Returned From Motor Trip

Samuel Boyd, of West Conshohocken; Mr. and Mrs. Ira Boyd, of East Falls, and William Farrell, of Wayne, returned on Sunday evening from a 400-mile automobile trip through western Pennsylvania. They visited Miss Anna Himmelswright, a niece of the Boyds, at Millersburg, and a number of cities and towns enroute.

Party For Visitor A delightful party was given at the home of Mr. and Mrs. Charles H. Earnest at Gulf Mills in honor of Miss Kathryn March, their niece, of Upper Darby, who has been spending the past two weeks with her uncle and aunt here. Among those present were: Miss Margaret DeHaven, West Conshohocken; William Oxford, Bangor, Pa.; the Misses Dorothy and Florence Hughes, Philadelphia; Warren Cope and Samuel Keene, of South Ardmore; William Keefe, Jr., of Drexel Hill; Miss Amy Moser, Gulf Mills; Miss Margaret March, Upper Darby.

Birthday Celebration About eighty relatives and friends of Mrs. Edward DeHaven, of Mechanicsville, assisted her to celebrate her birthday at her home on Friday evening last. Guests were present from the State of Ohio, Philadelphia, Norristown, the Conshohockens, the Main Line and the Gulf Mills district. Featuring the event were piano selections by Miss Peggy Rowland, of Conshohocken, engaged in the Miller place store in Norristown. There was also dancing, singing and dinner. The evening's number of beautiful gifts, an attractive menu was served, a large birthday cake occupying the center of the table.

Injured in Collision As the result of a collision of automobiles at Matsonford and Gulf roads, Wednesday morning at 7 o'clock, Peter Cardonimo, of Conshohocken, was cut about the face and hand and required stitching at the Bryn Mawr hospital, and a colored man named Harvey West, of Broadmill, Delaware county, section at a church at Newtown Square, was arrested and held under \$500 bail for a further hearing Wednesday evening. Rev. M. W. Butler, pastor of the Gulf Mills church, gave first aid to the injured man.

The Ford car in which the latter and another man were going towards Radnor, was overturned in the collision with the other machine, and both men were pinned in the wreckage. West was proceeding towards Philadelphia in a Pontiac sedan. At the hearing before Magistrate Kramer, in Ardmore, West was adjudged guilty of assault and battery by automobile and a fine of \$6.50 was imposed on him. It is likely that a damage suit will result from the collision.

Party on 88th Birthday Mrs. Jacob T. Weldie, of the Ballingomino road, at Gulf Mills, presumably the oldest person in Upper Merion township, celebrated the eighty-eighth anniversary of her birth on Tuesday. Some of the relatives of the venerable woman were present from New Jersey and the Gulf Mills district, and the celebration was in the nature of a dinner and Mrs. Weldie occupied the seat of honor at the table, and apparently enjoyed the occasion equally as much as the younger guests present. Although nearing the age of a nonagenarian, Mrs. Weldie's vitality is remarkable. She assists in the household duties, her mentality is keen, vision quite good, and she enjoys talking with her friends on subjects that relate to the great changes that have occurred in her long and busy life. Mrs. Weldie formerly resided in the State of New Jersey. She has lived at Gulf Mills about twenty years. The residents here extend their heartiest congratulations to one of the most highly respected persons in the district, Mrs. Jacob T. Weldie.

Broke Wrist Five Times

Mrs. Thomas Hiseox, of Mechanicsville, suffered a fracture of her left wrist this week, this being the fifth time that the member has been fractured. Her sister, Miss Mary Roberts, of Stratford, is visiting here. While she and the sister were playfully wrestling, Mrs. Hiseox tripped over some object and was thrown heavily to the floor, sustaining the injury. A physician reduced the fracture.

Nail In Foot Frank Gamble, of Mechanicsville, employed on the J. Kersley Mitchell property in Lower Merion, is unable to attend to his duties on account of an injury of the right foot sustained by a rusty nail penetrating it. While on his way to work Gamble stepped on a board from which some nails protruded, and one of them pierced his foot some distance, causing a painful wound. A physician says the injury is about, but is required to keep his weight off the foot as much as possible. No serious results are expected to ensue.

