest credit upon himself and the Armed Forces of the United States."

Sgt. O'Neil has been in the service twenty-two months. He was assigned to the Air Force and received his basic training at Miami Beach, Fla. He attended a gunnery school in Texas and received his schooling in radio at Scott Field, Ill. He was then transferred to Casper, Wyoming, where he was instructed in flying. He graduated from Conshohocken High in the class of 1941 and was employed in a clerical capacity with the Reading Company in the Philadelphia Terminal prior to entering the service.

The RECORDER will be mailed twice each week to any U. S. Army man for \$2.00 a year.

George Clark, aviation student, will return tomorrow to Freeman Field, Seymour, Ind., after a ten-day furlough at the home of his parents, Mr. and Mrs. George Clark, 323 Spring Hill avenue. He has been in Indiana since June.

George G. Williams, husband of the former Esther Cressman, former local resident, is serving in the U. S. Navy and is stationed at Norfolk, Va. He entered the service March 11, 1944, and received his boat training at Bainbridge, Md. The Williams have one son, George, a student in the Worcester Junior High School.

From a Ninth Air Force Service Command Unit, European Theatre of Operations comes the word that for three and one-half years, Lt. William "Bill" J. Walsh, whose wife Mrs. Isabel C. Walsh, lives in this borough, wore the olive tunic of the Royal Air Force as a flight sergeant. He flew the Staffire Hurricane, Boston and British transport plane—the Albomarle. Recently he transferred to the U. S. Air Force and now wears the khaki of a U. S. aviator. He is now flying C-47 Douglas twin-engine transports used in hauling freight to France and in the evacuation of American wounded.

Somewhere in the ETO there is an Air Transport Group, a unit of the Ninth Service Command. Since the advent of the invasion and the march into France, Lt. Walsh has been busy flying jeeps, electrical generators, blood plasma suits and everything needed by a modern army—to General Bradley's ground divisions and to units of the Ninth Fighter and Bomb Command. More important is his role of evacuating wounded. After the freight has been unloaded, the American casualties come on board, ready to be flown to hospitals in France. Less than an hour after they have been on the plane, Lt. Walsh sees into an airfield in England. The patients are whisked away and given immediate care before Bill Walsh can get his plane off the ground and pointed toward France again.

BROTHERHOOD SEES FILM ON PLASTICS
Forty members of the Lutheran Brotherhood attended the August meeting of the group Tuesday night around the fireplace on the lawn of St. Mark's Lutheran parsonage. Paul D. Miller presided and Theodore S. Muntz led the study topic, "A color motion picture, 'Formica' showing the evolution of plastics secured by Arthur Freas, was shown. Plans were made for a boat trip down the Delaware River Saturday, August 19 at 4:30, open to members and families. Watermelon was served at the conclusion of the meeting, with Walter J. Houck in charge of refreshments.

DO YOU KNOW—

That types of dogs similar in general appearance to those of the present day existed in Egypt from 4,000 to 5,000 years ago. In 1492, twenty bloodhounds were part of the outfit of Columbus when he discovered America.

POSTWAR JOBS

Babson Says: "Prepare For Them Now"

By Roger W. Babson

Babson Park Mass., Aug. 11—

Many inquiries are coming to me from the families of Service Men regarding what their boys should do after returning home.

Of course most of those who left good positions will be taken back by their old employers. On the other hand, a larger percentage of the men in our armed forces never had worthwhile, if any, positions. To these men I make the following suggestion.

Opportunities Everywhere
A prominent magazine in which especially interested in developing national advertising once employed me. The publishers were especially desirous for me to discover some product not now profitably marketed.

After three months of intensive study I was forced to report that it was unwise to find a single industry in which some concern, somewhere, was not already making millions. This included everything from cradles to coffins.

This is even more true today than it was at the time of this study. It shows that success depends upon the man rather than industry in which he works. This is especially important for young men to remember in this new age when they expect everything to be planned for them and when they will temporarily be seeking security rather than freedom.

What About Small Business?
Opportunities are found everywhere for those with integrity, industry and the pioneering spirit. This will be truer after the War than ever before although the temptation to "let George do it" will also be far greater. Although the small businessman has a harder row to hoe than the big corporations, yet there may be more opportunity for the individual with the small businessman. This is probably what the Readers Digest has in mind in offering \$25,000 in prizes in its August issue. The published answers to this inquiry will be very interesting.

The big business corporation has a momentum which carries it along through the power of organization and money together with the ability to use national advertising profitably. It is not so dependent upon the energy and imagination of any one individual. The small businessman, however, is absolutely dependent for success upon a few exceptional men. Although as an investor I prefer to put my money into a large corporation yet as a returning Service Man I would seek to help some small businessman.

