

Daily Bible School Plans For Summer Vacation Classes

Three Age Groups Will be Taught Separately

Plans for the seventh annual Daily Vacation Bible School, sponsored by the West Side churches, have been completed.

The school will open Monday and continue daily through Friday until July 5, with the exception of July 4. The sessions will be from 9 a. m. until 12 noon, with the exception of the opening session on Monday when the beginning hour will be 8.45.

The primary department (all who have completed grades 1, 2 and 3); the junior department (all who have completed grades 4, 5, 6 and 7); the intermediate department (all who have completed the 8th grade), will be held at the Ballingomingo Baptist Church.

The school will be manned by a capable staff of teachers and workers who have volunteered their services.

Rev. Francis Tucker, pastor of the Gulph Christian Church, will serve as dean and also as one of the teachers.

The nursery will be in charge of Misses Mazzy Rhoads and Virginia Shore.

Mrs. Albert V. Rhoads will be in charge of the beginners and will be assisted by Mrs. John Taylor and Miss Ann Waters.

Rev. John Taylor, pastor of the Primitive Methodist Church, will be in charge of the primary department and will have for his assistants Misses Eva Vining, Jean Winners and Alice Waltemeyer.

In addition to the courses of study there will also be instruction in various kinds of handicraft.

The amount of money to be raised for the school will be \$1,000. The amount of money contributed will be donated toward feeding the starving children abroad through the National War Relief Commission.

Methodist Graduates of CHS to be Feted

Members of the class of '46 of Conshohocken High school who are enrolled in the Methodist Church will be honored at a reception Sunday night at the church, arranged by the Church School Board of Education.

Officials of the congregational bodies and the pastor, Rev. Harry P. Boughey, will speak at the event, to begin at the conclusion of the regular 6:30 service. Rev. Paul M. Dennis, Superintendent of Conshohocken Public Schools is President of the Church School Board.

Members of the "last year" graduating class affiliated with the church, are also invited.

Awards will be presented, a musical program will be given, and refreshments will be served. Methodist members of the class of '46 will be the guests of the evening, with Mrs. August Kumpf in charge.

Presbyterians Plan Centennial

Preliminary plans for an elaborate celebration, early in 1947, of the hundredth anniversary of the Conshohocken Presbyterian Church, are being made.

West Side Church Banquet Program Honors Veterans

Ballgomingo Baptist Speakers Welcome Ten Service Men

Ballgomingo Baptist Church feted its returned service men at a banquet last night at the church.

Sixty men and women were present, including ten of the twenty-six members of the West Conshohocken church who served in the armed forces.

Levin Williams, Prager Navy chaplain, presided at the presentation in Philadelphia awaiting discharge, was the guest speaker, basing his inspiring talk on the "Gospel of Christ" and the many of his war experiences in the Pacific, where he saw extensive service.

Rev. Donald Stout, recently named pastor of the church, presided at a large table, decorated with a patriotic theme, and blue flowers and American flags.

John Toroni, concert violinist of Bristol, formerly of Berwyn, recommended by the church as a student at Eastern Baptist Theological Seminary, Overbrook, entertained with violin solos, accompanied by Mrs. Barbara Riles, who served as accompanist.

The program during dinner included a contraalto solo, "The Lord's Prayer" by Florence Riles, accompanied by her sister, Miss Barbara Riles, a piano medley of service songs by the latter, during which the representatives of the various service branches stood during the numbers; community singing of the national anthem, during which Miss Jane Ried played "taps" on the trumpet, in memory of all who had died.

Following dinner, an interesting program was presented in the main auditorium, including a hymn sung, accompanied by Mrs. Barbara Riles, a vocal trio comprising Miss Margaret Waltemeyer, Miss Jane Ried and Miss Barbara Riles, with the latter also serving as accompanist.

Mrs. Frank Pyle, 119 Maple street, was general chairman of the program. Other members of the program were Mrs. William Vining, Mrs. George Powell, Albert Leonard, Charles Aman, Maurice Vining, William Vining, Frank Walsh, James Leonard, Robert Ingram, Edward Graham, Delorme Rishell, William Holland.

Payment to Schools Announced by State

Auditor General G. Harold Wagner has approved payment totaling \$3,800,000 to approximately 3400 school districts in the Commonwealth. The sum represents the payment to third and fourth class school districts, of \$100 for each member of the teaching and supervisory staff in the respective districts, employed during the 1945-46 term.

Payments were authorized and made by the 1945 Legislature. The purpose is to enable the districts to put into effect the new minimum wage schedule as provided for in amendments to the School Code.

The full amount to be received by school districts throughout Montgomery County totals \$129,198.88. Conshohocken school district will receive \$5,800. Other nearby districts receiving a monthly payment are: West Conshohocken, \$1,600; Plymouth township, \$2,170; Whitmarsh, \$2,200; Upper Merion, \$3,800, and Springfield, \$5,400.

MOLLY TELLS Virginia Wood Makes Debut, Edith Frazier Bows Tonight, Lorine Eshleman Presented

Long established as the month of "graduates and brides", June now lays claim to the title of "the month of debutantes".