Visited Orphanage Mrs. George Shoffner, of the Ballingomino road, who had planned with other members of the Gulf Mills church, to visit the Conshohocken Orphanage in Bucks county, Wednesday, was unable to make the trip on account of straining her foot by a fall in the kitchen while attending to her household duties. She is under the care of a physician, but is expected to recover in a few days. Among those who visited the institution were: Rev. M. W. Butler, Mrs. John McFarland, president of the Ladies Aid Society, of the Gulf Mills church; Mrs. George Weldie, Miss Sue Mullen, Mrs. Irvin Supple, Mrs. William Lennen, Mr. and Mrs. Frank Rinehart, Mrs. George Gutterie, Mrs. Jerome Moritz, Mrs. Mary Pope, Mrs. George Rissel, Mrs. Harry Brown.

Preferred Man At Home To Soldier Husband Harry S. Thompson, of Upper Merion, a veteran of the World War, was granted a divorce by the court, in Norristown, from Ann Cassel Thompson, upon the report of the master, W. F. Dannewer, Jr.

Thompson, 29 years old, a railroad fireman, was married June 16, 1917, in the church on top of the hill at Port Providence, he testified before the master. There was one witness at the hearing, Mrs. B. Cowell, and he is dead, a victim of the war.

One month after they were married the husband, then a member of the National Guard, answered the call to arms, and started for camp, with the patriotic good wishes of his wife. Letters were exchanged between Thompson and his wife until January 1918. Then the husband received the last one. In this the wife is alleged to have told the husband she was leaving him and would see him no more. Thompson says his wife continued to receive compensation checks, however, from the government.

Coming back to Norristown, where he had resided on East Penn street before the war, Thompson found his wife gone and could not learn where she lived. He finally found her at Roxborough, living with another man. She refused to return, he said.

HEADS ADVISORY BOARD OF STANLEY COMPANY At a meeting of the board of directors of the Stanley Company of America, yesterday, John J. McGuirk, formerly of Norristown, was named a member of the advisory board after the post of chairman of the board, which he formerly held, had been eliminated. A Sablosky, of Norristown, was re-elected one of the vice presidents.

DEATHS

Edward Dewees Edward Dewees, of Township Line, Whitpain township, died on Friday morning at his home after a brief illness.

Deceased was well-known in Norristown, Conshohocken and Cold Point. For 33 years he was a foreman at the Merion Worsted mills West Conshohocken. His wife was the late Elizabeth Dewees.

Mr. Dewees was a member of the Conshohocken Lodge of Moose and the Cold Point Brotherhood of America.

Two children, Mrs. George Maters, of Norristown, and Harry Dewees, of Birmingham, Alabama; three sisters, Mrs. George Keper, of Jacoby street, Norristown; Mrs. William Berkshner, of Narcessa; Mrs. Fred Kranich, of Blue Bell, and Robert Dewees, and three grandchildren, survive.

The funeral was held from the Arthur H. Bailey funeral parlors, 817 West Marshall street, Norristown, on Tuesday afternoon at 2 o'clock. Interment was made at Riverside cemetery.

Entered at Conshohocken Post Office as Second-Class Matter under the Act of March 3, 1879.

FRIDAY, JULY 27, 1928.

Senator Walsh has returned from a trip through the West and states that he found many Republicans are going to vote for Al Smith and that he did not find any Democrats who were going to vote for Hoover.

The borough is doing its part in providing good streets. With the completion of the street program for this year, nearly every street in town will have been placed in first class condition.

Secretary Hoover is being blamed in some quarters for the food deprivations suffered by the people in this country during the World War.

During the war, Secretary Hoover did a good job. His work saved millions of women and children from starvation.

Senator Simmons, of North Carolina, has resigned from the Democratic National Committee. He gave no reasons for his withdrawal.

All the interests which were branded by the great leaders of Democracy as sinister are now in control of the party.

County Funds

An extra mill or \$1 per each \$1000 assessment was added to the county tax rate for this year. The reason given for the advance is to pay for the court house annex.

Before the tax rate was set, there were many protests and it was shown that should funds be needed for the court house, a temporary loan could be made.

Will the surplus revenue collected this year be retained until it is needed for court house payments? It may and it may not.

One of the most necessary improvements that has been delayed is the widening of the Conshohocken pike from the Conshohocken borough line to Ridge pike.

The county has made a survey of the road with the view of widening it. This work has been contemplated for many months and no move has been made to start construction.

Plymouth and Whitmarsh officials and citizens will have to become active and press their claims before the county commissioners if the Conshohocken pike is to be widened.

How to Make the P. E. G. Scientific Model Aircraft

Paul Edward Garber, author of this series of articles on building and flying model aircraft, is a former U.S. air mail pilot.