Classified Telephone Directories
I understand that it is difficult to send a book to a Service Man unless you have a letter from him asking that it be sent. If you think your boy is wondering what he is to do when he gets back, have him ask you to send him a classified Telephone Directory for your city. These directories may be little gold mines for those who are willing to study them. When someone asks for my idea as for what he is best fitted, I give him a classified telephone directory and suggest that he read it through as to headings while waiting in my office. This very often solves his problem so that he does not need help from me.

There will be a great temptation after the War for returning soldiers to get into politics or labor unions or farmers' leagues or something of the kind to "secure justice for the Service Men". Some of these organizations may have been useful in the past; but those men will get

on best in this postwar era who depend more on their God and themselves and less upon politics and man-made organizations.

May I add one more suggestion without being misunderstood? Many prayers are said in vain. American and German boys cannot expect God will answer the prayers of both groups when they pray for victory.

Both American and German boys, however, can logically pray for peace and for guidance as to what they should do after peace comes.

Hence my final advice regarding postwar jobs is that the family should take God into their confidence more. Don't try to decide this or any other important question alone.

Troop 4, Boy Scouts have set for themselves an ambitious program in aid of the vitally important waste paper salvage campaign. The Scouts started their fall campaign this week and will continue through next month. The goal is 1000 pounds of waste paper to be collected by each Scout. The Scouts will work under the guidance of Troop Committeeman Arthur Taylor and Scoutmaster John P. Rahm, Jr.

Salvaging waste paper—old newspapers, magazines and card board—is not a new venture to Troop 4 as, according to Mr. Rahm, the Troop has virtually financed itself during the past four years with the proceeds of sales of waste paper.

There is a serious paper shortage existing throughout the country. Newspapers are restricted in amount of news print, mills are severely hampered by a shortage of wood pulp and waste paper. The people can help relieve this critical situation by saving all waste paper—do not burn any of it—tie it in bundles and place the bundles along the curb on the days the Scouts designate as collection day in your section. By doing that, you will aid the Scouts and your country.

Study Local Government

Residents of Whitely Township have organized the Whitmarsh Citizens' Association for the purpose of studying township government and the school district and how these two branches of local government are functioning.

The recent unpleasantness in the Whitmarsh school board, which has been satisfactorily settled, caused the residents to assemble in mass meetings to express their opinions. These meetings impressed a number of residents of the importance of forming an organization for the purpose of gaining knowledge of the powers and duties of township and school district elected officers and their appointees.

The Association names representatives to attend the meetings of the supervisors and the school board and report the results of their observations to the Association. This is a good idea should the observation confine themselves to judging the acts of the elected representatives to whether they are conducting the public business according to law.

The Association can be a great influence for good government by educating the citizens in local government; how it functions and exchange of opinions on public affairs.

Delinquent Sewer Accounts

It was reported to Town Council, at the regular meeting, Wednesday evening, that 87 property owners have paid nothing and 118 property owners who have accepted the 10-year payment plan are delinquent in their payments.

In order to spur payments, Town Council has accepted the ineffectual method of instructing the secretary to send a bill with a copy of the ordinance providing for payments of sewer assessments to each of the delinquents.

Town Council offered an easy payment plan for sewer assessments with the first payment due in June, 1938. Many accepted the plan and were prompt in their payments. Many have now paid their full assessment. Eighty-seven property owners have not paid one cent of their assessment. These people have received bills and ignored them. It is reasonable to suppose when they have refused to make any effort to meet their obligation to the borough in the past six years, they will not be urged to action by receiving another bill and a copy of an ordinance which they have paid no attention to in the past.

The borough was enabled to build the sewer system by agreeing to assess the cost for sewers against properties that may be served by the sewer lines. Upon this agreement bonds were sold and the redemption of the bonds is from monies received from payment of assessments. None of the bonds are redeemed with borough funds, but the borough has protected the bond holders by liens on property against which sewer assessments have been levied. In order to protect the bond holders and save the borough from assuming responsibility for redemption of the outstanding bonds, liens on properties, where the assessments have not been fully paid, have been reinstated and the property still stands as security for payment of the assessment.

It must be accepted that a property owner who refuses to make any payment on the assessment within six years, does not intend to make payment. To let such persons escape is an injustice to those who have paid. The borough will have to take more drastic action against the eighty-seven property owners than merely sending another bill and a copy of an ordinance which in all probability they will not read.

As to the 118 delinquents, who have made partial payments, these people have recognized their obligation, may have good reasons for their delinquency. The borough should know them.