Already this week, two nearby debutantes of local interest made their graceful bows to society of Philadelphia and its adjacent territory and tonight, another pretty "bud" will be presented at the June Ball at the Ben Franklin Hotel.

Bowing Wednesday was lovely Virginia Wood, daughter of the Vincent Porters Wood of Bryn Mawr, who has many relatives and friends—in this immediate area, Virginia's presentation was a twin one, made with that of her close friend, Barbara Frazier, and the luncheon given by Mrs. Wood in the Mirage Room of the smart Barclay Hotel.

Barbara is the daughter of Irvin M. Furlong of Penn Valley and the late Mrs. Furlong. Both debutantes wore heavy white crepe frocks, simply made with wide sleeves, bunches of natural flowers were in their hair, and their corsages were of orchids. Mrs. Wood wore yellow crepe with a black straw hat.

The bride's father is an executive of Alan Wood Steel Company, a director of the First National Bank and is a cousin of Mrs. William Bond Read, Marion Biddle Wood and Howard Wood, all residing within a few miles of the house.

Edith Hall Frazier, daughter of the G. Harrison Fraziers of "Journey's End", Joshua and Flourtown roads, Whitmarsh Township, will bow tonight at the June Ball, the Harrisons entertaining at dinner at the hotel before the ball.

Edith has just finished at West-over School, Middletown, Conn., you know. The Fraziers are having as weekend guests at Burnbrae, Thomas of Washington and Virginia Hall of New York City.

Attractive Lorine Eshleman, daughter of the "Ben" Eshlemans who live in that lovely rambling white house on Mount Pleasant road, with the quaint name "Stone Pogies"—just a stone's throw out of West Conshohocken—bowed to society Tuesday at a tea followed by a dinner dance.

The debutante has just completed her studies at Foxcroft School, Middleburg, Virginia. Molly hears that Lorine was a "picture" in the exquisite frock of French net in the debutante's traditional white, made with an extremely swish skirt, whose foundation revealed three wide bands of turquoise blue satin and a scattering of rosebuds, which made it most intriguing. Her Dresden bouquet was just right.

Eshleman's beige frock was cut on beautifully simple lines, made with a becoming square neckline and embroidered in self-color. Cypridium orchids in muted tones completed her costume.

Receiving with the "bud" and Mrs. Eshleman at tea were Miss Betty Barry, Miss Mary Lincoln Gibson, Miss Shirley Warden, Miss Olga Grison, Miss Constance Hamilton, Miss Dolly Hemphill, Miss Alberta Pew, Miss Ann Robb, Mrs. Patricia W. King, Mrs. Dora Stewart, Miss Annie Vaucian, Miss Ella Widener, Miss Louise Crowninshield, Miss Dorance Hill, of New York; Miss Jeanne Helen Kieberg, Kingsville, Texas; Miss Anne Winchester, Wilmington, Delaware.

Mrs. Donald Alexander, of The Barclay; Mrs. Frank Lewis, of San Antonio, Texas, sisters of Mrs. Eshleman; Mrs. Joseph W. Wear, Mrs. Theodore Wear, Mrs. John Arthur Brown, Mrs. John A. Larkin, of New York were at the tea table.

A Tchaikovsky bill featuring the piano concerto in B-flat minor and the violin concerto in D, with Eugene List and Carroll Glenn as the respective soloists is to inaugurate Robin Hood Hall's 17th season, Monday night in its starlit setting in Fairmount Park.

Molly hears that many a Conshohockian will do the audience of thousands that come from Philadelphia and all its environs to hear men of the Philadelphia Orchestra and guest artists present their fine music every Monday, Tuesday, Wednesday and Thursday nights for the next seven weeks.

The calendar lists twenty eight concerts, with noted soloists and special features marking 20 of the 28.

As artistic director and principal conductor, Dimitri Mitropoulos, regularly head of the Minneapolis Symphony Orchestra, will lead 19 programs. The world-famous maestro will come to his fabled post this season almost immediately following a group of concerts at LaScala in Milan where, at the special invitation of Arturo Toscanini, he conducted early this month the only conductor from the United States to be so signally honored.

George Seell, internationally-renowned Czech-American conductor and opera conductor, recently named head of the Cleveland Orchestra, will be on the Dell podium for three concerts in mid-July. Listed as guest-conductors for appearance each are: Sigmond Romberg—an "Operetta Evening"; Oscar Straus—a "Viennese Pastel"; Franz Alzer—a "Ballet Night"; Daniel Saldern, Morton Gould and William Reddick. The Straus and Romberg programs will include excerpts from their operas and light operas among other numbers.

This summer will find the Robin Hood Dell Orchestra with the largest contingent of regular Philadelphia Orchestra musicians in several years. Out of the 90 players, 87 will be from the city's renowned symphonic organization while the remaining three are principal members of other nationally-eminent groups. This season, too, will witness most of the Philadelphia Orchestra's first-class instrumentalists heading their sections in the Dell organization. The management states that higher standards than ever in performance and interpretation are the goal sought by Mitropoulos. Programs will be fully rehearsed and prepared so that again

The teachers and officers of the Sabbath school will hold a regular meeting Tuesday night at 8 at the home of Mrs. William Kull, Chestnut street.