The model illustrated by Figure I, about to be described, was made by the author in 1924 but is still in existence at the time this is written.

First make the small metal fittings. Draw the plan of the fuselage or frame upon a large piece of paper, putting in the braces, and use this drawing to lay the parts out as they are cut and fitted.

WOOD: 2 pieces balsa, 25 x 3-16 x 1-8 in. for longeron; 2 pieces bamboo, 12 1-2 x 1-8 x 3-64 in. for rear X-brace; 2 pieces bamboo, 6 1-2 x 1-8 x 3-64 in. for center X-brace; 2 pieces bamboo, 4 1-2 x 1-32 x 1-22 in. for front X-brace; 1 piece bamboo, 1 1-2 x 3-32 x 1-32 in. for front brace.

METAL: 2 shafts, No. 15 piano wire; 2 ball bearings for propellers; 4 cans, No. 10 piano wire; 4 small washers; 2 8-hooks, No. 15 piano wire; 1 nose-hook, No. 15 piano wire; 1-2 yd. China silk or one sheet tissue paper for wing covering; 1 spool thread for sewing and binding; 50 ft., 1-8 x 1-32 in. rear rubber.

LIQUID: Ambroid for adhesive. The ribs are placed thereon and Ambroided in position, 2 inches apart. Be sure they line up true when you place this ladder-like frame on a flat surface.

WINCHESTER TOOLS are the BEST for Fine Work Build Your Aeroplane with tools from KEHOE'S

The wing frame is thus completed and is ready for covering which is done by painting the edges on the bottom with dope and laying on the fabric, stretching it tightly in place.

The elevator is made entirely of bamboo. The bill of material specifies that a 30-inch length be used for the outline. It will be impossible to secure such a length without having to cut through one or more nodes of the bamboo.

When completed, this elevator frame is used to start a dihedral angle by holding its center, first the front and then the rear, over a flame and bending it upward so that the ends are raised 3-4 inch above the center.

Before flying the model, glide it several times to see that it is correctly balanced, moving the wings back to correct tail heaviness and forward to hold the nose up.

ends of each half tied together to form a loop. Each loop is then to be folded in half and again in half, making two banks of eight strands each which are to have their ends secured with little rubber bands known as "electric" bands and a 2-hook passed through one end.

The 8-hook is now hung onto the nose-hook; the other end of the bank is reeved through the cans and fastened to the shaft hook.

The main planes is fastened to the frame with two 3-inch rubber bands, passing each band under a longeron and taking the two loops on each side of the longeron and opening them up on top and passing the wings through, after which the bands will hold it in place.

The next article will tell you how to make the scientific model which Jack Lefker, of Chicago, flew in the junior endurance record at the First National Playground Miniature Aircraft Tournament at Memphis, Tennessee, last October.

PLYMOUTH

Mrs. Howard Nobilit is again on the sick list. Mrs. Louis Kollie is recovering from her recent illness. Walter Carson, is spending some time at Haines Falls, N. Y. Mrs. Joel Wolfe, who was overcome with the heat last week, is very much improved. Mrs. Hannah Walters is entertaining her sister a few days this week. Mrs. Helen Hamel visited Mrs. George Smith, of Spring House, on Wednesday. The Grand Sewing Circle will meet Wednesday afternoon, August 8th, at the home of Mrs. Samuel Fisher. Mrs. Annie F. Ambler and daughter, Miss Alice Ambler, are preparing to spend the month of August in Maine. Mrs. James Robinson and three children, of Darby, are spending this week with the former's sister, Mrs. Theodore Wiedeman, of Plymouth Center. Mr. and Mrs. Harry Mancill, of Norristown, Mr. and Mrs. Lyle Silingoff and two sons, of Blue Bell, spent Wednesday evening with Louis Michel. Mr. and Mrs. Emil Chupp and daughter Marcia, of Oaklane, spent Wednesday with Mrs. George Bailey. Mrs. Elizabeth Kubus, of Frankford, spent Thursday with Mrs. Bailey. William Dickerson, Jr., and daughter Elizabeth, of Conshohocken, visited Mr. Dickerson's parents, Mr. and Mrs. William Dickerson, Sr., Tuesday evening. Mr. and Mrs. Charles Hendricks, William Hendricks and daughter Josephine and Mrs. Stella Hendricks attended a birthday celebration of Mrs. Harry Musser, of Norristown, Monday evening. Mr. and Mrs. Amos J. Phipps, of Long Island, N. Y., purchasers of the Weber property in Plymouth Meeting, took possession last week and moved therein on Thursday. Mr. Phipps contemplates changes about the premises and has secured the services of William Hiltner to grade and alter the aspect of the lawn and plant new shrubbery thereon. Trade of every kind in Plymouth Meeting has been severely crippled by the repair of Germantown pike. The main thoroughfare has been closed for more than a week to all traffic, and for 7 weeks past has been in no condition for work. The concrete construction work was finished last Friday, and from that day until Saturday, August 4, no passage over the new surface will be permitted. Not only are business interests suffering from a profound loss, but residents, too, suffer noticeably from the inconvenience. Those who reside along the thoroughfare have no entrance to their homes. Tradesmen in trucks and wagons are compelled to walk and solicit from door to door and return later to fill their orders. In every way is the village crippled for lack of good arrangement and management. But there is a redeeming and considerable relief in the thought that the great improvement accomplished by the laying of a concrete highway through the village will bring not only greater numbers to trade, but will materially increase the value of abutting property and make it the more desirable. In Plymouth