There is no excuse for the eighty-seven who have evaded payment for six years. Execution on the liens against the properties should be taken and the properties offered at sheriff's sales. There could be no charge of hasty, arbitrary action on the part of Town Council against these assessment evaders as one who ignores an obligation for more than six years has no intention to pay. Such people should be forced to pay.

FOUR YEARS AGO, Hans WAS IN OUR SHOES

HANS is a German. Four years ago, he felt the way many of us feel today. He thought the war was as good as won.

He had reason to think so. Far more reason than we have. France was his. England was bloody after Dunkerque. The German Army seemed invincible.

But the war wasn't almost over. And now it is *our* armies that are on the march. It is *our* bombers blasting German cities. Victory is in *our* grasp. It's up to us to see that we don't let it slip through our fingers the way Hans did.

Most of us know that this is the military crisis of this war—the time when our fighting men must give everything they have, not once in a while but hour after hour—day after day.

But this alone is not enough. The lives of brave men are not enough. Money is needed too.

For this is the financial crisis of the war just as surely as it is the military crisis. Millions of dollars' worth of equipment is being destroyed in battle. The money to replace it must come from us, and come quickly.

If every last one of us here at home will try to match the constant, day-to-day drive of the men who fight our battles, we'll raise that money.

The way to do it is to put every cent we can possibly invest into U.S. War Bonds. Not some of us. All of us. Not once in a while during a drive, but regularly . . . every pay day.

Can we do the job that Hans couldn't do? Can we—voluntarily—keep making sacrifices when Victory seems just around the corner? The answer is up to *you*.

And here are 5 more reasons for buying Extra War Bonds!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

218 Children Aided in July

Children's Aid Soc. Helps Service Men's Families

The Children's Aid Society of Montgomery County has 218 children in Foster Homes in July. Many of these boys and girls have fathers, older brothers and other relatives serving in the armed forces overseas. Letters come to Miss Margaret Betts, County Secretary, from these fathers asking for news of their children: "I am a soldier now but some day I'll be home again. Please keep my kids safe and happy for me while I'm away, would you see they get off to a start? They'll learn to be good citizens there and grow strong and healthy too. That's what we're fighting for. To save these things we value for our boys and girls at home," reads one.

Because of the marked increase in juvenile delinquency during the war, Miss Betts feels it is all the more important for such agencies as The Children's Aid Society of Montgomery County to plan supervised recreation for the children in its care. Many older boys and girls are working but for the younger ones, while schools are closed, vacations have been arranged in nearby camps, as in other years. This has been made possible by financial contributions from club groups and interested friends of the Children's Aid Society.

Miss Betts tells of the great need for more people to help as Foster Parents. She said that the Agency pays a reasonable amount of board, supplies clothes and medical care for children separated from their own families through no fault of their own.

She spoke of caring for children as a "war job." "Help win the war at home by raising our boys and girls to be useful citizens of tomorrow. Isn't this what we are fighting for?"

If you are willing to share your home and family life with these dependent and neglected children, write or telephone Norris-town 5600 and ask for further information from Miss Z. Felten, in charge of Foster Home Finding for the children's Aid Society of Montgomery County, 17 West Penn street, Norris-town. Services of suitable people are badly needed for tiny babies and children of school age.

Armed Robber

(Continued From Page One)

...and wife back into the house followed with the revolver at their back.

Inside, the criminal was unable to find a space in which to securely lock the couple. When they wouldn't fit into a closet he pushed them into a room and shoved a heavy bureau against the door.

The couple heard the back screen door slam, the motor of the car began purring. They put their combined strength against the door and the bureau gave way.

Jones grabbed the rifle, hurried to the rear of the house, while the youth was taking the car out the driveway. Three shots were fired, and when the car was examined the bullets were recovered lodged back of the driver's seat, an inch below the top.

Kulp dashed through a hedge and Jones fired twice more. He expressed the opinion the bullet found its mark, but the youth soon was out of sight.

Jones ran onto the highway and stopped a passing automobile in which soldiers were riding. They drove to the township police station and reported the action to officer

Lloyd Frankfield. He in turn notified Chief Harry Steinmetz, who was off duty.

The Plymouth sedan belonged to Stanley Freed, of Souderton. Police said tools valued at \$300 were missing. The license plates carried on the car was identified as the property of Ralph Fondots of Popular avenue, Devon.

Kulp was under arrest for suspicion of larceny.

He was believed to have stolen an automobile at midnight in Conshohocken. His weight was given as 170 to 180 pounds.

Battery C

(Continued From Page One)

The Kluge twins referred to are also members of Battery C, residents of Cedar Heights.