Rehearsal for the senior group will be held Thursday night at 8 in the church.

**Fair Opens Despite Rain**

Rain having marred the first two nights of an annual 10-day fair, Barren Hill firemen today were hopeful the weather may change in their favor tonight and tomorrow night.

In spite of the downpour Wednesday night the fair was opened on schedule at 7:30. The attendance visited the grounds. The attendance last night was considerably larger, but a shower at 10:30 dispersed the crowd.

William E. Lightke of Ridge pike is chairman of the committee in charge.

In connection with the event, the fair company published a 12-page tabloid newspaper containing various features relating to the firemen and members of the Ladies' Auxiliary. Souvenir copies may be obtained at the fire house and the Whitmarsh township building, Barren Hill.

**Fourth of July Program**

The third annual Fourth of July celebration in Barren Hill will take place on the Barren Hill school grounds for children of that community. The celebration will begin with a parade at 8:30 a. m. The parade will end at the school school with a flag-raising. Registration will take place on the school grounds, immediately following the flag-raising, for the activities of the day, which will include games, races, and baseball games. Refreshments will be served the children present at the celebration. Awards in the different classes will be made in the late afternoon following the activities of the day. Everyone in the community is invited to a dance to be held at 8 p. m. at Barren Hill fire house. Moving pictures will be shown for the children at 7:30 in the basement of the fire house. The Barren Hill baseball club recently admitted to membership in the American Legion league, defeated Ambler 9 to 4, on the Marble Hill diamond in a twilight game Tuesday night.

Donald Miller's double in the second inning with the bases loaded was the feature of the game. Each team scored a run in the first inning.

The Barren Hill nine will play their first league game at 2 tomorrow afternoon on the home diamond at Germantown pike and Marble Hill. Francis Mack, manager, appealed again today to citizens of the community for funds needed for the purchase of equipment.

"Now that we entered a league the expense will be much greater," he said, adding, "We are hoping the community gets behind the club and gives it some support."

**Wonder Horse at Circle K**

A varied program of entertainment has been arranged by E. P. (Doc) Kindlan for his Circle K Ranch, near Center Point, for Sunday afternoon and evening.

A Hawaiian troupe, known as the South Sea Islanders, Blondie, the wonder horse, a novelty comedy act, and the West Virginia Mountaineers will be among the features this Sunday.

The Circle K Ranch Band, Lee Marvin and Betty Lou, and the popular Irene Litka also will be on the program. Kindlan will also give an exhibition with Smokey, his "wonder horse."

There will be continuous entertainment on Sunday.

The RECORDER printing plant is equipped with automatic machinery for speedy, quality, commercial printing. We can serve your printing needs from a visiting card to a book.

**Tobacco Crop Loss**

Revised estimates of 1945 Pennsylvania cigar leaf tobacco production revealed a loss of approximately 6,370,000 pounds valued at more than \$2,000,000, the State Department of Agriculture declared today following Federal-State surveys. Originally estimated in December at 52,734,000 pounds, 1945 tobacco production is now officially placed at 46,355,000 pounds.

**READING & WRITING**  
 BY Edwin Seaver AND Robin McKown

Did you know that the sun is more than three million miles closer to the earth in January than it is in July? That the monkey wrench is so called because it was allegedly invented by a London blacksmith named Charles Moncke? That male mosquitoes do not "bite"—only the female is equipped for bloodsucking? That the word "cop" as applied to policemen is derived from the old English verb "to cop," meaning to catch or to get hold of?

This is just a sampling of the sort of information you'll find in George Stimpson's "A Book About A Thousand Things," which is a forthcoming Book-of-the-Month Club book-dividend. Mr. Stimpson, a newspaperman with an indefatigable curiosity of how and why and when, has brought together in this volume an amazing assortment of facts about things that have amused, puzzled or intrigued him. He has drawn his answers from almost every field—history, literature, geography, astronomy, science and law. There are questions relating to wind and weather, to maps and globes, clocks and calendars and flags, to kings and queens—and the ways of many a bird, beast and fish—not to mention infernal machines.

The phrase, "the ghost walks," meaning that salaries are being paid, was originally theatrical slang, says Mr. Stimpson. According to a common story, it began among a troupe of English actors while rehearsing Shakespeare's Hamlet. The members of the troupe had not been paid for several weeks and some of them were getting rebellious. When the actor playing the part of Hamlet said of the ghost, "Perchance 'twill walk again," the one taking the ghost's part replied, "No, I'm damned if the ghost walks until our salaries are paid!"

Some other questions you'll find answers to in "A Book About A Thousand Things": Why don't ducks get wet? Does moonlight ever produce rainbows? Why are opals considered unlucky? Why are sailors called "gobs"? What birds fly under water? How did "grass widow" originate? Why is the moon compared to green cheese? And, incidentally, did you know that Thomas Edison is reputed to be the first man ever to say "hello" over a telephone?

**To your HEALTH**

Recreation is an important factor to good health.

Another important factor, often taken as a matter of course, is the water you drink. Your Water Company never assumes that its water, coming from small streams, is necessarily satisfactory. On the contrary many purifying steps are taken before it meets our high standards.