Center, where residents have suffered just as much, the respite has come, and they are now freed from their restraint. The new road from Sandy Hill to the Flourtown road below Plymouth Center is open and traffic may now use the concrete to that extent. Covered Dish Social The Covered Dish Social to be given by the Church and Community Club of Cold Point, will be held August 1st, at 6 o'clock, on the lawn of the home of Mrs. H. O. Young. Tickets may be had from members of the club. Class Meeting at Wynmoor Miss Constance Young, of Wynmoor, entertained her Sunday school class of Plymouth U. E. church on Tuesday evening. A social time was enjoyed and refreshments were served. Those attending were: Mrs. Kilpatrick, Miss Emma Vost, Miss Elizabeth Hamel, Miss Margaret Smith, Miss Lillian Moseley, Miss Helen Skilton, Miss Mildred Tarbutton, Miss Grace O'Neal, Miss Anna Maxwell, Miss Grace Morgan and Miss Nellie Moseley.

Colonial Architecture Preserved in Bridge

Original Design to be Preserved in Collegeville Bridge County Commissioners Stout, Crawford and Keeler, in considering plans and specifications for the rebuilding of the bridge over the Perkiomen creek at Collegeville, have considered the appeal of many persons, historically inclined, not to damage the colonial features of the old bridge erected nearly 120 years ago. In making the improvements, bids for which will be opened in the court house August 8, the straightening of the dangerous structure and at the same time keeping the original arches intact, will be considered in the widening process. In addition to being widened, the bridge will have a sidewalk, and will be lighted. When completed, it will be one of the finest structures along the Ridge pike. The present structure was erected in 1789 and is 360 feet long. The bridge will be widened on the upstream side. The present towers, spandrel walls, parapets and coping are to be removed and rebuilt on new lines so as to preserve the appearance of the original bridge. The present arches and ring stones are not to be removed or damaged. The extensions are to be constructed of concrete. That the county commissioners intend to have the bridge back in use as soon as possible is evidenced by the fact the rebuilding of the structure is to be completed in 100 working days. The work is to be started within 10 days after the contract is awarded.

GIRL VISITOR DROWNED IN PERKIOMEN

Battles Rescuer and Drowns When Near Shore Dorothy Zeigler, 14, of York, who had been spending a vacation at the home of Mr. and Mrs. Charles Green, 826 Cherry street, Norristown, was drowned in the Perkiomen creek near Salford, Wednesday afternoon. Green took the girl and Stager Stemple, 13, a son of neighbors of Green, to the creek for a swim. When the party entered the water, they decided to swim across the creek. Stemple was the first to make the shore and while Green was near shore, he looked back towards to see how the girl was making headway. She was a good swimmer and had been floating, when she turned over to swim. Green said, he noticed her face had changed color and she called to him and said, "He was quickly by her side and when he attempted to take hold of her, she fought him by kicking and scratching his face. He pulled the girl under water, he stated, in an effort to reduce her sinuses, but she continued fighting. They both came to the surface and the girl again quickly sank within ten feet of the shore. The body of the girl was recovered by grappling within a few feet of where she went down.

DR. HUSSEY GIVEN WORK AT HOSPITAL

Reported at Institution that She Has Become Normal Dr. Virginia Alvarez Hussey, who started the police at Norristown, last Friday morning, when she entered the institution to reduce her sinuses, had killed her husband and a woman companion, has regained a normal mental condition and her physical condition is improving. It was stated at the State hospital. The doctor has been transferred from a ward and placed in the laboratory where she has been given work. The change has been very beneficial, it is reported, and no mention has been made to her of her husband and of her "confession of murder." She will be kept at the hospital for another week for observation. Her husband is reported to have gone to New England where he is supposed to be engaged in literary pursuits.