Mrs. Burns, sister of the Gold Star soldier, has received the Purple Heart medal, issued in the name of her brother, and a certificate of gratitude signed by President Roosevelt, for the gallant services of the Conshohocken soldier.

Known as "Sparky," the youth was the fifth member of Conshohocken's own Battery C to die in the service of his country.

Pfc. Boren enlisted four years ago, trained with Battery C in a number of southern states and went to North Africa in August of last year. The battery was in the thick of the Anzio beachhead action which led to the conquering of Rome, by the Allies.

Octogenarian Picks Berries on Birthday

August Mace, 4716 Fowler street, Manayunk, picked four quarts of blackberries in a nearby woods in observation of his 80th birthday anniversary.

Retired four years ago by W. C. Hamilton and Sons, Miquon, he cuts grass around his home and takes a daily walk to Manayunk. On returning he climbs Wilde street hill, one of the steepest in the neighborhood.

His wife, Elizabeth, and a son, William Mace, live at home.

The couple have another son, Pfc. George Mace, stationed in France and four daughters, Mrs. William Rushon, of Kensington; Mrs. George Fair of East Conarross street; Mrs. William Wadsworth of Mansion avenue and Mrs. John Baumgardner of 4727 Fowler street, and 16 grandchildren.

Three grandchildren are in the service. Pfc. William Rushon, stationed at Camp Butler, N. C., was wounded in the Philippines. Overseas three years, he returned to this country two weeks ago. Pfc. Richard Rushon is stationed at Fort Jackson, S. C., and Cpl. George Fair is stationed at Camp Davis, N. C.

WILLIAM C. HUNNEMAN, JR.

William C. Hunneman, Jr., of Havertown, newly-elected chairman of the 1945 Red Cross War Fund campaign. Mr. Hunneman, long active in Red Cross, served as vice chairman of the 1944 campaign, and will direct the entire drive throughout Philadelphia, Delaware, Montgomery, Bucks and Chester Counties. He is president of the William Amer Company, leather manufacturers.

FOUR NAMED AS TAX DELEGATES

Four tax experts from the Philadelphia area were appointed by Governor Edward Martin as delegates to the National Tax Association conference at St. Louis in September.

They are: Franklin Spencer Edmonds, State Senator from Montgomery county, Clarence L. Turner, of the Philadelphia Chamber of Commerce and Board of Trade; E. Russell Shockey, Deputy State Attorney General, and J. V. Sealy.

AMUSEMENTS FOR YOUNG AND OLD

Sewer Matters

(Continued From Page One)

governing the use of the dump site at Seventh avenue and Wood street, failed to submit a report.

A communication was read from Philip Pendleton, chairman of the Joint Delaware and Montgomery Counties Borough Associations, inviting the members of town council to a clam bake or corn roast, provided for out of funds left over from entertaining the State Association of Boroughs at the annual convention in Philadelphia, to be held in Delaware county early in September on a Saturday afternoon. Place and date to be selected later.

The reports of the Burgess and Chief of Police were identical, seven arrests and the collection of \$59 in fines.

The treasurer reported the balances in the various accounts as follows: General account, \$19,375.98; 1935 sinking fund account, \$5,488.75; sewer construction account, \$582.51; sewer assessment bond account, \$6,770.12.

The tax collector reported the collection of \$25,492.02 on the 1944 duplicate for the month of July with rebate allowances of \$1,341.50, leaving a balance of outstanding taxes of \$62,753.58.

The plumbing inspector reported 20 permits and one registration issued for the month with a total with rebate allowances of \$1,341.50 and \$25 for registration. The total number of connections now amount to 1638.

The street committee reported traffic markings printed on Highways and pedestrian walks. The Philadelphia Suburban Water Company has been requested to move the hydrant at present located on the southeast corner of Eighth avenue and Harry street to the south-

west corner and connected with the new main which is being installed by the Philadelphia Uniform Company. The committee reported a meeting with the property owners, abutting the alley between East Tenth and East Eleventh avenues and as all have signed releases recommending the resurfacing of the alley with 3 inches of broken stone compressed and 2 inches of "E" two course compressed after required grade has been established.

The report was accepted and the recommendation ordered complied with.

The absentees were Messrs. Campbell, Gravine, Kelly, Quigg, Thomas, Travaglini and Williams. President George Smith presided.

WOODSIDE PARK

Helen Lane and her Electrical Steel Guitar, will be featured in the three free Sunday concerts at Woodside Park. Dantini, of magical fame, and others will be on the program, with performances at 4.15, 7.15 and 9.45.