With sentinels all along the road you can drink to your health with Springfield Water.

**WASPS USED IN JAP BEETLE WAR**

Liberation of six colonies of Korean tephia wasps, the most effective Japanese beetle killers known to science, was completed June 4 in five Pennsylvania counties by the Bureau of Plant Industry, State Department of Agriculture.

Two hundred female wasps, whose grubs devour jap beetle grubs underground, were in each colony. One colony was set free at each of the following places: Allison Park, Allegheny County; Freeport, Armstrong County; Milton, Northumberland County; Ashland, Schuylkill County; and at Dover and Hanover, York County.

The parasitic wasps were gathered this year at Summerdale, Cumberland County, where the Department established a colony 15 years ago on the farms of the State Bureau of Animal Industry. Annual collections for colonization have been made at Valley Forge Park in recent years, but due to weather conditions emergence there was late this year.

Starting six or more colonies of tephias each year in beetle-infested areas has enabled the Department to assist in control of pest officials said. Each female wasp burrows underground to deposit one egg on each of 300 to 400 different beetle larvae. After hatching, the tephia grub-eats the beetle grub, it was explained.

**FARM LABOR SUPPLY STILL BELOW DEMAND**

Placement of workers on farms of Pennsylvania, while showing an increase this year over last, has not yet caught up with demands, the State Department of Agriculture announces following Federal-State surveys of the farm labor situation.

For the first three months of this year 457 workers were placed in farm jobs in Pennsylvania compared with 416 for the same period in 1945, the survey revealed.

A total of 10,866,000 persons were working on farms in the United States on May 1, an increase of 350,000 or about 3 per cent over the number working a year earlier, according to survey reports. Approximately 285,000 were working on farms in Pennsylvania.

Of these 117, fifty-eight boroughs, or 50 per cent, were building sewers or sewage treatment plants. Twenty-four boroughs, or 21 per cent, were constructing or extending water supply systems. Fifteen boroughs, or 13 per cent, were engaged in park and recreation work. The rest involved public buildings and miscellaneous works.

"Strikes and restrictive government regulations have greatly delayed both the start and progress of improvement projects," Secretary Livengood said.

**18 PCT. OF BOROUGHS HAVE WORK PROGRAM**

A survey made by the Bureau of Municipal Affairs of the Department of Internal Affairs indicates that only 17, or 18 percent, of 60 boroughs answering the inquiry are engaged in the construction of public works, exclusive of streets and bridges, at the present time, Secretary William S. Livengood, Jr., announces.

# Barren Hill Fair Attracts Many

Thirty-five to 40 gaily decorated booths, hilarious, exciting and irresistible attractions that will occupy a full evening . . .

The Three Em's — revolving ladder and trapeze act which will thrill hundreds of persons at no cost to the public . . .

These are highlights of an annual fair continuing to June 29 under auspices of Barren Hill Volunteer Fire Company on the spacious grounds adjoining the fire hall at the "Y," Germantown pike and Church road, Barren Hill.

First since 1942, when interrupted by the war, the fair is expected to top past records in the history of the community fire department which was organized three decades ago. Success of the fair is essential to the progress of the company, its treasury having been emptied due to a curtailed program of activity while our country was at war and the subsequent investment of \$5000 in a tract of land consisting of more than four acres in the fire house area. The grounds will permit expansion of facilities for the betterment of a steadily growing community.

**Crown Is In Act**  
Presented by the company as a free attraction nightly, the act is one of the cleanest, most thrilling acrobatic performances ever offered and it is enjoyed by young and old alike. Two artists and a clown entertain on a trapeze hanging from the ends and axel of a ladder.

As an anticlimax, one artist and the clown perform a double revolve. In the grand climax one performer leaps off the ladder, which is still in motion, leaving the clown to end the act with breath-taking stunts 38 feet in the air.

# They Direct Barren Hill Fire Company Fair

Officers of Barren Hill Volunteer Fire Company join in extending a welcome to their annual fair—the first since the war years. They are: William G. Schimpf, vice president; Wilfred T. Rotenbury, secretary of the fair committee; Edgar E. Mitchell, president of the company and sergeant of Whitemarsh township police department; Stephen Laubert, treasurer of the fire company for more than a quarter century. Insert, William Edwin Lightkep, chairman of the committee in charge of arrangements for the 16-day event now under way on grounds adjoining the Barren Hill fire house at the "Y," Barren Hill.

## Improvement Shown by Diesinger Child

"His condition is much improved." This was the news Chestnut Hill hospital officials conveyed to the family of Ronald Joseph Diesinger, one-year-old son of Mr. and Mrs. Donald Diesinger, of 145 Barren Hill road, Spring Mill, yesterday morning. The child underwent a serious intestinal operation Sunday morning at the hospital.

According to hospital authorities,

only one out of ten cases of this kind in children survives.

The securing of blood donors, placing the child in an oxygen tent, where he still remains, and expert care at the hospital are all contributing factors toward his improvement.