CONVICTS RESCUE HORSES IN FIRE

Prisoners at New Pen Site at Graterford Battle Flames in Burning Barn Heroic efforts of thirty prisoners at the new Eastern Penitentiary site at Graterford, saved the lives of fifteen horses, when a two-story barn on the grounds was destroyed by fire, Tuesday evening. The convicts, seeking their lives to enter the burning and smoke filled building, led the horses to safety after five others had perished in the flames. Prison officials said no disorder was caused by the fire, which spread to the blacksmith shop and threatened other structures. They praised the prisoners for staying at their posts. The flames started at 6.30 p. m. and soon spread to all parts of the building. Thirty convicts, guarded by ten keepers, had just been led into their bunkhouse within a barbed wire stockade where they are being housed while constructing the new penitentiary. Under Captain C. J. Burke and Captain Elmer Leitner, the convicts were led outside the stockade and instructed to assist in rescuing the imperiled animals. They rushed into the building, blanketed the heads of the frightened horses and led them to safety. Companies from Shipka, Collegeville and Trappe were summoned and fought the flames, the convicts assisting in running a 1,200 yard hose line from the 12,000 gallon water tank on the grounds.

FARMER SERIOUSLY INJURED BY HAY HOIST

Empaled on the prongs of a device used in lifting hay, Edward Newman, age 22, a farmer, was admitted to Montgomery Hospital, Norristown, Wednesday afternoon in a serious condition. Newman, an employee on the Bob White farm, Radnor, was injured when something snapped on the machine with which he was gathering the grain. His right arm and posterior portion of his chest were penetrated by the prongs. Dr. W. H. Hassell, of Bridgeport, who was summoned to examine the injured farmer, ordered his immediate removal to the hospital, where an examination revealed the prong that entered his chest had probably punctured a lung.

MOVE TO WIDEN STENTON AVENUE

The Erdenheim-Flourtown-Whitemarsh Club, has instituted a movement to urge the city of Philadelphia to widen Stenton Avenue in Erdenheim. The measure will not be suggested directly to the officials of the city, but will be mentioned to the Keystone Automobile Club for them to agitate such a movement on the part of the city. Stenton Avenue from Meadowbrook Avenue to Wissahickon Avenue, is dangerously narrow. This condition was acute years ago, recognized by a son of J. Lowber Welsh, whose estate borders the highway there, and he gave to the city a 15-foot strip along Stenton Avenue to be used for widening the roadbed. The land is now on the city plan and remains for its use without necessity of being condemned. Many narrow escapes from accidents, accidents themselves and existing danger have caused members of the civic club to take up the matter, and it was voted at the meeting last Thursday evening to encourage the Keystone Automobile Club to suggest this improvement to the city that more weight may be brought to bear.

Entertained at Bridge
Miss Alice Williams, of 921 Fayette street entertained a number of her friends at a bridge party at her home last evening. The favors for high scores were received by Ed McKenzie and John Brocht. At a late hour refreshments were served. Guests were present from Conshohocken, Spring Mill, Philadelphia and Norristown.

Mrs. Lacey Hostess
Mrs. Walter Lacey, was hostess to the members of the O-O-O Club Wednesday evening at her home, 107 West Third avenue in a delightful manner. Games of bingo formed the entertainment and pretty favors were received by Mrs. William Leichter and Mrs. Joseph Henderson. Additional guests were Mrs. Marvin Hoagland, Mrs. Edwin Montroy, Mrs. Roy Fisher, Mrs. Harry DeWalt, and Mrs. George Bartleson and Nadine Wood, of Norristown.

Refreshments were served and bowls of flame and cream colored gladiolas were lovely house decorations for the event. At the next meeting of the club, Mrs. Leichter will act as hostess at her home on West Tenth avenue.

GREETINGS

RAYMOND EARLY

Meet Mr. Early, assistant to Borough Manager Herbert, who is today celebrating his birthday by attending to his duties in his office in the borough hall.

JUDGE HALED TO COURT
Caught Motoring Without Owner's and Driver's Cards

Magistrate Frank J. Clark, yesterday found himself on the defendant's side of the bench.

Clark went motoring toward Collegeville and ran afoul of a highway patrolman. The square had left his owner's and driver's cards at home. He disclosed his identity, but the patrolman took him before Magistrate Schuren at Collegeville, where he was held until Chief of Police Eller arrived from Norristown with the necessary cards.

William F. Smith, Civil War Veteran, the oldest living member of the Improved Order of Red Men, and the oldest Justice of the Peace in the State of Pennsylvania, is today celebrating his eighty-eighth birthday.

"Squire", as he is familiarly known to his legion of friends, would have it said that he is 88 years young, for he says he is feeling fine and intends to remain here until he reaches the age of one hundred years. He is receiving the felicitations of his friends at his accustomed place in his office in the second story of the Stemple building at the foot of Fayette street which he has maintained for many years. He maintains all of his faculties to a wonderful degree with the exception of his sight. For some time he has suffered with cataracts on the eyes which has greatly impaired his sight.

TEN ERRORS GIVE SAINTS EASY WIN

Defeated Episcopalians 10-4 When Romeis Supporting Case Wobbled.—Coven Relieves Dugan in Fourth and is Hit Hard.—Webster Stars.

What had the resemblance of a good ball game suddenly turned into a farce Wednesday evening when the Episcopalians suddenly blew up in the sixth session of their game with St. Matthew's and the Saints walked off with the verdict by the score of 10-4.

The game was the play-off of the tie game between these teams earlier in the season.

"Big" Dugan, who started on the mound for the Saints, had to be relieved by Coven in the fourth inning due to wildness and the C. A. C. finger silenced the Episcopalians from then on.

Although Coven did manage to stop the Episcopalians he was hit harder by the last place team than he has been hit yet and had Romeis received better support there might have been a different ending for the Saints who are now in second place.

Of the first five runs scored by the Saints not one was earned. And of the last five very few were earned. Romeis held the Saints to eight scattered hits but errors behind him did not help his cause.

Although Coven did manage to stop the Episcopalians he was hit harder by the last place team than he has been hit yet and had Romeis received better support there might have been a different ending for the Saints who are now in second place.

The latest conquest of the Saints was their sixth straight win and they are now going at a merry clip.

Sam Webster played a nice game at first base for the Episcopalians, handling thirteen chances without a slip and connecting for two hits out of three trips to the plate. Carroll and McMonigle led the winners with the stick each getting two safe wallops.

BUSY WEEK-END FOR RIDGEWAY TEAM

Mogotown Team Will Play at Home Tomorrow.—At Spring Mill Sunday

Gord Atkins' Ridgeway teamers will meet two tough teams over the weekend taking on the Manayunk nine tomorrow and the South Philadelphia Eagles on Sunday.

The Saturday game will be played on the home field at Mogotown but the Sunday engagement will be played on the Spring Mill grounds.

In order to strengthen his team for these two hard games Gord has signed two new infielders, Bill Fross, well known local third baseman, will cover the hot corner for Ridgeway in the weekend games while Jimmy Faulk of Lower Merion High School, regular shortstop at Penn State, last season, will stop them at the short position.

With Honner, and the Big Temple athlete at first, and Ridgeway player on second this rounds out a good infield, one that is hard to beat in this section.

In the Sunday engagement Nick Lyons, Lower Merion High School pitcher, who is the property of the Philadelphia Athletics, will do the twirling and he is hopeful of setting the Eagles down.

DeStefano will do the hurling in the Saturday engagement.

Gord has arranged a game for his team with the Ocean City Collegians for sometime in August and a large crowd of rooters from this section are planning to accompany the team to the seashore resort to witness this contest.

TWO-WEEK END GAMES FOR ST. GERTRUDE'S

Play at Manoa Saturday—Meet Frankfort at Home Sunday

Russ Miller's St. Gertrude's nine will tackle two tough opponents over the week-end tomorrow they will play the strong Manoa A. C. of Manoa, while Sunday they will take on the strong Frankfort Collegians, the team which defeated them last Saturday.

"Sweets" Coven, who lost a tough game to the Frankfort team last Saturday, will most likely take the slab against the Collegians in an effort to get revenge for last week's defeat.

In the Saturday clash "Lefty" Mellon will be on the mound. While both of these will be hard games the West Siders feel confident they will come through victorious if they get their share of the breaks.

P. O. S. OF A. SHUT OUT

GULPH HITS HARD FOR EASY VICTORY

West Side Team Regains Old Form to Score Record Victory Over Presbyterians.—Bosley Holds Losers to Three Hits for Shut Out.