Parents of the child, his maternal grandmother, Mrs. Robert C. Freas, of 147 Barren Hill road, his paternal grandmother, Mrs. John Diesinger, of 910 East Hector street, an aunt and uncle, Mr. and Mrs. Ellwood Diesinger, of the Hector street address, and three older brothers

at home, were all thankful to receive the happy news that little Ronnie is getting better.

What goes through a window without breaking it? Ans. Light.

Two morons were overheard arguing. The first one bet a hundred dollars that his friend couldn't climb up the ray from a flashlight. The friend pondered a while, and then said: "Oh, oh, I'm wise to your tricks. When I get halfway up, you'd switch it off."

## List Dates For 90 Fairs in State

Five additional county and community fairs have been added to the list of 85 already announced by the Pennsylvania Department of Agriculture for the 1946 season which opens the last week in July.

Announcements come from fair associations which only recently decided upon dates for their annual events, some resuming operations after cancelling their fairs during the war years. New listings include:

Millersburg Farmers Fair, Millersburg, Dauphin County, September 12-14.  
Stoneycreek School and Community Fair, Shanksville, Somerset County, tentative date, September 25-27.  
Montour-DeLong Fair, Washington, Montour County, October 15-18.

Morrison Cove Community Fair, Martinsburg, Blair County, October 24-26.

Turbotville Community Fair, Turbotville, Northumberland County, fair to be held but definite date not set.

The Department has been advised that the Falls-Overfield Fair Association, Mill City, Wyoming County, which previously had announced its fair for this season, has set September 18-20 for the event.

Each of these fair associations is eligible to receive State aid for the payment of premiums on prize-winning agricultural exhibits, it was said. Approximately 115 fair associations in the State are qualified for such aid, but only 90 have said they will hold 1946 fairs, according to Department officials.

## CHECK DRIVING, CARS TO CURB ACCIDENTS

Pennsylvania State Police are co-operating in the nationwide highway safety campaign sponsored by the International Association of Chiefs of Police, according to Colonel C. M. Wilhelm, Commissioner of the State Police.

The safety campaign began May 15 and will continue through June 30; its slogan being "Check your driving—Check your car—Check accidents."

In addition to observing the driving habits of motorists, State Police are checking the safety equipment of each car stopped for a violation of The Vehicle Code or involved in an accident.

The check is in line with usual State Police procedure and all State Policemen have been instructed to intensify the customary check.

**Summer Comes**

Tonight is the official beginning of summer—the summer solstice of ancient magic. For most of us, the words "summer" and "vacation" are so closely associated that they inevitably come to mind together. This year, once more, most of us can indulge in the luxury of a vacation.

Right now, we can sit back and let our imagination conjure up the pulse of waves on a sandy beach, the ripple of a mountain stream in its deep-shaded ravine, or the happy voices of a carefree summer crowd at a popular resort, according to our individual whim and preference. Those dreams can once more be realities this year. The instant call of wartime duties is still felt; by rail or highway, by air or water (with a few lingering restrictions), we are free to go where we will in this hemisphere.

But do we really need to go so far afield in search of vacation benefits? If what we seek is relaxation, and if our recreation is to be in fact a re-creation for performance of our daily tasks, we can find those goals near at hand—for many of us, literally in our own back yards. Just for the fun of it, try sometime to adopt a really inquisitive attitude toward the commonplace things which you have seen a hundred times without their producing any impression on your mind, which was focused elsewhere. You'll be surprised how much more enjoyment you will get from the same old familiar elements of your environment.

What is this pure white flower which rises proud and erect on a naked stem three or four feet above its low rosette of leaves? What is the name of that native shrub which is bearing such a profusion of vivid red oval berries? Which tree is just now bursting into a mass of white bloom high above the ground? What is the evening star at this time of the year, which shone so brilliantly last evening just after sunset and before the sky really commenced to darken? What bird is that which leaves such an exquisite trail of song floating behind it as it skims along in flight? What do those high ethereal wisps of cloud and that gentle southwest wind tell of tomorrow's weather?

Once become really interested in trying to answer any single one of those questions, and you are well started on a hobby—a re-creation, if you will—which will grow in scope and interest day by day. And it can be just as interesting in Montgomery County as in Northern Canada or New Mexico. No, more interesting, since you don't have to give it up because "vacation's over" just as you're becoming really engrossed in it. On the contrary, you will want to continue your inquiries in whatever leisure time your work allows you at the beginning or end of the day (or even at the weekend). And you can go on satisfying your curiosity, and finding the answers to the questions to be answered, through the summer and the fall and the winter and the next spring.

You will be incredulous, at first, and then you will be amazed as you commence to realize how much there is to learn in your chosen line of inquiry. This is true even through the winter months, when at first glance no activity of either flora or fauna is apparent. Poke about in a sheltered spot, however, and you'll find that there is a great deal of activity in the plant world at any season of the year—more, in fact, in winter than in late summer, which is perhaps as nearly as any time an absolute rest period for many plants.

Does this sound like a very dull way to spend those precious days or weeks of vacation, to which you have looked forward so many months. Give it a fair try (and you don't need to become a hermit or foreseer the companionship of your fellow-men), and your eyes will really be opened to enjoyment of the world around you as they have not been for a long time. Best of all, when your "vacation" according to the calendar comes to an end you will be able to bring with you an increased capacity for enjoyment of the commonplace things about you which will broaden by just so much your capacity for enjoyment of life. Try it and see!