"Jack" Smith's Gulph Christian team suddenly came to life Tuesday evening in their Church League game with the second place Presbyterians and handed Gord Atkins all over the net to easily defeat the second place team by the score of 16 to 0.

Besides finding their batting eye once more the pitching staff also found his old arm again for Bosley was pitching in old time form and the Morosic Presbyterians could do nothing with his delivery, getting three hits and two of these were made by Atkins, who had to do something to make up for the poor showing of himself and the rest of the team.

The Gulph started right out in the first inning to score five runs. Not being satisfied they came back and scored for more in the second. Just for fun they added two more in the third and three in the fourth to bring their total to 14. Then in the fifth an unexpected happened the Gulph did not score. They got started again in the sixth when they scored their last two runs to bring their total to sixteen.

While the Gulph was hitting Atkins held the Presbyterians to four hits but Bosley and took for their share of the score seven goose eggs.

"Pete" Tullie, left fielder of the Gulph, who has not been doing any hitting to write home about, suddenly came back to life and blasted out five hits out of five trips to the rubber and scored five times to make it a perfect evening.

He caught every thing that came his way in the outfield.

Lloyd Godshalk, Presbyterian second baseman, entered the select class of infielders in the league when he equaled the league record for errors in one game when he committed four. Godshalk, who usually plays a nice game at second, missed everything that came at him in the form of ground balls.

Gord Atkins, the losing pitcher also created some kind of a record in the league when he hit three batters in succession. To make the evening better Atkins also committed a balk.

MUSKETEERS DEFEAT ELM STREET TEAM

Errors Behind "Shieks" Responsible for Team's Defeat

The Sixth Avenue Musketeers with Charlie Ross, pitching great ball and holding the Elm street team to three hits, defeated Elm street in a Midget League game at the Athletic Field, Tuesday afternoon by the score of 7 to 2.

"Shieks", the losing pitcher also pitched good ball but errors behind him got him in many tight places and put the winners in a position to score. He held Sixth Avenue to four hits, but his team committed six errors, five of these being chalked up against Bucky, the short stop.

Fairlie led the winners at bat with two hits out of three trips to the plate while Tubler led the losers with two hits out of as many trips to the plate, one of these being a two base hit.

MIDGET FOX LOSES DECISION ON A FOUL

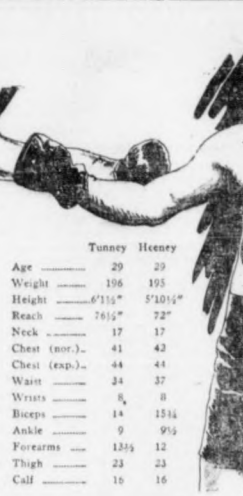

Was Piling up Points When a Hard Right to Stomach Was Claimed to be Law

Midget Fox, local featherweight, started off in the wrong direction in this comeback attempt after a long lay-off Wednesday night at Shell Pot Park, Wilmington, when he lost a bout in the third round to Tony Tazzeri, a Greek from Wilmington, who substituted for Young Pirpo, of Pennsylvania.

Pirpo showed up at the fight with a badly cut eye received in a bout Monday night and was unable to go on. Tazzeri subbed for him and was taking a beating from Midget when the local boy sent in a right to his mid section. Tazzeri, who figured a foul would be the easiest way for him to quit, appealed to the referee who agreed with him and raised his hand in token of victory.

TOM HEENEY

GENE TUNNEY

Gene Tunney, the fighting Marine, claimed the world's heavyweight championship by knocking out Tom Heeny, the contender from New Zealand, at the Yankee stadium, New York, last night.

Tunney showed the greatest fighting form of his career and showed his superiority over the challenger from every angle of the fight. Heeny was a badly battered man and fought gamely until within eight seconds of the close of the eleventh round when the referee mercifully stopped the bout, giving Tunney the victory on a technical knockout.

It is estimated that 40,000 persons witnessed the bout and that Tex Richard was the biggest loser, it being claimed that the bout caused a loss of \$250,000. Tunney's share of the purse was \$25,000 and Heeny's share being \$100,000. Here, there were many radio parties listening in on the fight.

There were a number of fans from this town to see the local boy fight and they claim he would have knocked the Greek out in the next round and that the blow which he claimed was foul was a hard right to the stomach and was a clean blow.

The local boy will tackle Jack Pertney, of Baltimore, at 12 noon, Monday night. This is the same boy that walked out on Midget several weeks ago and refused to fight.

SAINTS TRIM BLACK SOCKS

Although they outfit the St. Matthew's All Stars 8 to 6, the Hector Street Black Socks went down to defeat at the hands of the Saints yesterday afternoon in a Midget League game by the score of 17 to 6.

Seven errors by the losers helped the cause of the Saints along and put them in a position to score.

The Saints scored ten runs in the first two innings and this lead took all the life out of the Black Socks who, figuring they did not have a chance to overcome the lead, just coasted along to an easy defeat.

Hints for the Home

by Nancy Hart

It is interesting to know that modern preserving methods have eliminated the chance for failure in making jellies and jams.

Under the old long-boiling process even experienced cooks would get fine, firm jelly one time and a syrupy failure the next. The ripe fruit the less jelly-making substance is contained, so no accurate rule could be made to govern the exact amount of sugar or cooking time.

The new short-process rules remove this uncertainty by the use of liquid pectin, which is the natural jelly-making substance extracted from fruits and concentrated for cooking purposes.

New Recipe for Blueberry Jam

Crush well about two pounds of berries. Add juice of two lemons and grated rind of half lemon. Measure four level cups of mixture into large kettle. Add eight level cups sugar and mix well. Use hottest fire and stir constantly before and while boiling. Bring to full rolling boil and boil hard for one minute. Remove and stir in one-bottle liquid pectin. Skim, pour quickly and cover at once with hot melted paraffin.

When Frying Corn Fritters

Many cooks know only one way to fry corn fritters and that is to drop the batter from a spoon into deep hot fat. If fried as a flat fritter-cake in butter or margarine, the corn fritters will have a decidedly different flavor—one you may like much better than that produced by the other method.

Sour Cream Cakes

Half cup butter, two cups sugar, one cup sour cream, three cups prepared cake flour, three eggs, well beaten. Half teaspoon lemon flavoring. Cream butter and sugar, add eggs. Add soda to sour cream; beat cream and flour alternately into sugar mixture. Add flavoring and bake in loaf pan.

Can You Make Uncooked Mustard?

Into beaten egg yolk of one egg stir a cup of sweetened condensed milk; add two teaspoons lemon juice and mixture will thicken. Then add three teaspoons water and fold in stiffly beaten white of egg. Serve as uncooked custard or pour over fresh fruit.

Shield Furniture from Summer Sun

If you would retain the soft, glossy finish of your furniture do not

allow the hot summer sun to beat upon it. Mahogany is especially in need of protection, as strong sun fades it.

Straw for Motor Trips
Someone suggests that we take a supply of straws on the long motor trip so a comfortable drink can be had at small springs and brooks.

Do Your Waffles Stick
A little olive oil added to the waffle will prevent the wafer from sticking to the iron—and also adds richness to the finished cake.

To Stiffen White Organdie
In laundering the children's white organdie frocks, do not use starch for stiffening, but dissolve cloth in a strong solution of salt water and iron while damp.

Cool Coffee Concoction
For a delicious coffee frappe use four cups strong coffee, one cup rich cream and half a cup sugar. Mix well and freeze until consistency of heavy cream. Serve in tall glasses with whipped cream. Either natural or decaffeinated coffee or one of the cereal beverages may be used for this frappe.

Pigeon Lost In Storm Two Years Ago, Returns to Old Home

Bird Returns to Loft Where It Was Hatched.—Lost When Five Months Old.

That pigeons have a memory, J. L. Murphy, 243 West Fifth avenue, a breeder and fancier of homing pigeons, is convinced.

A few days ago, Mr. Murphy found a pigeon in his loft which he recognized as one that was lost in the Fall of 1924 when the bird was five months old. He found an aluminum capsule, used for fastening messages, on the bird's leg and found it contained a message from E. L. Bannister, 1243 North Sixty-fifth street, Overbrook, to his uncle Cameron Bannister, 1208 East Franklin street, Richmond, Va. Mr. Murphy made an investigation and found that Mr. Bannister of Overbrook had paid a visit to his uncle in Richmond and the latter gave him a pigeon from his loft to be released from Overbrook upon Mr. Bannister's return home. The bird was released bearing a message of

Mr. Bannister's arrival, but the bird returned to the loft where it was hatched and from which it had been absent for almost two years. Mr. Murphy stated that the bird was hatched in his loft April 25, 1924 and was lost in the Fall of that year while in training for young bird races, the bird was lost in a severe storm at Havre de Grace, Md., and it is supposed flew to Richmond and sought refuge in the loft of Mr. Bannister.