**Babson Discusses Building Church News**

By ROGER W. BABSON

Babson Park, Mass. June 21—The market for new houses—both old and new—is today as crazy as was the stock market in 1929. Someday there is bound to be a crash in the price of houses such as came to the stock market after the last big boom. Houses that cost \$8,000 or more to build twenty years ago and which could have been bought ten years ago at \$6,000 are now being sold at \$12,000 or more.

**Reasons for the Boom**

There are three reasons for this unhealthy boom in houses: (1) The discharge from the army of 12,000,000 men, a large percentage of whom have been married during the past five years and now naturally want a home. (2) The crazy regulations of the government making it difficult to build new homes. (3) The labor union rules and the aim of their members to do as little work as possible for as much work in the day as possible. Hence, it is difficult to get a new house built within a year even if one is willing to pay the fantastic prices.

I don't blame labor for unionizing and for demanding reasonable wage increases, but this "low-down" in the work is absolutely wrong. Not only will wage-workers themselves be obliged to pay more in rents, but they may start a buyers' strike. People are disgusted with the way bricklayers, carpenters and painters are apparently doing as little as possible and dragging out the work. The nation's standard of living can be raised only by all of us producing more. We cannot pull ourselves up by our bootstraps.

**Shall We Sell?**

Should houseowners who have a chance to double their money on their present house now sell? My answer is that if it is a house which you own and do not occupy, but from which you collect rents, sell it. This will give you a good profit and will be rendering a service by helping to break this present crazy market. On the other hand, if it is a house in which you live, unless you definitely have some other place to go, you cannot afford to sell even at these crazy high prices.

The same general advice apply to business property and farm property. Factories, stores and farms which you occupy yourself, you should continue to hold, but now is the time to "cash in" on those which you don't occupy but are collecting rents from. Of course, we are in inflation, and it will continue to increase, but there has never yet been an era of inflation that was not followed by an era of deflation.

**Getting Tenants Out**

The general rules about getting tenants out of houses which they

now occupy are as follows: (1) If the property is bought by a G. T. man who immediately gets a lawyer to prepare proper notices, the tenant can be evicted in three months. (2) If the property is bought by anyone who is to occupy it himself with his family and who immediately employs a lawyer to prepare proper notices, the tenant can be evicted in six months. (3) If you can get a fair price. They are working hard to give you as good a house as they can at a fair price. They are severely handicapped by labor conditions and material shortages. Yes, they long for the time when they will again be able to build good houses at reasonable prices. They are not only handicapped by the labor unions, but they hate to use the green lumber and small sizes which they are compelled to do at the present time.

Therefore, my final suggestion is that if you can get on without buying a house at the present time, you had better do so. On the other hand, this probably means waiting until after 1950 before you can get a decent house at a fair price.

**SUNDAY SCHOOL TO HOLD ANNUAL COUNTRY FAIR**

The annual Sunday School county fair, under the auspices of the Gulph Christian Church, will be held tonight on the church lawn. The committee arrangements has provided entertainment and amusement for persons of all ages including an old-fashioned straw ride and pony rides. On sale will be ice cream, cake, candy, hot dogs, soft drinks together with fancy and useful articles, a kitchen table, fish pond and other attractions. In charge of members of the committee from the Sunday School.

Music will be provided during the evening. In case of inclement weather the fair will be held in the basement of the church.

**Local Food Supply Found Adequate**

Montgomery County residents will offset short supplies of meat, wheat, fats and oils by consuming nearly 156,000,000 pounds of the nation's bumper fresh fruit and vegetable crop to maintain high nutritional standards this year, it was predicted today by a leading food distributor. Fresh fruits and vegetables will adequately supplement the limited supplies of meat, wheat, fats and oils, said Harvey Baum, head of A & P Food Stores' produce-buying operations. "Increased use of perishable produce will permit shipment of other foods to those hunger-ridden nations now subsisting on daily diets ranging from 1,000 to 1,500 calories as compared with an average of 3,300 calories for this country."

Part of the fresh fruits and vegetables consumed by Montgomery residents comes from this country's 2,950 farms and neighboring growers. Large amounts of perishables are received from other sections to meet the county's year-round needs. The development of more efficient distribution methods, Baum said, has helped double fresh fruit and vegetable consumption in the past 20 years and makes possible a greater selection of foods necessary for a well-rounded diet and a higher standard of living.

Basing his estimates on preliminary indications of food production and consumption for 1946, Baum said that each person in the country will eat an average of 1,695 pounds of food this year. This represents a 19.3 per cent increase over the 1935-1939 average, with fresh fruits and

**SEESUCKER** suits for the small fry are at last obtainable. How cool seersucker suits are! And, you busy mothers, they need no ironing. These are the Snellenburg "bib" suspender types, in sizes 2 to 6, at only \$1.25 each. A choice of blue or white or red-and-white check stripes. Are they sweet! Suitable for either boys or girls. (2nd floor.)

**HERE THEY ARE**—closely tufted chentille shoes start traveling it in the right shoes. The Snellenburg Shoe Dept. is famous for the correct fitting of babies' feet. These are the kind meant for long, durable service. \$1.95. While in the Bed Covering Dept., where they are to be had in the Snellenburg Store, snoop about for other interesting items. (2nd fl.)

**GOLFERS' BIRTH-DAYS** will be "green" heavens if you present them with Golf Cart for them to present wheel about their clubs. No need for caddies for the player who possesses one of these handsome affairs! The "cart" is made of finest duraluminum, a light weight material used in the costliest aircraft. Weighs but 9 lbs. and rolls with a finger touch, on fat little balloon tires, \$24.95. See the beautiful things in the Snellenburg Sporting Goods Dept. (3rd fl.)

**LIFE'S ROAD** will be an easier one if little folks start traveling it in the right shoes. The Snellenburg Shoe Dept. is famous for the correct fitting of babies' feet. These are the kind meant for long, durable service. \$1.95. While in the Bed Covering Dept., where they are to be had in the Snellenburg Store, snoop about for other interesting items. (2nd fl.)

**PEEKED CEDAR** blends beautifully with a garden and takes on a natural patina. It makes excellent decorative fences and romantic arbors, and you can buy this sturdy, peeled cedar made up in those articles. Just buy yourself to the Summer Shop of the Snellenburg Store. Prices are most reasonable—7 ft. of the quaint garden fencing, \$4.95; 7 ft. high, 4 ft. wide arbor, \$11.95; a 44 in. high, 40 in. wide gate with latch, \$7.95. Imagine a whole garden, or even a section of a garden, so enclosed—lovely! And no painting needed! (4th fl.)

**SOOTHING WORK** for summer sitting times is now available in the Snellenburg Art Needlework Dept. Imagine being able to buy stamped linen bridge sets! That is good news, indeed. Several designs, stamped for cross-stitch, cut work, lay daisy stitch. This is easy work, but if you wish a little coaching, see the needlework books in the department. The sets consist of one 36 in. square and four napkins, \$2.50 a set. Not since before the war has an art needlework department been so crowded with things for which devotees of such stitching have been longing. (2nd fl.)

**A HONEY**—the new electric hot-or-cold "Comfortair." A turn of the switch and "Comfortair" cools a room, another flip a room, another flip a room. "Comfortair" keeps a room any chilly day. Moreover, this cooler-heater adds beauty to a room. The handsome case of metal is finished in ivory and gold, and is designed to look like a medium size, portable radio, handle and all. It is light enough to be carried from room to room, yet heavy enough not to be easily knocked over. A find at \$24.15, see enclosed. Snellenburg Housefurnishings Dept. (3rd fl.)

**LUSCIOUS, QUICK**—canned roast turkey, \$3.19 for a container (one 3 1/2 x 5 1/2 x 7 1/2 inches). Serve it cold or add a bit of water for heating it in the accompanying gravy. Just the thing for the company emergency shelf. If you prefer roast chicken, the two pounds are priced at \$2.19. These are two of the most popular items in the good Chestnut St. Food Shop of the Snellenburg Store. Snop about and you'll find many other unusual or hard-to-find foods. (1st floor.)

# Series Between Legion And Vets Arouse Interest

The coming three-game series between teams representing Joseph Wagner Post No. 772, American Legion, and Conshohocken Post No. 1074, Veterans of Foreign Wars, is already attracting much attention and interest in the games will increase as the time nears for the opening encounter.

The first contest has been scheduled for a Fourth of July attraction and will be played on the Center athletic field, the home grounds of both teams.

The teams are composed entirely of local players, boys who played the game at both Conshohocken and St. Matthew's high schools. A number of the players who will oppose each other in the series were team mates while in high school. This has served to increase the friendly rivalry that exists between the teams in the series to decide the borough championship.

The Wagner Post team is a member of the American Legion League and up to the past weekend had won most of their games, resting at the top of the ladder. They had amassed a winning streak of eight straight (not all in league competition) and seemed headed for the league championship. Things, and unhappy things, happened in their last two starts. Deprived of the services of some of their key men, they suffered their first league reverse on Saturday when they lost to Glenside and again on Sunday when they bowed to Snydane at Phoenixville. They are hopeful of regaining their poise this week and swing back into the win column. Their pitching has been their mainstay in all of their games. They have some good hitters but their fielding was far off color in their last two games and this was responsible for their downfall.

The boys are looking forward to the coming series with the local Vets and they are hopeful their fielding will improve and that they will be able to make the series worthwhile from a spectator's point of view.

Conshohocken Post, V. F. W., is a member of the Montgomery-Bucks Veterans of Foreign Wars League and have played a number of league games to date. They do not sport the record of victories that the Wagner boys have compiled but they have had keener competition and have shown some real baseball. Most of the games they have lost have been heart-breakers, losing by either one or two-run margins. They have two good hurlers in Stubinski and Kurvick, both former Conshohocken High athletes, but have been plagued by poor fielding and breaks of the game which so often spell defeat. There is no doubt that with the brand of ball the boys have been playing they should be further up than the league standing shows.

The boys are satisfied they have been playing a good brand of ball and they, too, are looking to the series in the hope they will not disappoint their followers.

Both teams are full of fight. Both are anxious to win and both are anxious to demonstrate to each other, that old familiar saying, "I told you so." They should be three good games regardless of which team wins and the fans should see some interesting and well played baseball.

# Matsy's Bar Beats Crawford Hill

Only one game was played last night in the West Conshohocken Softball League. Bridge Grill, scheduled to play McLaughlin's failed to field a team and forfeited the game by a score of 9-0.

In the game played Matsy's Bar defeated Crawford Hill 5-4 in an exciting game behind the superb pitching of E. Burzak, who ran his strikeout record to 41 in three games. The West Side took the lead in the opening inning by scoring one run. Matsy's came back in their half of the second inning and by scoring three times took the lead. Crawford Hill, in their half of the third frame managed to score twice to deadlock the count at 3 all. Matsy's once more took the lead in the third by scoring a single run and then added a single tally in the fourth which proved the winning margin as Crawford Hill boosted their total by a single run in the sixth. Crawford Hill . . . 1 0 2 0 0 1 0 - 4 Matsy's Bar . . . 0 2 1 1 0 0 X - 5

# "Old Timers" Dinner Plans Are Advanced

Plans for the banquet to be held September 14 for the "Old-Time Football Players of the Schuylkill Valley", those who played on teams in this borough, Norristown, Pottstown, Phoenixville and Royersford some thirty years ago, were furthered at a meeting of the promoters held Wednesday evening in the Legion Home, Second avenue and Forrest street, with School Director Harry Ellam presiding.

Calvin W. Riggs, of this borough, and Ray Ripman and Ray Cham-

berlain, Norristown, together with Mr. Ellam, were named a committee to complete plans for the banquet.

John Shade, Harry Bergey, William Bergey, Ollie Bergey, Llewellyn Jones, Ray Ripman, Russell Atkins, William Cordova, Ed. Yersey, Carroll Bechtel and Danny Cable were named on a committee to ascertain names and addresses of the "Old Timers" in order that invitations may be sent to them.

There are approximately 100 of the boys who made football history in the five boroughs thirty or more years ago and it is the desire of the promoters to contact as many of them as possible.

While the date for the reunion has been set, no definite place has been selected as yet although it has been decided to hold it in Norrist

## Seek Foster Homes For City Children

"A Homeless Child in a Childless Home!"

Somewhere in Conshohocken there is a home in which some little boy or girl can enjoy a happy childhood.

At least the sponsors of a home-finding project who are faced with the problem of locating desirable homes for under-privileged children at the startling rate of 500 each month are confident that such homes are available in this section. It is to the occupants of these homes, whether childless or not, that "Foster Homes for Children," sponsored jointly by the Philadelphia Council of Social Agencies and eleven child care agencies, makes an urgent appeal. Homes for these children, who, by force of circumstances have been denied parental care, are particularly sought in Philadelphia, Delaware, Chester and Montgomery counties.

Some of the children require full-time care for indefinite periods while others need day-care while their mothers are employed. In either case the home bears the expense of maintenance, clothing, medical and dental care.

Headquarters of "Foster Homes for Children" are at 311 South Juniper street. Interested persons are urged to call there or to telephone PENNypacker 4100.

## SEAMAN G. J. GEIGER GIVEN NAVY DISCHARGE

George J. Geiger, Seaman First Class, was given an honorable discharge from Navy Service Wednesday at the Separation Center, Baltimore, Md., and has returned to civilian life.

Seaman Geiger entered the service twenty-two months ago and received his basic training at the Great Lakes Naval Training Station. He served ten months in the Pacific Theatre and participated in the first invasion of Japan following the surrender. He returned to the States six months ago and was last stationed on the USS Merrick Aka 97. He attended Conshohocken High School and was employed with his father in the painting contracting business prior to entering the service.

Francis Bowe, Seaman 2/c, station-keeper, has been transferred from Atlanta Naval Air Base, Georgia, to Willow Naval Air Base.

His brother, Joseph Bowe, has just been advanced from seaman 2/c to seaman 1/c, at Treasure Island near San Francisco, Calif., where he is master of arms. They are the sons of Mr. and Mrs. William Woodward, 127 Maple street.

The RECORDER will be mailed twice each week to any U. S. Army Camp for \$2.00 a year.

## Visitors Day At Blind School

The Royer-Greaves School for Blind of Paoli will hold its annual Visitor's Day tomorrow. At 2:30 the pupils will present a unique "Friendship Wedding" at which the pupils' guests will represent celebrities who will provide the program. A tour of the school and a demonstration of the pupils' work will follow. At 3 p. m., the program will be repeated.

Everyone is invited to visit this school which trains the backward blind child for social fitness. It is the only one of its kind in America and has been built up through the efforts of its founder, Mrs. Jessie Royer Greaves, and her helpers. For many years it was in King of Prussia, but five years ago was moved to Paoli, when Mrs. Greaves purchased the Hoopes property on South Valley Road, where it is now located. It is only four blocks from the Lincoln Highway.

## NEWS OF DEEL CHANGES TO BE BROADCAST
